AN ISLAND MAN IS A SUICIDE

John M. McLeod Hangs Himself at His Doorstep.

Was Formerly a Well Known Contractor of New Bedford, Mass— Ill Health Cause of Rash Act.

The sad news has reached the city of the suicide of John M. McLeod, a native of Belfast and of late years a resident of New Bedford, Mass. An exchange from that city has the following particulars:—

John M. McLeod, a well known carpenter and contractor, formerly of this city, but now a resident of Dartmouth, committed suicide last night and was found this morning hanging from the lower limb of a cherry tree at his home on the Rockland road.

McLeod has been in ill health for a year or more and during the past three months has suffered considerably. He has lately been drinking considerably, and at times his wife has detected symptoms of insanity. Last night he came home in bad condition and it is said met with a warm reception. At any rate, he left the house and the family supposed he had gone away.

This morning about sunrise Mrs. McLeod looked out the window and was horrified to see her husband hanging from the cherry tree by a rope around his neck. Her screams brought their eldest son, who hurried out and cut his father down. But the body was cold and stiff.

Medical Examiner Hugh was called and viewed the body. He reached a conclusion that McLeod had probably been hanging all night. Presumably he hanged himself immediately upon leaving the house last evening. It is supposed that his motive was induced by hard luck, ill health and temporary mental aberration. McLeod who was 42 years old leaves a widow and three children.

Senator Robertson was in town Wednesday and Senator Ferguson yesterday.

D. L. McKinnon and Daniel McKenzie, Montague Bridge were in town yesterday.

It is safe to say that Capt. Cook of the schooner Delytris is one of the most daring navigators that sails these stormy northern waters. He arrived in port the other day from Picou with a load of coal, for the Railway Department; sailed his ship abreast of the wharf; sprang ashore and made her fast all alone. His vessel is about 65 tons register and he has before this voyage frequently been at sea alone.

CHAMBERLAIN GOES AHEAD.

LONDON, October 27.—The Scotsman says—"The fact that Mr. Chamberlain moves from success to success is the most remarkable feature of the situation. Outside of the party politicians there is no real hostility to his scheme. Nowhere is there a shadow of a sign that the workingmen of the country are opposed now to his fiscal policy.

REV. LEO WILLIAMS TO RESIGN THE PASTORATE OF ST. PAULS.

It is understood that Rev. Leo Williams, the popular pastor of St. Paul's Church in this city has received an excellent offer to engage in Missionary Work in the United States which it is probable he will accept.

The work provides for supply at different stations and will give Mr. Williams an opportunity to further cultivate his voice which would not be possible were he engaged in regular ministerial work.

Rev. Mr. Williams came to Charlottetown some four years ago on the resignation of the late Rev. J. T. Bryan. Since he has taken charge of the spiritual work of St. Paul's he has won a high place among the citizens generally as in his own congregation where he was highly esteemed especially by the younger portion of the church.

Rev. Mr. Williams began his pastorate on November 19th, 1899 in this city. During his stay in Charlottetown he has interested himself in everything that he considered to be for the welfare of the city. He is an enthusiastic athlete and took a great interest in all kinds of athletic sport.

The formal resignation has not yet been presented to the vestry but will be shortly and Mr. Williams will leave the city about the first of February.

REV. LEO WILLIAMS.

INDUCTION OF REV. MR. McDONALD AT HAMPTON WEDNESDAY LAST.

The induction of Rev. A. D. McDonald took place at Hampton Presbyterian Church, Wednesday afternoon. There was a large congregation present on the occasion.

Presbytery was regularly constituted, Rev. Dr. Smith being appointed Moderator pro tem and Rev. Mr. McLean clerk. The other ministers present were Rev. George Millar, Rev. M. H. McIntosh, Rev. T. F. Fullerton, and Rev. Mr. McDonald.

Rev. Dr. Smith preached an eloquent sermon from John 14. He also presided and inducted, Rev. Mr. McIntosh addressed the minister and Rev. Mr. Millar the people on their respective duties, the whole service being of a most impressive character.

After the induction Presbytery took up regular business. The Moderator reported a call from the congregation of Lots 14 and 16 to the Rev. W. A. Mason. On motion the call was laid over to next quarterly meeting of Presbytery which will be held on November 3rd.

Rev. Mr. McDonald's resignation also came before the Court. It was ordered to be laid on the table till next quarterly meeting.

The Presbytery then adjourned to meet next Tuesday Nov. 3 in quarterly session.

THREE MEN KILLED.

NIAGARA FALLS, Ont., October 27.—Three men were killed in the wheel pit of the Canadian Niagara Power company this morning. They were being lowered into the pit in a bucket when it caught on the cross bridge and was overturned. The men falling fifty feet.

MANY SEEK WORK AND FEW FIND IT.

ELIZABETH, N. J., Oct. 26.—The Crescen shipyards opened today on a small scale. About 40 men are at work, although when the yards opened 500 were at the gate seeking employment. The yards originally employed from 300 to 1,000 men.

GALEDONIAN CLUB CONCERT NOV. 12TH, PLAN OPENS NEXT FRIDAY.

Mr. Paton and other members of the committee who are arranging for the grandest Scotch concert ever held on the Island and to be given here on the 12th of Nov. are jubilant over the prospects of success. It is a big undertaking to successfully operate such an expensive array of Scottish talent, comprising the best of the Old Country affords but judging by the interest already displayed, not only will there be an unusually large patronage from the city, but hundreds will drive in from surrounding country, to hear the greatest array of Scottish talent which has ever been brought together on this side of the Atlantic. Don't forget that the plans will open in the usual places Friday morning Nov. 6th, and those requiring good seats should procure them at once.

CHAMBERLAIN TO WORKMEN.

Endorsed the Government's Fiscal Policy.

LIVERPOOL, October 27.—Joseph Chamberlain addressed another monster meeting here to-night. The meeting was held under the auspices of the Workingmen's Conservative association and five thousand persons present gave the former colonial secretary a tremendous reception.

Mr. Chamberlain devoted the first portion of his speech to the "dumping" of the manufacturers of the United States and Germany into this country, which, he said, must result in depression after the present prosperity. He pledged himself that his proposals would not add anything to the cost of living; on the contrary, they would decrease the cost of living to the poorest families in the country. The speaker devoted the greatest part of his speech to a powerful argument addressed to the working class. He pointed out the fact, hitherto overlooked by his opponents, that when the movement for free trade was carried the working classes were neither represented nor consulted, but it was a movement of the manufacturers and middle classes.

Emphasizing the statement that it was impossible to reconcile free trade with trades unionism, Mr. Chamberlain pointed out the inconsistency of supporting a policy which admitted the products of the cheapest kind of labor without taxation. He believed the working classes of the United Kingdom were more advanced than many of their leaders, and if this were true he was confident his proposals would win.

The meeting adopted a resolution eulogizing Mr. Chamberlain's speech, endorsing the government's fiscal policy and declaring the advisability of binding the empire more closely together.

SCOTCH COAL IS BEST.

In a critical test made recently in Montreal by the Water Committee of the Council the Scotch soft coal was found to be superior to all others. It seems to be much the same in singers, the fiery temperament of the Scotch when trained to the interpretation of stirring songs and ballads seems to make a rendition possible which is not equalled by singers of any other nationality. In Geo. Neil the greatest of Scotch tenors we will hear an artist possessing all these qualifications. Don't fail to hear this great Scotch singer and his distinguished associates. The plan will open at the usual places Nov. 6th. The Caledonian Club never entertained the people of the Island as they will on this occasion, and those who require good seats should procure them at once as the sale is sure to be very large for this the greatest Scotch concert we have ever had.

DAUGHTER OF GENERAL BOOTH

Mrs. Booth Tucker Killed in Railway Accident

Train ran Through an Open Switch—Four Killed, Fifteen Injured—Millwright Killed.

MRS. BOOTH TUCKER'S DEATH.

KANSAS, CITY, Oct. 29—(Special)—Mrs. Booth Tucker, wife of the head of the Salvation Army in America and daughter of General Booth, was killed by a train wreck, the train running through an open switch and striking a large iron tank.

A TERRIBLE FATALITY.

Mrs. Tucker was going to Chicago to meet her husband after a visit to Amity, Colorado.

Col. Thos. Holland an Army officer, and two other passengers were killed and 15 injured.

MILLWRIGHT SUDDENLY KILLED.

BRIDGEWATER, N. S. Oct. 29—(Special)—Stephen Ruhn, millwright for Davidson Lumbering Coy. was killed by being caught in the shafting.

DIVORCE AT FREDERICTON.

ST. JOHN, Oct. 28.—The divorce court at Fredericton, Judge Gregory presiding, is hearing the application of Augustus Stoeber for divorce from his wife, on the ground of infidelity. The wife defends the action and makes counter charges.

CABLE COMPANY TURNED DOWN

OTTAWA, October 27.—The government has received word from Australia that the Commonwealth senate has turned down, by a vote of 20 to 16 the arrangement made by former Prime Minister Barton with the Eastern Extension Cable company, which gave an unfair advantage to that concern in competition with the state owned, all-British Pacific cable.

NERVOUS AND SLEEPLESS.

Two horrors crowded into one life, the product of poor digestion and the poisons that are thereby formed within the body. There's just one method of cure for this terrible condition—plenty of food, but mind, food properly digested. That's the difficulty—the digestive power of the stomach must be improved. Rich, red blood formed, strength given to the organs to drive out poisons; then comes strength, vigor and endurance. Ferruzone does all this and more; it makes sick, people well; weak people strong. Sow Ferruzone and you reap health. Sold by all druggists.
