Fine Hazards Grow With Advance Of Science

Electricity, unquen power transported for miles through fine copper wire—automobiles, changing the lives of all of us—radio listening to progress produced thousands of miles away—aviation, winged arguments, speeding through space. Is there any limit to how far civilization can advance?

All of these marvelous inventions and many others result from man's constant search for improvement. And yet, while our activities are creating new devices for utility and comfort, these very activities are creating new fire hazards—multiplying the ways fire may start and in-

IT IS MORE
than simply taking a measure. That is only the start; for we build a suit upon a pattern that we have designed; and the result is a creation that makes a man distinctive because of his dress. We can make you a man among men if you will let us suit you with a suit custom tailored to your individual measurement.

Tropical ports of the Caribbees!

2 WEST INDIES CRUISES

OVER the tropical Blue Mountains to Port Antonio, Jamaica. Where the ocean is streaked pink—truly! And the land is a sea of waving palms. Watch the torcedors in Caracas—how those South American *hombres* love a fight! Dance to exotic music in Havana. How about a nice big sponge from a Nassau market—perfumes from Curacao—colorful Chinese silks from Colon? You'll have a dandy time from start to finish—when you sail on the Duchess of Bedford. 29 days of perfection—in service, cuisine, entertainment, cost. Leave New York January 9 or February 11—for 14 fascinating ports! Fares from \$306. Apply local agent or

THE PROPER COOKING UTENSILS
are an important item in the preparation of a meal. And, as the average housewife has three meals a day to prepare, she should have the kind of utensils that will lighten her work. The kind we feature are exceptional in that they are long wearing, easily kept looking bright, and yet are low in price. We invite your inspection.
