—INFLUENZA.—The Notre Dame Convent, Rustico has been visited by that dreadful disease "Influenza," it is with hearts filled with sorrow that we chronicle the death by the dread disease of Rev. Sister Losier who passed peacefully away to her eternal reward after being sick but a short time. The Rev. Mothers and boarders who were sick at the time have all recovered and classes have again reopened where the usual good work done by the Rev. Mothers will again be carried on. It is pleasing to note that the Convent now has twenty-five boarders and more are expected daily.—Com.

—ANOTHER RETURNED MAN.—Among Island Soldiers who returned home recently was Pte. Fred Bennett who served four years with the Seaford Highland Regiment of Vancouver. It is fifteen years ago since he left his native home in Alberton for the west. At the time of enlisting he was manager of the Fairview branch of the Canadian Bank of Commerce at Vancouver. In the fighting in France he was twice severely wounded. He will remain on the Island until March, when he returns west to resume his former position. His many old associates here are delighted to see him again.

—KENSINGTON RECEPTION TO RETURNED MEN.—A large and enthusiastic crowd attended the Returned soldiers reception on Monday night last. An address of welcome was read by Mr. J. F. Proffit. Musical and song numbers were rendered by T.W. Bentley, W. T. Semple and others. The meeting was addressed by Rev. Mr. Neish, Mr. Johnson and Mr. Selar. The returned men were represented by Pte John Burns in clear and modest unassuming tones. The bright particular address of the evening was given by Corp. P. A. Hughes, who responded to a special invitation. Corp. Hughes carried his hearers with him from time of enlistment in B. C. the day after war was declared through the various processes of arriving at the front line trenches and through the principal battles in which Canadian forces took part, and which have immortalized Canada in the history of the world. He made special mention of the people of rehabilitating our defenders getting them back into the routine of producers in the great economic system. He laid particular stress on the need of moral support and the disposition to help which will show in some small degree our appreciation of the debt which we owe our deliverance.—K.

LETTER OF APPRECIATION ADDRESS AND PRESENTATION

To William MacSwain Dundas Dear Brother:—We in behalf of the members of Dundas Lodge, No. 104 I. O. G. F. wish on this the eve of your departure from amongst us to express that feeling of appreciation, which your devotion to our Lodge and your cheerful disposition have created in us.

The recollections of the past year bring before our minds the many happy hours spent together in our Lodge meetings. We regret that we are now called upon to take leave of you, who have contributed so greatly to the success of our society and that your business should call you away from this country which at present needs so much that pure example and true advocacy of principle, which have ever characterized you in your association with us.

Although we may not be cheered by your social companionship or aided by your wise counsels for a time, yet you leave behind you the influence of your example, which will ever encourage us to renew our zeal and energy in the work before us.

We feel assured that to whatever part of the world duty may call you your influence will be great over those with whom you come in contact. Ever have before you then the teachings of that Order which has done so much for us all, that seeing your pure example, others may be led to follow in your footsteps.

There is much yet to be done in the cause of temperance in this country, as recent events have shown, and we trust, that when we are again called upon to cross weapons with those who would triumph on their country's shame, you shall return to your place in the front ranks of the great army of temperance workers.

You take with you the best wishes of your brothers and sisters of Dundas Lodge. May success crown all your efforts which shall be the outcome of a true consciousness of right. We shall ever look forward to a happy reunion when you return and ever remain yours in Faith Hope and Charity. Signed in behalf of the Lodge.

On January 8th 1919, the friends and neighbors from Earncliffe, Cherry Valley and vicinity met at the home of Mrs. George Praught and presented a purse and an address to Mrs. Praught and Mrs. Alexander McPhee, whose sons Pte. Dennis Praught and Lieut. Harold McPhee have died gloriously on the field of battle.

The address was read by Mr. William Mutch, while Mr. Theo. Gleason made the presentation. During the evening luncheon was served by Mrs. Praught, while the younger folks enjoyed themselves by singing patriotic songs etc.

The following is the address:—
To Mrs. George Praught and Mrs. Alex McPhee

Dear Friends:—We your friends and neighbors have met here tonight to offer our heartfelt sympathy for the great sacrifices you have made.

When Prince Edward Island called for volunteers to fight for the freedom of the Motherland your sons were among the first who promptly answered that noble call. They are not with us tonight to rejoice over the longed for "peace" but their names will go down with undying fame in the history of the world's greatest war.

We feel how weak and fruitless must be any words of ours which should attempt to beguile you from your grief, but we cannot refrain from tendering you the consolation that may be found in the thanks of the country they died to save. We pray that our Heavenly Father may assuage the anguish of your bereavement and leave you only the cherished memory of the loved and lost, and the solemn pride that must be yours to have laid so costly a sacrifice upon the altar of freedom.

In conclusion we ask you to accept this small token as a mark of recognition from your friends in Earncliffe and the other surrounding districts, where your sons have always been general favorites.

Signed on behalf of the people of Earncliffe and vicinity.

Advertising!

THE biggest men in the country have found that the easiest way to spell success is to A-D-V-E-R-T-I-S-E. Suppose the newspaper did not publish the news, how would the people know what is happening? If you don't publish the Store News how will the people know about your goods? You can never sell the goods people do not know you have. Advertising is telling about your stock. The firm that advertises gets ahead, every time, of the firm that does not advertise. Shopworn and out-of-date stock is the penalty merchants pay for not advertising.
