ENJOYABLE PARTY—On the eve of Feb. 1st, a number of friends gathered partly by surprise at the home of Mr. and Mrs. Ted Jay, Peakes, and a very enjoyable evening was spent. In the early hours the radio entertained the party with many old time selections played by Mr. D. Hamilton, over station C. P. C. Y., after which Ted moved the table, etc., out of the way on request of the young visitors and then what followed one could clearly understand. A few hours of real old time dancing and music to suit furnished by David Birt, Samuel Birt, and George Dover with the fiddle, assisted by Miss Georgia McDonald and her brother Leonard with the mandolin. Between dances while the performers were taking a breathing spell they were greatly entertained with a fox trot by Miss McDonald, and Mrs. Ted Jay also the Charleston by Miss Dorothy Leard, for both of which the music was furnished by David Birt with the fiddle, Leonard McDonald, the mandolin. Of course then came the time everybody enjoyed themselves, even those who did not dance, in making a dainty lunch disappear, which was served by Mrs. Jay assisted by Miss Helen Jay and Miss Violet and Dorothy Leard. While getting cleared away after lunch for a few more sets of dances Mrs. Georgia McDonald rendered softly some old time songs among which was "Dear Old Pal of Mine," accompanying herself on the piano. Then after a few more dances took place the hands of the clock were pointing toward midnight, the happy young party got clad in their winter robes, bidding good night and extending thanks to Ted and Mrs. Jay, started with their jingle bells ringing toward their respective homes, so as to be there before the Sabbath hours would appear.

Spare the children from suffering from worms by using Miller's Worm Powders, the most effective vermifuge that can be got, with which to combat these insidious foes of the young and helpless. There is nothing that excels this preparation as a worm destroyer, and when its qualities become known in a household no other will be used. The medicine acts by itself, requiring no purgative to assist it, and so thoroughly that nothing more is desired.

Motners, Mix This at Home for a Bad Cough

You'll be pleasantly surprised when you make up this simple home mixture and try it for a distressing cough or chest cold. It takes but a moment to mix and costs little, but it can be depended upon to give quick and lasting relief.

Get 2½ ounces of Pinex from any druggist. Pour this into a 16 oz. bottle; then fill it with plain granulated sugar syrup or strained honey. The 16 ounces thus made costs no more than a small bottle of ready-made medicine, yet it is much more effective. It is pure, keeps perfectly and children love its pleasant taste.

This simple remedy has a remarkable threefold action. It goes right to the seat of the trouble, loosens the germ-laden phlegm, and soothes away the inflammation. Part of the medicine is absorbed into the blood, where it acts directly upon the bronchial tubes and thus helps inwardly to throw off the whole trouble with surprising ease.

Pinex is a highly concentrated compound of genuine Norway Pine, containing the active agent of creosote, in a refined, palatable form, and known as one of the greatest healing agents for severe coughs, chest colds and bronchial troubles. It is guaranteed to give prompt relief or money refunded.

IMPERIAL COD OIL AND DOG BISCUIT

Their Choice A BALANCED RATION

"NOT BY MEAT ALONE"

Leading fox ranchers have demonstrated that, in addition to meat, it is absolutely necessary to feed a liberal supply of IMPERIAL BISCUITS daily during the winter season, in order to keep the bowels regular, and also to ensure the females having an adequate supply of milk during the lactation period.

IMPERIAL COD OIL BISCUITS are made from a formula which has been prepared with these results in view and which reliable tests, extending over a considerable term of years, have proved to be signally successful.

Ranches, which have continued the feeding of IMPERIALS regularly in winter, have had the largest litters of young foxes and also the highest average of pups raised to maturity; in addition, they have practically eliminated the destroying of young by the females.

For assured results feed IMPERIALS throughout all the winter season.

IMPERIALS are sold by leading distributors or direct from the factory.
