

Easy to operate. Easy to clean. Easy to protect.

Water Pan is properly placed. Asbestos Lining prevents too rapid evaporation of water.

The Feed Door of a No. 200 Sunshine Furnace is 12 x 13 inches. This means that the largest shovel can safely be emptied into our smallest size, and that good-sized chunks of wood require no chopping in order to be used as fuel.

To keep the correct humidity for sanitary purposes, we place the water pan in

SUNSHINE FURNACE

right over the main door, a place where the heat and the householder can reach it. So in Sunshine Furnace the water never gets stagnant, and the householder never complains about the awkwardness of pouring the water in.

Automatic Gas Damper allows furnace to be checked shortly after cooling. This saves fuel and protects plants in rooms above.

To make "Sunshine" the easiest-to-be-cleaned furnace, we construct two side doors, and place same not only at an equal distance from each other, but at an equal distance from the large feed door. So the operator with an ordinary soot-cleaning brush can go completely around the radiator without inconvenience and what is more important still, can do this without having to put out the fire or take down the smoke-pipe.

WHY YOU SHOULD USE SWIFT'S ANIMAL FERTILIZERS

- First. They are made from Rendering House materials.
- Second. They are Nature's products, restoring fertility.
- Third. They produce humus, which stores moisture and nitrogen.
- Fourth. They are the best substitute for barnyard manure.
- Fifth. They do not exhaust the soil, but are soil builders.
- Sixth. They contain potash in the best forms adapted to crops.
- Seventh. They are SWIFT, SUPERIOR, SURE, and active all the time.

The ANIMAL materials from which our Fertilizers are made are by their very nature the most powerful Crop Producers known.

Organic Matter when added to soils improves them; the clays open, air and water more freely enter and do good; the barren sands more tightly grasp food and water, and holds them longer for growing plants.

Organic matter warms the heavy clays and lessens the burning of the sands and it increases available plant food in all soils.

We have just received our stock of the above fertilizer in the following brands:—

- Empress Brand Bone Fertilizer For Grain.
- Potato Manure For Potatoes.
- Potato Phosphate

Ground Bone—for grass
Animal Brand—for all Crops.
All of which we are sell at lowest prices.

SUNDAY SCHOOL LESSON

June 6th, 1908.
The Power of the Tongue James 3: 1-12.

Golden Text—Whoso keepeth his mouth and his tongue keepeth his soul from troubles. Prov. 21:23.

This chapter continues the thought of last week's lesson, based on the previous chapter.

Verse 1—What class of persons are most likely to want to rule, or be "masters," those engaged in good works or those who neglect them?

Will one who is in rapit love with his fellows want to rule them, or will he judge them harshly?

Unfaithful Christians always put up a high standard for others; what effect will that have upon the standard with which God will measure them? (See Matt. 7:1-5.)

Verse 2—How much of our trouble and how much of the trouble we make for others is caused by our tongues?

If a man does not do any harm by his words, is he very apt to do any otherwise?

If a man says hard and unkind things about his neighbors, and intentionally wounds the feelings of others by his words, is he necessarily a bad man?

Is the control of the tongue the key to the control of the entire man?

Verse 3—It takes an iron bit to control a horse, what is the "bit," which will effectually control the tongue?

In what respect is an ungoverned tongue like a runaway horse with a broken bit, and what are generally the results in each case? (This question must be answered in writing by members of the club.)

Verses 4-5—It is actually so, that

the tongue is to the man what the rudder is to the ship, that is, does the tongue govern the influence of the man?

Is it necessary at all times to watch our tongues, compelling them to refrain from wrong words, and to use right words; just as the man at the wheel of a ship controls the rudder with vigilant watchfulness?

Is the tongue capable of setting a church or a neighborhood all ablaze with scandal, just as a match may set fire to a city?

Verse 6—What are some of the many "iniquities" which the tongue can cause?

Can you recall and mention some of the moral poison emitted by an evil tongue?

Do persons with an evil tongue always draw their inspiration from "hell"?

Verses 7-8—Man can do very wonderful things, in training animals and controlling the forces of nature, but cannot "tame" the human tongue, nor destroy its poison; to whom may we apply to have this effectually done?

Verses 9-12—If a man uses his tongue both for bad and for good for "blessing and cursing," does this not stamp him as a rank hypocrite? Is it possible for a person with an evil tongue, to be at the same time well pleasing to God?

Lesson for Sunday, June 13th, 1909.
Heroes of Faith. Heb. 11:1-40.

Portrait Artist 208 W. 1st St. New York

Synopsis of Canadian North-west Land Regulations.

ANY person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or its Agency for the district. Entry may be made at any Agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him or by his father, mother, son, daughter, brother or sister. In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$2.00 per acre. Duties. Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate 17 1/2 acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may later purchase in severalty in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORY,
Deputy Minister of the Interior.

These home to the owner's stable until the following Monday.

The above route will be continued fortnightly during the season, health and weather permitting. Terms \$7.00, chance; \$10.00 for season. Mares at owner's risk.

At the Prince County Exhibition last fall, Honesty's colts took 1st and 2nd prizes for best cart colts of 1908.

HONESTY is a magnificent Clydesdale Stallion rising eight years old and weighing 2200 lbs. He was brought from Scotland in 1870. His sire, Prince of Coosa, has a service fee of \$10.00 and he cannot be bought for \$100.00. Honesty is a perfect type of the Clydesdale horse. PEDIGREE: Sire, Prince of Coosa, 1820; he by His Roy, 1820; he by His Roy, 1820; he by President, 289; he by Clydesdale Tom, 17; 2nd dam Darling of Bickerton, 1389; 2nd dam Forest Molly, 1708; 3rd dam mott. —LEONARDSCHURMAN, Owner, JOHN JACK, In Charge.

I'll Explain Why I Always Drive a GENDRON

"You see the breaking of the springs causes us baby drivers more trouble than any other weakness in carriage cars. But there is no spring weakness in the GENDRON car. Note that double curve. It is exclusive with the GENDRON. It so distributes the strain that the spring never breaks. And then the wheels,—you see they are specially welded, and cannot warp or break.

Note also that little rubber cap over the nut of the axle. Sometimes when I have a restless passenger, I want to drive the car around the house without scratching the furniture—it is a little point, but a good one. The materials for all the GENDRON cars are the very best in the bodies, tops and every other part. There is style and service in every GENDRON model—Canadian made, so that any unexpected accident can be easily remedied."

"The Gendron Driver"

SOLD BY ALL FIRST-CLASS DEALERS.
WRITE US IF YOUR DEALER DOESN'T CARRY THEM.

Gendron Manufacturing Co., Limited

TORONTO

High Grade English Fertilizers

SUPERPHOSPHATE, NITRATE OF SODA, KAINIT, MURIATE OF POTASH, SULPHATE OF POTASH, BONE MEAL,

containing highest percentage of soluble and available plant food in the best and economical forms known to agricultural science.

Each ingredient sold separate and unmixed as USED IN ENGLAND enabling the farmer to obtain his fertilizing materials at the lowest possible cost and in the proportions best adapted to his particular requirements of soil and crop, paying no "manufacturers' profit which on most brand amounts to 25 per cent. The farmer saves this while

No better Fertilizers can possibly be manufactured. 18 years constant use of these manures by our most progressive farmers prove their superiority over all others on the market. Send for pamphlets, "The potato crop in Canada" "Food for plants" and etc, free on application

Race Record 219 Do you know him?

Ever yhorseman knows him to be king of sires for the Maritime Provinces of 1908, with 2 to 1. He was a champion colt trotter, and is a sire of champion colt trotters, he has ten in the standard list to-day, and a dozen more ready to drop with the asking. 3 of his colts have brought in upwards of \$2,000 in the last few months

Did you see him and his four year old son "Ozen" D. (3) 2,27, 4 step an exhibition mile at the Kings County fair last September at Georgetown in 2:25, without any preparation. "He is a dandy". Did you ever see the like? was the expression of every one, and it was well said for it was never before equalled in King's County. If you don't know all about him, look him up, before you risk breeding your valuable mare elsewhere.

I have a little book which is yours for the asking, that will tell you all about the Leading Sire of the Maritime Provinces and his progeny. "BRAZILIAN" will make the season of 1909 at owner's stable, Montague. For further particulars, terms, etc call and see, or write the owner.
