Navy League Drive

PROMINENT business men from coast to coast are backing up the Nelson Day campaign to raise \$500,000 for the continuance of the work of the Navy League of Canada. The various useful activities of the Navy League include the conduct of Naval Brigades in which youthful Canadians are thoroughly trained to become deep sea sailors. The Merchant Marine requires every qualified sailor these brigades can produce and many more. It is a great work that is for the lasting benefit of the Dominion for permanent prosperity of which must be dependent to a large extent upon export trade. Business men all over Canada realize this and are heartily in accord with the aims of the Navy League.

All of the funds raised in the Nelson Day drive will be spent in Canada mainly for the support of the Naval Brigades and for the Sailors' Homes in Canadian ports. A brisk campaign is now in progress and the actual drive will take place October 21, 22 and 23.
