1909 styles in Smart Corsets

shapes called for by the needs of modern dress and suit designs

OF COURSE you know all about the new models made necessary by the slimly graceful figure that Paris decrees as the right and only thing for the incoming season.

If you have not given the matter close study it will be worth your while to call and have one of our saleswomen show you the new corsets that have just arrived. She will demonstrate their necessity in forming a foundation, so to speak, for the gown or suit that you will be wearing in a month or two.

That the set, and permanent good style of your gown depends upon the correct lines of your corset, is a matter that needs no argument.

Among the hundreds of new pairs of corsets that we have just been opening, we have the new ideas in the extreme long hip style, and we would be very pleased to show the new ones to you to demonstrate the new modes, and to let you see designs that we think you will hardly find in most stores.

From 50c commences our showing—and through every price the range proceeds in steps of 10c and 25c right up to

\$3.50

Colored Coats

Going at half price

All the remainder of our coloured coats go on sale this morning at a figure that means a quick and final move for them.

The showing includes only coats that are new this season all good styles, all thoroughly excellent in every way. The range of each style of course is now broken—there is not a complete range of sizes in each style—and we would prefer to take a sharp loss on the few left, right now, than carry the goods over.

We have a special assortment of coats in many styles, mostly loose tweeds, handsome, durable garments, well made, well tailored good, modern, smart, but broken lots, worth up to \$15.00 and closing out at..... **\$6.75**

Chamois Lined Vests are the proper thing for winter wear—Light as feathers yet keep the cold and wind out more effectively than heavy tweed and the price would hardly pay for the pockets in a fur coat—For ladies' gentlemen. See them at "The Two Mac's Druggists."

If your appetite is poor try Hughes' Digestive Tonic. Improvement follows the first few doses. As a nerve bracer and system builder it cannot be beaten. Price 25c. per bottle. Geo. E. Hughes, Apothecaries Hall. 1-16drl1.
