LADY NICOTINE AGAIN.

"Have a cigar, old man," said Higgins, passing the box.
"No thanks," said Simms.
"What!" exclaimed Higgins.
"No thanks, old chap," repeated Simms.
"Well, I never," said Higgins.
"Never what?" asked Simms, laughing.
"I never heard of you refuse a smoke before."
"You haven't seen me for three years remember," said Simms.
"Do you remember what a chimney of a hole our diggings were at Oxford?"
"Do I?" said Simms ecstatically.
"There is nothing in my life I remember better than those old days at college! And there is nothing in my life I regret more than giving up tobacco."

"What did you do it for?" asked Higgins.
"Band of Hope or something, or did some female faddish get at hold of you?"
"No, you blockhead," said Simms indignantly; "smoking was spoiling my appetite, that was all."
"Is that all," almost shouted Higgins.
"Well you just take a cigar."
"But I've sworn off," said Simms.
"Do as I tell you," repeated Higgins.
"It will give me heartburn," said Simms.
"You just take that cigar."
"It'll spoil my breakfast and give me a nasty taste in my mouth."
"No, it won't."
"Way won't it?"
"B.cause I'm going to give you a Dadd's Dyspepsia Tablet before you go to bed."

"A what?"
"A Dadd's Dyspepsia Tablet."
"What'll that do?"
"My dear boy, nearly everybody in this country knows that Dadd's Dyspepsia Tablets are the best cure for Tobacco Dyspepsia in the world."
"Is that right?"
"Certainly, or I wouldn't say it."
"Pass the matches, will you old chap said Simms, biting the end off his cigar. Dadd's Dyspepsia Tablets are fifty cents a box at all druggists.

"I notice those women of the national congress spent most of their time running down the men."

"Some months ago," writes Mr. Barnes, "my wife asked me to get her some Dadd's Kidney Pills. She was suffering from kidney trouble and I got a but she never lived to take them. I had long been suffering from symptoms similar to those of my wife and these now becoming severe, and having a box of Dadd's Kidney Pills in the house, I resolved to try them. The first box eased these symptoms, and continuing their use I was completely cured. Dadd's Kidney Pills merit."

A year ago I took la grippe, which greatly aggravated my trouble. My friends despaired of my recovery. I was induced to try South American Nervine, and was rejoiced to get almost instant relief. The old-fashioned theory of tearing down diseases was entirely changed by the advent of Dr. A. W. Chase's Nerve Food, which cures by creating new rich blood and nerve tissue. Through the medium of the circulation and the nervous system they strengthen and invigorate every organ in the human body.

"You see, he said I was a fool."

"DULY FEED AND MAN STEED."

Feed your nerves also if you would have them strong. The blood is the feeder and sustainer of the whole nervous system. Men and women who are nervous are so because their nerves are starved. When they make their blood rich and pure with Hood's Sarsaparilla their nervousness disappears because the nerves are properly fed. Hood's Pills are non-irritating, mild, effective.

Asthma Cured

After Twelve Years' Suffering—Toronto Physicians Advised Leaving Her Home to go to Manitoba—Clarke's Kola Compound Cured.

Mrs. McTaggart, 50 Vanauley St. Toronto, writes: "I have been troubled with asthma and bronchitis for twelve years, which gradually grew worse each year in spite of the hundreds of dollars my husband has spent with several doctors, and almost every remedy we could procure. The only afforded temporary relief. For the past two years I could not lie on my left side, and during the past year previous to taking Clarke's Kola Compound the asthma became so severe that I had not had a full night's sleep, and during most of that time we had a doctor in attendance. We gave up several doctors, as I was becoming no better, and the last doctor, after about two months' treatment, told me he could do nothing for me, and advised me to go to Manitoba or some dry climate. We heard of Clarke's Kola Compound being a cure for asthma, and before taking this remedy made several inquiries from those who had taken it, and in each case found the result so satisfactory that we resolved to try it. After taking the first bottle I became much better, and began to sleep well at nights. Since taking the third bottle I have not felt the slightest symptoms of my former trouble. I have during the past six months gained nearly 20 pounds in flesh and feel perfectly healthy in every way. I can assure you that I will do all in my power to induce any sufferer from this terrible disease to try it."

FULL ACCOUNT

How Mr. Owen Grant of Quincy, P. Q., Saved Himself from Bright's Disease.

Dodd's Kidney Pills the Means—Wasted Time and let the Disease Grow. Taking other so-called Remedies—Saved at last, Strong and Sound.

QUINN, P. Q. Sept. 22.—An extraordinary experience was that of Mr. Ewen Grant, a resident of this town. His story reads as follows:—

"Some three years ago I began to feel a sensation of great lassitude and tiredness, and at that time being employed at Glenwood sawmill, my work was very hard for me. I became alarmed and consulted several local medical men who pronounced on me as making an excuse of blood or some such cause, and prescribed for me according without result. As time went on I became worse, and all work was a burden to me. I began to feel ashamed at myself for not being able to hold up my end. I began to notice that I was the first to let go. This hit me pretty hard, as I had a family of six children to support and no energy left to lift a straw. My back was entirely useless. My whole nervous system was in a state of prostration, and I a fine healthy full-blooded looking fellow, too. I had to quit the mill. Now, all this time I never knew what was the matter with me. But at last reading in the paper of a case exactly like my own, it struck me I had Bright's Disease. I determined to try Dodd's Kidney Pills. My wife had lost faith and said they were like the others, no good, but I might as well give them a fair trial. I took several boxes and soon was able to go to work. I am now in the best of health, spiritus and vigor, able to take my part in anything, and heartily recommend Dodd's Kidney Pills to my fellow-man."

A DYSPEPSIA CURE

Ever Reliable and Welcomed by the Most Delicate Stomach is Dr. Von Stan's Pineapple Tablets.

Let the worst dyspeptic eat a pineapple a day for six months, and so greatly would his health improve, he would look and feel like a new person. The reason is plain. The pineapple holds a generous supply of vegetable pepsin, which, next to the juice of the stomach, is the greatest digestive known. Very few people can obtain the daily pineapple but everyone can get Dr. Von Stan's Pineapple Tablets which are mainly composed of this precious fruit juice. They are eaten as candy, are as harmless as ripe fruit, and always give satisfaction. They cure all digestive troubles. Box of 60 Tablets, 35 cents.

Artificial Teeth on Metal Plate

A dentist who knows his business, and one that has any regard for his patients will always advise them to have a metal plate.

PROF. MELVILLE B. BUCKLEY, Instructor Boston Dental College, Boston Mass. In view of the vast amount of injury done to the mouths of wearers of rubber or vulcanite plates, by the retention of undue heat owing to the non conductivity of rubber, and as aluminum is now so cheaply produced and making as it does a rigid, light, cleanly, unobjectional plate there seems no reason why any person should wear a rubber or vulcanite plate. Not only this, but better results in fit and adhesion are obtained in difficult cases, than in the use of rubber.
L. P. HASKELL, D. D. S. Chicago Ill. Dental School

The above quotations are from hundreds by eminent dentists whose close observation in many years experience in plate work has learned them the many advantages of metal over rubber.

Many persons who are compelled to wear artificial teeth on a plate find that the ordinary plate causes heating of the mouth, bad taste, shrinkage of the gums, etc. finally causing the plate to get loose, sometimes sore lips, sore mouths and sore throats, and caused directly from the wearing of an ordinary plate.

We recommend a Metal Plate either of Gold, Platinum, Aluminum. It is a conductor of heat and cold, it is non-irritating, and is thinner, lighter, and stronger than any other plate.

We have testimonials from persons for whom we have made metal plates—not one would wear an ordinary plate again. You can have your impression taken, and a metal plate made same day fully guaranteed because we make them ourselves, and know all about the material used. Call and see specimens of our work. Every piece of work done by us must give entire satisfaction to the patient, else we will not allow it to leave our office.
