MEETING.—A meeting of the shareholders of the Souris Silver Black Fox Co., Ltd., will be held at Souris on March 10th, at 8 p. m. Chas. D. McKinnon, Secretary. 1465.

MEETING.—The regular weekly meeting of the Charlottetown Teachers' Institute will be held this evening in the School Board room at 7.30 o'clock. The subject to be taken up is Gra atical Analysis.

THE STREETS.—Citizens who were compelled to go out last night must certainly have blessed the weather, the snow, and the streets generally, for the latter were simply covered with water, in some places almost knee deep. Rain fell in torrents and in its course to the sea kepy faithfully to the side-walks along with the few citizens who ventured out. There was great demand for rubbers and rubber boots, and a few of the youngsters went as far as to even try stilts. However, the trouble is likely to be over shortly, when the roses come again.

FORTY-THIRD ANNIVERSARY.—Col. F. S. Moore and Mrs. Moore celebrated the 43 anniversary of their marriage last evening and were joined in the celebration by a number of invited friends. The evening was must pleasantly spent, music both vocal and instrumental, readings and reminiscences being very pleasingly intermingled and making one of the most enjoyable of evenings. Refreshments were served and thoroughly enjoyed by all. A pleasing feature of the occasion was the presence of the bridesmaid and groomsman, who had done duty at the wedding 43 years ago. At a proper hour Auld Lang Syne was sung with the usual challenges and after hearty good wishes to Col. and Mrs. Moore for many happy returns of the day, the party took their leave of their genial host and hostess. The Guardian tenders its congratulations and cordially seconds the good wishes.

CLEARING THE STREETS.—The Guardian understands that there is considerable difficulty in getting men to work on the streets at the regular allowance of $1.50 per day, and as a result much of the work which was expected to be done in the way of opening up water ways has been left for (the sun and the spring wind to finish. It has also been said that the reason men refuse to work on the streets during the present sloppy weather is that their boots are of too fine a quality to resist the wet, and the suggestion has been made that the city provide them with rubber boots. The suggestion will scarcely meet with the approval of the city fathers. It is understood that rather than work for $1.50 a day the men will remain idle. They evidently have other means of support. Anyway the weather is getting warm and they can adorn the street corners and paint maps on the sidewalk, but it looks as if one of the troubles of this province is that the people are getting too well off, otherwise, a wage of $1.50 a day would not be so likely cast aside, when there's nothing better offering.

PRINCE EDWARD.—The Orchestra and balcony of the Prince Edward Theatre were filled last night when a varied and excellent program of entertainment was presented. That old story "Uncle Tom's Cabin," so often played in Charlottetown and also staged for Moving Pictures, was shown, and was thought better than ever by those who saw it. Eliza's escape across the ice; the death of little Eva; Topsy's impish pranks; and Legree's brutality to Uncle Tom, are incidents enacted by clever artists in this a very striking drama by the Kalem Company. "At The Eleventh Hour" and "In the Old Dutch Times" were two other excellent dramas. "Beating Their Board Bill" and "The Faddists" were splendid comedies, heartily enjoyed. The two simgers in good songs were greatly applauded. On Thursday, Friday and Saturday nights in addition to the regular program of pictures the management of this up-to-date Theatre have a special treat for their patrons. An exact representation of the Paardeberg Monument in Queen Square will be erected on the stage, at the front, one of the veterans of the war residing in Charlottetown will represent the uppermost part of the statue. The song "O Canada," will be sung by Mr. Dewitt Cairns and an emblematic tableau, cansisting of over 40 people will be put on. A special setting is being prepared, in which Britiannia will be seen in the back ground and no doubt this will be the means of drawing an unusually large crowd to the theatre. This is being done to popularize the national song "O Canada" Throughout Quebec and the west this song has become the national song and is used to open every public entertainment just as God Save the King is used to conclude one. The tableau will be presented while Mr. Cairns sings the song, the entire company joining in with him in the second chorus.

CHESS

The thirteenth meeting of the Charlottetown Chess Club Tournament took place at the Dalton Offices last night. Quite a number of players were present; and also a number of visitors were there attracted by the glowing reports of the great deeds that take place there nightly. Several old chess players were present and expressed their intention to join the club and take part in the Tournament. The following games were played:—Worthy vs. Gardiner—win for Worthy; Tanton vs. Toombs—win for Tanton; Ross vs. Mutch—win for Mutch; Louson vs. Toombs—win for Louson; Ross vs. Toombs—win for Ross. The Tournament will be continued this evening at the same place beginning at 7.30 sharp, Mr. Louson and Mr. Tanton were quite friendly last night and seem to have buried the hatchet, which will be resurrected by-and-by when they get their artillery patched up and their war paint on. The poetical chess reporter of the Patriot is contemplating writing an heroic poem on the great deeds of the Tournament, and in which the hero will be a knight whose crest is a gripsack.
