MANY CHILDREN OUT OF SCHOOL

And Parents Everywhere Are Proving the Wonderful Curative Powers of
DR. CHASE'S SYRUP OF LINSEED AND TURPENTINE.

When grown people neglect their ailments and allow them to develop into serious diseases, they have no one to blame but themselves.
With children it is different, because they do not realize the seriousness of a neglected cold nor the means of obtaining cures, and many a child, as he grows older and finds himself a victim of pneumonia, consumption, bronchitis, asthma or throat trouble, cannot but see that his parents were responsible for neglected treatment when his ailment began in the form of a cold.
Today the schools have many a vacant seat on account of coughs and colds, and many children who are there should be at home. What treatment are these children getting? Do their parents realize the seriousness of neglecting to cure a cough? Have they proved the merits of Dr. Chase's Syrup of Linseed and Turpentine as a cure for coughs and colds, bronchitis, croup, whooping cough and all kindred ills?
Very many have, for there is no preparation for throat and lung diseases that has anything like the sale of Dr. Chase's Syrup of Linseed and Turpentine.
Be careful when you buy to see that the portrait and signature of Dr. Chase is on each wrapper. If you send the children to the store, warn them not to accept any imitation or substitution. Children like to take Dr. Chase's Syrup of Linseed and Turpentine, and there is no remedy so prompt and effective as a bottle; family size, three times as much, 60c; at all dealers, or Edmanson, Bates & Co., Toronto.

"All the old people seemed to like George so much at the children's party."
"Any particular reason for it?"
"Why, I didn't notice it until after the hostess asked him if he wouldn't recite something, and he replied that he didn't know anything to recite."
Minard's Liniment For Rheumatism.
"No," said Mr. Cumrox, reflectively. We had Jesse James and the Biddle boys, but "we're a little behind Paris in some respects, we haven't as yet equalled the Humberts."—Washington Star.
The breath of the pines is the breath of life to the consumptive. Norway Pine Syrup contains the pine virtues and cures coughs, colds, bronchitis, hoarseness, and all throat and lung troubles, which if not attended to, lead to consumption.
"But really you are getting seedy," per sisted Mrs. Naggit. "Just look at your hair. How long is it since you've had it cut?"
"I don't know," he answered, "I haven't measured it."
Minard's Liniment Cures La Grippe.
"If you kiss me again sir, I shall call my mother."
"What's the use of that?" said Chollie Freshie; you know I'd prefer to kiss you, and, besides, your father might object to me kissing the old lady."

"Worries affect a child's health too seriously to neglect. Sometimes they cause convulsions and death. If you suspect them to be present, give Dr. Low's Pleasant Worm Syrup, which destroys the worms without injuring the child. Price 25c."
