

JOHNSON'S ANODYNE LINIMENT

Stop Your Cough

Three or four drops of Johnson's Anodyne Liniment on sugar relieves tickling in the throat and stops the cough. Colds, if unchecked, may cause serious throat and lung troubles. To avoid risk, apply Johnson's Anodyne Liniment promptly.

Johnson's ANODYNE Liniment

Has been a successful family remedy for nearly a century, for both internal and external uses. Internally for Coughs, Colds, Hoarseness, Bronchitis and most respiratory disorders. Externally it diminishes any pain. Cuts, Wounds, Sprains, Muscular Rheumatism, Swollen and Frost-bitten Feet. Pain leaves the moment the liniment is applied.

At all Druggists, 25c and 50c. Get a Bottle now. KEEP IT ALWAYS IN THE HOUSE.

We also extend our best wishes for a Bright and prosperous New Year.

W. N. Tanton,
JEWELER

STRONG AS IT IS OLD

Historic Sun Fire Office Enters Upon its Two Hundredth Year.

It will be a long time before any other insurance company attains the age of the ancient corporation founded in 1710 under the name of the Sun Fire Office, and which has been continuously in business since that time as an underwriter of fire risks. As far back as 1708 Charles Povey projected an "Exchange House Fire Office" for the insurance of goods in London, England; and it was he who then adopted the familiar sun trademark as the emblem of his enterprise. Three years later he, with twenty three others, organized the business anew and extended its field of operation to include English provincial towns as well as the capital city itself. In the following year the concern took the name of the Sun Fire Office, and was domiciled in a room in Paul's Coffee House at the western end of St. Paul's Cathedral. In 1714 the partners appointed the first fire insurance surveyor in his-

THE FRASER TRIO

Again at New Wonderland To-night--The Most Popular of Any Vaudeville.

The success of the Fraser Trio is almost phenomenal. Their dances appeal to all nationalities, and the quick changes by which they appear readily in the costume of each selection, is simply marvelous. It is a mixed program of uncommon excellence, and no one should miss them during their stay here. John Fraser is the oldest living dancer, has danced twice before the late Beloved Queen Victoria, and is the only man in the world who had that honor. Annie Fraser is a soubrette of unusual attractiveness, and seems to be the indispensable link by which the trio is bound together. Alex. Fraser is as capable as his father, as attractive as his sister, and the trio one which is hard to excel and seldom equalled.

The pictures this evening are:—The Pirate's Gold. This runs a whole reel, and is one of the finest scenic pictures extant; combining with its grand sea depictions a thrilling story of a Pirate's hidden gold, and the events which followed the obtaining of it.

Japanese Fantasy, and The Flower Girl's Life Story, complete the picture list, with Mr. Waterall in new illustrated song. Come tonight and enjoy the pictures, the song, and the unequalled dancers.

The Franklin Hat

Are you aware of the important part the hat plays in your wearing apparel. You can wear the best suit that money can buy, but if your hat is ill-fitting or unbecoming there is something noticeably amiss in your dress. Then, again, even if your other clothes are not the best and you wear one of our Franklin hats you look stylish—there's snap and style to your dress. Isn't it reasonable. Are you doing yourself justice.

Our spring stock of Franklin hats have arrived and without hesitation we pronounce them the handsomest collection of high-class hats it has ever been our good pleasure to offer you. See them in our show window. In color, green is the crowning color, and the rim has a slight round which gives it character. There's a price for your purse.

\$2.00, \$2.50, \$3.00.

The Stetson

The Stetson hat has the strongest combination of hat qualities to be found. It is made of character and individuality. It is the supreme hat—the name Stetson means quality in four different stages at the standard price—and they're well worth.

MAINE AUTOING FARMER SAVES 20 DAYS PER YEAR

CAVENDISH, Me., March 2.—Ches-ter Parker, an up-to-date farmer who has a big produce farm here, goes to market at Portland, nearly thirty-five miles, by automobile, carrying produce, and saves twenty days in the year. Parker used to reckon from one to one and a half days for his long trip from his farm to Portland and back—at best a hard trip for his two horses. But now Parker has a big Cleveland touring car, and he loads up the roomy five seat tonneau with butter, eggs and

ANNOUNCEMENT

Manufacture of Gasoline Engines.

We wish to announce to the public our entrance into the manufacturing field of gasoline engines. Recognizing the increasing demand for these motors, we obtained plans and specifications from an expert American designer. We now have the construction work almost complete, and we feel satisfied that we can manufacture a motor equal, if not superior, to any on the market at the present time.

Our motors are constructed with renewable bushings in all bearings. When any of these are worn or injured in any way they can be replaced at a very small cost. This is but one of the many advantages in our engines.

We feel assured that the people of this Island will appreciate our efforts to manufacture at home an engine equal to that offered by any other firm, and we respectfully solicit a share of your trade.

The engines we are manufacturing are of the marine type, 4 h. P. single, 8 h. P. double and 12 h. P. triple cylinders, suitable for fishing or pleasure boats, and would ask any person intending to install such a motor to call or write us before purchasing elsewhere.

Terms and prices reasonable.

BRUCE STEWART & CO
Charlottetown..... P. E. Island

NOTICE TO CONTRACTORS

Tenders for Shops East of Winnipeg

SEALED TENDERS addressed to the undersigned, and marked on the envelope "Tenders for Shops" will be received at the office of The Commissioners of the Transcontinental Railway at Ottawa, until 12 o'clock noon of the 10th day of March 1909 for the construction and erection complete, in accordance with the plans and specifications of the commissioners, of shops east of Winnipeg. Plans, details and specifications may be seen at the office of Mr. Hugh D. Lumsden, chief engineer, Ottawa, Ont., and Mr. S. R. Poulin, district engineer, Winnipeg, Man.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the commissioners which may be had on application to Mr. Hugh D. Lumsden, chief engineer, Ottawa, Ont.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque or a certified check of the Dominion of Canada payable to the order of the Commissioners to the amount of one hundred dollars (\$100.00).

The cheque deposited by the party whose tender is accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order, **P. E. RYAN**, Secretary, The Commissioners of the Transcontinental Railway.

Dated at Ottawa, 30th January, 1909.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for.

- Granger, Horse Lini-ment.
- Granger, Condition Powders

MANFD BY **THE BAIRD CO. LTD.** MFG. CHEMISTS WOODSTOCK N.B.

It was his duty to inspect premises on which insurance was sought, and, if he approved the risk, to affix a numbered badge of metal in some conspicuous place to identify the building as one insured by the Sun people. This "fire mark" had for some time almost the value and effect of the big lithographed policies of our day, with their imposing seals and ornate lettering. Also the mark served as a guide to the firemen and salvage corps of the period, who in those days were hired by the insurance folk to protect the risks they assumed.

It was 1838 before the Sun did any business outside of Great Britain, several agencies being established in France in that year. In 1839 the mark served as a guide to the firemen and salvage corps of the period, who in those days were hired by the insurance folk to protect the risks they assumed.

With H. B. Blackburn as manager the Sun founded its Canadian branch in 1892, locating the head offices for the Dominion in Toronto. The solidity of the institution is evident in its reserve fund of nearly fourteen million dollars, ranking the Sun Office amongst the wealthiest concerns of its kind. Canadians seem to approve strongly of the Sun principle of underwriting, and of the Company meets its obligations promptly and in the fairest spirit, and these qualities certainly justify the growth each year has recorded since manager Blackburn assumed his important duties here.

Thin Blood Made Strong

Tiredness and Weakness Overcome.

A Joyous Letter.

"I admit because I neglected early treatment I am entirely to blame for the condition of weakness that for nearly two years made my life a real misery," writes Mrs. Hazen, of Beaufort. "At first I felt sort of flat in the morning and could do no more than pick at my breakfast. Later I remember my sleep was disturbed, that dreamy, restless sleep, from which you finally awaken, falling as if you could never get up. Then I became thin, lost my color, got nervous and fearful about nothing, and kept thinking about myself all the time, and was irritable, cross and easily made cry. What would have become of me if I had not taken Ferrozone I can't imagine. Ferrozone put new life into me from the start. It strengthened my nerves and brought back my color and in a little while, less than three months, I was healthier and brighter woman could be found anywhere. I highly praise Ferrozone and advise sick people to take advantage of its health-conferring properties."

Ferrozone quickens the powers of both body and mind, simply because it forms lots of blood that's full of life and vitality. Ferrozone creates appetite, gives strength, vim and endurance, it's good for old people, good for everybody that needs better health. Thousands of men, women and children use Ferrozone every day and all say it's the best nourishing, strengthening tonic made; try Ferrozone yourself, 50c. per box or six boxes for \$2.50. Sold by all dealers.

BIG GAME REVENUES.

TORONTO, March 3.—A mammoth forest and game reserve of two million acres is projected half in Minnesota and half in Ontario. The State has decided to set aside one million acres to the south of Hunter's Island on condition that Ontario will do the same, the reserve to be operated jointly.

Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all Druggists. Take Hall's Family Pills for constipation.

A GOOD LITTLE BOOK TO HAVE.

The well-known fence expert, E. L. Dyer, of Toronto, has written an instructive little manual that tells things every fence buyer ought to know before he buys. How to test wire—how to build fence. Readers of the "Guardian" have a limited opportunity to get a copy of this useful book by sending ten cents (stamps or coin) to Mr. Dyer, King Street & Atlantic Ave., Toronto; but, as the number of copies available at this nominal price are few, it would be as well to write for it at once, and be sure to mention that you are a subscriber to "The Guardian."

CRAZED MAN MEETS DEATH.

TEMPLE, N. H., March 3.—While crazed with drink, Geo. Marcotte ran amuck and after shooting at several villagers who attempted to disarm him, was shot and killed by Rev. Harvey Eastman, pastor of the Congregational Church. The tragedy occurred at General Miller's residence on Wilton Road, one and a half miles from Temple.
