Hockey League Schedule Announced

Q.A.H.A. May Not Grant Transfers To Hockey Players

President Gagnon Of Quebec Association Lays Down Ultimatum - Kelly And Currie O'Abbies Mentioned.

Can. (Canadian Press) MONTREAL, Oct. 25. - Hockey players registered with the Quebec Amateur Hockey Association last season who have changed residence later than January 1, 1933, or intend to change residence before the coming championship season, will not be granted transfers from the Q. A. H. A. unless it is found that the change of address was not for hockey purposes alone, President Alcide Gagnon, of the Q. A. H. A. stated here today.

Canadian Hockey Players To Play In London Eng.

MONTREAL, Oct. 25. - Art Putee, goal keeper, and Creighton, right wing of the Winnipeg; Pop Kerr, Dalhousie, N.B., left wing and Frankie LeBlanc, centre of the Moncton Hawks, Allan Cup holders, will go abroad to play hockey with the Queen's Hockey Club, of London, England, it was announced here yesterday. Gus Ogilvie, executive of the Montreal Royals Hockey Club, who made arrangements with the players, stated they will sail for England on Friday along with Howie Grant, Montreal amateur star, who is going to Prague as playing-coach of the Czechoslovakian hockey team.

Shields Leaves Blackhawks

OTTAWA, Oct. 25. - Reg. Shields, Ottawa amateur, who has been trying out with Chicago Blackhawks at Urbana, Ill., will not turn professional this year, it was learned here yesterday. He expects to return to the Maritimes where he played last year.

CARNERA DRAWS \$90,000 GATE

ROME, October 25. - Primo Carnera, world's heavyweight boxing champion, successfully defended his title against Paulino Uzcudun yesterday before an official attendance of 55,000, according to figures released today. The gate receipts were unofficially estimated at 1,200,000 lire (about \$90,000).

MAR. BRANCH SEEK REVISION AMATEUR CODE

(Canadian Press) AMHERST, N. S., Oct. 25. - Modification of the rules that draw a sharp division between amateur and professional athletics in Canada was advocated today by the Maritime Provinces branch of the Amateur Athletic Union of Canada at its annual meeting.

By resolution, the organization decided to instruct its delegates to next month's annual meeting of the Amateur Athletic Union of Canada to seek a revision of the present code to bring it in line with that effective in Great Britain, particularly with respect to Olympic competition. President James Wry of the Maritime Hockey Association moved the resolution after the branch president, C. C. Gillespie, had reported on the findings of a special committee appointed last year to enquire into the attitude of other countries, allied bodies and branch members.

Newsprint Firms Reach Accord

WASHINGTON, Oct. 25. - (C.P.) - The International agreement reached by Canadian and United States newsprint manufacturers calling for a minimum net delivery figure of \$40 a ton through 1934 will be effective in the United States only. The announcement was made tonight as General Hugh Johnson, Director of the NRA, continued study of the pact reached here Tuesday.

Judge Withdraws Vagrancy Charge

(Canadian Press) HAMILTON, Ont., Oct. 25. - "It is hard to convict a man under this section these days," Magistrate H. A. Burbridge said when Gerald Fitzgerald of Halifax came before him on a charge of vagrancy. The charge, based on evidence Fitzgerald had sought lodgings and intimated to the landlord his baggage was at the railway station, whereas he actually had none, was withdrawn because he had no police record.

QUEBEC, Oct. 25. - Gaspe Bay in the neighborhood of Peninsula has been dragged under the direction of Provincial Police, without yielding any further clue to the fate of Marguerite and Maude Ascah, teen-age cousins who have been missing from their homes there since August 30. Reports to the Attorney-General's Department here today from provincial detectives at Peninsula were to the effect that there was no new development in the case.

RAYMOND IS WINNER OF BIG HANDICAP RACE

33 to One Shot Wins 94th Running of Cambridge Stakes - Favorite is Fourth.

NEWMARKET, England, Oct. 25. - (C.P.) Cable - Running a fine race throughout Sir Abe Bailey's three year old colt Raymond starting at odds of 33-1 this afternoon won the 94th running of the Cambridge Stakes, great Autumn handicap.

Raymond swept past the finish line two lengths in front of Sir Ernest Tate's Denbigh, a 20-1 shot, with St. Thomas Putnam's Stally, at 50-1, third another three-quarters of a length back.

The field of 26 included His Majesty's good colt, Limestone, the favorite at 8-1. Limestone was a factor in the early stages of the mile and an eighth test but faded near the end to finish in fourth place. All the other public choices were unplaced.

A tremendous crowd, including the King, the Queen and the Prince of Wales, turned out to see the last great race of the turf season despite miserable weather conditions. An early rain stopped by post time but there was a strong cold wind and women huddled in their coats while the horses paraded.

The appearance of their Majesties in the royal box was the signal for an ovation, the crowd shouting: "Good Luck - Limestone will win for you."

Limestone however failed in the closing drive as the long shots went on to take all the money.

Unusual interest attached to the race because it decided an Irish Hospital's Sweepstakes and disposition of some \$8,500,000 in prize money. Only one Canadian, Ira N. Kirk of Oranville, had a ticket on the winner - worth \$140,000 - and he sold half his share for about \$4,000. N. J. P. Ambrose of Montreal, drew down \$70,000 for his ticket on Denbigh. No Canadians drew Stally.

The winner a three year old bay colt by Gainsborough, the season's leading sire, out of Nipsquit, carried 116 pounds compared to top weight of 133 for Dastur. Nicolai was the winning rider. Denbigh was allotted 121 pounds and Stally was one of the low-weights with 97.

NORWEGIAN ADVENTURER IN HALIFAX

Twenty-eight Year Old Youth On World Tour Accompanied By Dog and Cat.

(Canadian Press) HALIFAX, Oct. 25. - Alton Hanson, 28-year-old Norwegian adventurer who sails the ocean trails with a dog as mate and a cat as crew, brought his sturdy sloop Mary Jane into Halifax today out of a storm that kept many a larger craft in harbor.

Montreal was his last port of call on a journey from the Gulf of Mexico to the Atlantic via the Mississippi River, the Great Lakes and the St. Lawrence. He left Montreal two weeks ago and had a rough trip down the coast.

Will Be Overhauled Tomorrow the little sloop will go on the marine slip for a complete overhauling before she sets sail on a 2,300-mile non-stop voyage to Cape Verde Islands. "After that it will be Africa, South American and I haven't decided where after that," said Hanson today as he tied up at the dockyard. Commanders, seamen and land-lubbers alike had watched with admiration as the smiling wanderer brought the sloop, proudly flying

Fireworks Fail To Materialize At Annual Meeting

President And Secretary Of M.P.B.A.A.U. Of C. Returned To Office Unopposed - Several New Mar. Records Approved

(Canadian Press) AMHERST, N. S., Oct. 25. - Expected fireworks failed to materialize at today's annual meeting of the Maritime Provinces branch of the Amateur Athletic Union of Canada, and 57 delegates went through a long business agenda with precision and dispatch.

Looked for opposition to the re-election of President C. C. Gillespie of Moncton, N. B., collapsed and the Maritime sport ruler was returned to office for another term. Secretary C. D. Shipley was returned unopposed also, with Vice-presidents Byron Brown and Gus Ohlholm. Thomas L. MacDonald was elected over Peter L. Judge to the other vice-presidency.

There was little discussion over the question of paying expenses of Yarmouth Gateways for time spent in Springhill during extra games with the Fencibusters in the Nova Scotia baseball semi-finals. After brief discussion, the branch ordered that Gateways be paid \$700 to be borne jointly by the Branch, the Springhill Club and the Nova Scotia Baseball Association.

Finances of the Association hardly warranted this payment, the meeting was informed by its Secretary, L. G. Ferguson. To this President Gillespie replied the Nova Scotia organization would either "pay it, or go out of existence." He suggested clubs throughout the province be canvassed for financial aid.

Today's meeting was a record breaking one for the Branch in number of delegates attending. The 57 club representatives, drawn in large numbers apparently, by prospect of a tumultuous gathering, carried 77 votes. They sat four hours. Annual report of Secretary Shipley was well received. It showed a total registration of 3,292 athletes, divided between 2,049 seniors, 792 intermediates and 451 juniors. The financial statement showed a bank balance of \$1,217.49, largest in the organization's history. A number of Maritime records were approved by the meeting, and they will be submitted at next month's annual meeting of the Canadian Amateur Athletic Union. Included was the mark of 49 3-5 seconds set up by Frank Nicks, young Halifax star, for the quarter mile.

Request of the Saint John Y. M. C. I. that the Maritime boxing championships be staged by that club in 1934 was approved by the Branch.

A protest was received from the University of New Brunswick against Maritime intercollegiate champions being forced to play a semi-final game for the McCurdy rugby cup. It was claimed they should enter the finals automatically. The question was handed over to the executive to take up with the Canadian Intercollegiate Union.

Abel Signs With Blackhawks

(Canadian Press) CHICAGO, Oct. 25. - Frederic McLaughlin, president of Chicago Black Hawks giant defence man, left here today for Champaign, Ill., where the president will review the 1933-34 edition of his team.

Abel arrived here yesterday and signed his contract for the coming season. This leaves only two members, Tommy Cook and Lionel Conacher, unsigned. Cook is expected tomorrow while Conacher, who has been playing pro football in Toronto, will report later in the week.

The Hawks have been training on the University of Illinois rink for 10 days.

WASHINGTON, Oct. 25. - A copy of Dryden's poems published 135 years ago, is to make its third trip to the Polar regions with the Richard E. Byrd Antarctic expedition. It is perhaps the only book in the world to travel so extensively in those icy sections. The book was left in the Arctic by Sir John Franklin, and found in an igloo cache 70 years later by the Peary expedition. It was given by Peary to Dr. Louie Wolfe, physician for the expedition, who presented it to Miss Edith Palmer of Milbrook, Dutchess County, New York. She gave it to Byrd some time ago.

BIG BOXING BOUTS AND SPORTS In Kensington Rink

Saturday Night, October 28th, 1933

SITE FOR FINAL GAME UNCERTAIN

Kiwanis Return to St. Stephen - Wait Deciding Encounter to be Played in Moncton.

(Canadian Press) SPRINGHILL, N. S., Oct. 25. - When and where Springhill Fencibusters and St. Stephen Kiwanis will conclude their Maritime baseball championship series was uncertain tonight. After seeing the final game washed out by rain on two successive days, the New Brunswick champions had returned home, and Fencibusters awaited word as to their future plans.

With the series deadlocked at two-all, the teams had prepared for Monday's final game, only to have rain leave the diamond muddy.

More rain halted the series again Tuesday, and Kiwanis decided to return home.

Before leaving, representatives of the New Brunswick team said they would travel to Moncton, N. B., for the deciding game "on the first fine day." Members of the Springhill outfit suggested, however that Kiwanis return here Monday. There has been no answer from St. Stephen to this suggestion and the time and place of the final encounter remain doubtful.

TESTIFIES IN COAL PROBE

(Canadian Press) QUEBEC, Oct. 25. - Canada enjoys lower coal prices "than most other countries forced to import coal," Sir Alfred Cope, President of Amalgamated Anthracite Collieries, of South Wales, testified today at the continued trial in court of King's Bench of six coal companies charged with forming a combine to maintain the price of "Canada imports her coal in summer while prices are low while most other countries import during the high-price winter season" Sir Alfred stated. He went on to say: "We are certainly saving \$2,000,000 a year for Canadian consumers. This has particularly been the case during the recent years when exchange has been favorable to Canadian buyers."

About 1,000,000 tons of Welsh coal were imported to Canada for distribution in Montreal, Quebec and Toronto last year, Sir Alfred continued. "British Coal Corporation imported 62 percent of the total tonnage, Scotch anthracite imported 22 per cent and other importers received 26 percent," he said.

"Why did your Company specify that Canadian importers should not sell below the price agreed upon?" queried Alme Geoffrioum, K. O., counsel for several companies.

"Because these prices in most cases only covered expenses and because a price war would inevitably have resulted in losses for both importers and exporters of coal," Sir Alfred replied. He testified his company determined the price of coal and that British Coal Corporation simply acted as the agent of amalgamated in Canada, Weaver Coal Company and Canadian Import Companies buying their coal from the corporation and selling on a commission basis.

Sir Alfred stated that from 1924 to 1928 his Company and the Weaver Firm had lost \$800,000 in the Canadian trade in Welsh coal and that other importers of British coal had lost \$700,000 "roughly, \$1,500,000." That factor had determined their "joining forces" to handle future trade.

Sir Alfred recited the number of commercial risks assumed by coal importers in Canada, stressing the danger of coal being reduced to "dust" while in transport and being decreased sometimes from \$10 to \$3 a ton in value. Demand for coal also had to be gauged and ships retained in advance. If these calculations went awry - if too few or too many ships were chartered - the cost of coal was greatly increased.

Saint John Entry Is Assured For Maritime League

Long Grind Leading To Allan Cup Starts On November 20th Each Squad Playing Twenty-one Home Games.

(Canadian Press) AMHERST, N. S., Oct. 24. - (C.P.) - It's the "Big Four" now. The "Big Three" of seaside hockey went out of existence tonight when the Maritime Hockey League approved a schedule including Saint John Beavers a new entry, in the season's play.

Entry of the Beavers was assured by Manager Brad Gilbert, who said the New Brunswick club would put a strong team on the ice against Moncton Hawks. Allan Cup holders, Charlottetown Abegweits, and Halifax Wolverines. He declined, however, to disclose his contemplated line-up except to officials of the other teams.

They said later the Saint John team should make a strong bid for league honors.

The teams will open the seasonal battle this year on Monday, Nov. 20. Each team will play 21 home games, and the league will close on Feb. 26 next.

Three teams will qualify for the playdowns, with the league-leading outfit receiving a bye into the finals. Second and third place teams will play two out of three games for the right to play off, and the finalists will meet in a three-out-of-five series. The final games will open on the league-leaders' home ice, and the scene will alternate after each game.

Friday Jan 5 - Moncton at Charlottetown. Friday Dec 22 - Moncton at Halifax. Monday Dec 25 - Charlottetown at Saint John. Monday Dec 27 - Moncton at Saint John.
