Hayes And Chamberlain To Officiate At Local Hockey Referees School

It was released officially by the Department of Physical Fitness last night that Mr. George William Hayes of the National Hockey League refereeing staff and Mr. Edwin "Murphy" Chamberlain, former top-notch player in the National Hockey League and now coach of the Sydney Millionaires of the Cape Breton Senior Hockey League, will be the two prominent instructors who will conduct the second annual Island Coaches and Referees Hockey School to be held in Charlottetown on the 9th, 10th and 11th of December.

The school, which was instituted here last year under the direction of the Department of Physical Fitness, and was run off with much success under the guidance of Frank "King" Clancy and Pete Kelly, will again offer a great opportunity to would-be coaches and referees from all parts of the Province and possibly the Maritime Islands as well under the experienced and capable instruction of these well-known figures in the hockey world.

Mr. Hayes, who has been brought here through the efforts of the Director of Physical Fitness, Brigadier W. W. Reid, in co-operation with Mr. Clarence Campbell, President of the National Hockey League, is currently in his fourth season as a N.H.L. official, and came to hockey's major job with a highly impressive refereeing background. The well-built arbiter was born in Montreal on June 29, 1917, and resided in the Canadian metropolis until 1924 when he moved to Ingersoll, Ont., where he now makes his home. Before taking up hockey refereeing in 1940 he participated in such sports as hockey, baseball and football. He has refereed a total of 108 amateur hockey games in 1945-46, and began his officiating career in the Ontario Minor Hockey Association and Ontario Rural Hockey Association during the season of 1940-41. He spent the next two seasons in the O.H.A. and in 1943-44 and 1944-45 was a referee in the American Hockey League and along with "Rabbit" McVeigh, refereed the American League finals between Cleveland and Buffalo in 1944.

His capable co-instructor, who will handle the practical end of the hockey instruction at the school, "Murphy" Chamberlain, needs no introduction to hockey fans here, as he has been among the best of the National Hockey League ranks for a great number of years, as a member of both the Toronto Maple Leafs and the Montreal Canadiens Hockey clubs. He retired from the latter club at the end of last season to bring a brilliant hockey career in the National Hockey League to an end. Mr. Chamberlain, who kindly consented to come over and assist Mr. Hayes with the school, will not be here in time for the opening of the school, but will arrive on Saturday, December 10th and will remain for the last two of the three-day school. It is understood that both will officiate at a special hockey game being arranged to be held as part of the program.

North Sydney Vics Down Slipping Moneyman 4-3

NORTH SYDNEY, N.S., Nov. 17 (CP)—Bob Menzies blasted some goals with just two minutes to go in the Cape Breton Senior Hockey League game last night to enable North Sydney Victorias to crush the slipping Sydney Millionaires 4-3.

The win pushed Vics within two points of the top-rung Gloucester Miners and the Millionaires three points behind them.

North Sydney tied and won the game in the last period. As the season opened, Millionaires were sporting a 2-2 lead. Kent Storey scored unassisted to pull Vics even and then Menzies came through with his game winner. Grant Hall and Lou Medynski added the other Northside goals. Mac Beaton, Johnny Myketyk and Bob Gray scored for Sydney. Conroy Don (Whip) Whalen of Millionaires, back in action after a long layoff with a shoulder injury, threw two assists.

Sydney scored first after the nine-minute mark. It was Millionaires' first goal in 184 minutes of play. Mac Beaton scored their last one eight days ago and he broke the famine tonight.

Medynski evened the score but Myketyk sent Sydney ahead 2-1 at the end of the first. Hall and Gray scored within 35 seconds of each other in the middle period and Sydney maintained their one-goal margin. Vics yanked this from under them in the third and ran up their one lead.

Line-ups: Goal, Pidosny; defence, Ross, Matthews; centre, Whalen; wings, MacIntyre, Beaton; subs, Bowness, Platz, Greenlaw, Burukow, Hildebrand, Gallagher, Roach, Myketyk, MacDonald, Gray. North Sydney: Goal, Murphy; defence, Kornek, Travis; centre, Storey; wings, Menzies, Gibson; subs, Bangs, Verrier, Maranski, Kromm, Hall, Russell, Stark, Yost. Officials: Elliott and Ullman.

SUMMARY
First Period
 1—Sydney, Beaton (MacIntyre, Whalen) 9:24.
 2—North Sydney, Medynski 14:23.
 3—Sydney, Myketyk, 16:37.
 Penalties: Bowness, Gray.

Second Period
 4—North Sydney, Hall (Kromm, Kornek) 8:23.
 5—Sydney, Gray (Whalen) 8:58.
 Penalties: Gray, Bowness.

Third Period
 6—North Sydney, Storey, 7:03.
 7—North Sydney, Menzies (Storey, Simpson) 17:58.
 Penalties: Medynski, Bowness, Yost.

Halifax In 8-7 Victory Over Moncton Hawks

HALIFAX, Nov. 17 (CP)—Halifax St. Mary's skipped past Moncton Hawks 8-7 tonight in a first-place tie with Saint John Beavers in the Maritime Senior Hockey League.

Halifax ran their home-ice undefeated string to 11 games in pushing Hawks farther down the ladder. Moncton now trails Beavers and St. Mary's by nine points, but are still 16 points up on the last-place Amherst Ramblers.

On Wednesday evening, there was a matter which was brought up that space did not permit mention in the regular account of the meeting, but which we would like to make mention of here as it is of considerable importance.

The subject deals with the newly adopted policy instituted by the faculty of Queen Square School as it regards the academic and athletic activities of the students of that institution, which was explained to the meeting by Professor J. W. F. McCallum of the Queen Square School faculty and a director of the Abegweit Club.

Mr. McCallum explained that due to the fact that some of the students were inclined to put their sporting activities above that of their academic accomplishments, the faculty decided that they would have to take more stringent methods in suppressing this action. They have laid down a policy whereby a student who does not make a monthly average of at least 60 per cent will not be allowed to take part in sporting activities in the school for every month he is below that average.

He said that he knew that many of the boys were playing on teams with clubs and groups, and appealed to the officials of these teams to cooperate with the school in carrying out this policy, and not to encourage those who would not be allowed to take part in sporting activities to participate on their teams. To do so, he said, would be only doing the boy harm and working against the policy of the school which has been laid down in the interests of the individual.

Mr. McCallum said that he realized that the athletic activity in the school was an important factor in their scholastic training, but that considering the fact that the 60 per cent deadline is five per cent below actual grading average, that they weren't being too severe in their scholastic training, but that they really wanted to participate in sport would not have any difficulty in reaching this requirement, which would act as an incentive for the boy in keeping up his academic studies.

In reply to this appeal, the president of the Abegweit Club, Mr. P. W. Turner, gave his assurance to Mr. McCallum and his staff, that they would co-operate in every way possible and added that he thought it was a very wise and sensible policy for the school to adopt. Mr. Turner, head of the Physical Fitness and Professor Gordon Bennett of Prince of Wales College, also supported the proposal in full and offered their assistance in every way possible.

This writer had the privilege yesterday of viewing two hockey sticks which have been signed by all the members of the Montreal Canadiens hockey team of the National Hockey League, which include such well known players in the realm of hockey as Maurice "Rocket" Richard, Bill Durnan, Elmer Lach, Bill Reay, and Kenny Reardon, etc.

The sticks were obtained through the efforts of local hockey officials and the kindness of the Montreal Hockey Club, and will be put up for sale at the forthcoming Rotary Auction in aid of the Crippled Children's Fund. It is hoped that two sticks will also be received from the other Canadian entry in the N.H.L., the Toronto Maple Leafs, inscribed in a like manner with the signatures of the members of the team.

Officials of the Abegweit Club announced yesterday, that they will hold their first practice session for their hockey team entry in the newly formed Maritime Physical Fitness Intermediate "A" Hockey League at the Forum on Monday evening at six o'clock and that all players interested in making a berth on the team are asked to turn out.

Sport Echoes From Prince County

Out of a welter of argument and counter-argument the new Prince Edward Island intermediate "A" hockey league has taken shape. For a while it looked as if the opposing factions were too far apart to ever achieve unity of purpose but with a bit of give and take the difficult task was completed. We wouldn't know, but someone has said that the last Island hockey league functioned in 1930. At that time interest was at fever pitch and if we can re-capture this fan enthusiasm the new Island circuit should go over with a bang.

The new league is fortunate in having such a leader as Rev. Fr. George McDonald, Father George is self-spoken, has plenty of tact and ability to steer the executive through difficult situations. We have absolute faith in his sense of justice and fair play and feel that all teams will get a square deal with Father George in the chair.

Though no schedule has been drawn up as yet we gather from tentative talks on schedule plans that each team may play two home games and two games away from home with each of the other teams with the possible exception of St. Dunstan University. The S.D.U. squad is playing a "round robin" series with Mt. Allison, U.N.B., and St. Thomas in their intercollegiate series, and because of this it was thought desirable that the university team play only one home-and-home series with the Crystals and R.C.A.F. with four points for a win and two for a tie. Of course there is nothing definite about this as the set-up may be changed when the executive get to work on drawing up the schedule. But if the above plan is followed, and if the local R.C.A.F. team decide to play their games in Crystal Rink, we are thinking it would mean eighteen games in the local rink not including the play-offs.

This would certainly provide the local rink management with plenty of major games this season. There is nothing definite yet, however, as to whether the local rink will function at all, and this keeps the teams' plans pretty much in the air. The Crystals will, of course, have to wait and see what is to be done about the Crystal Rink, but there is no guarantee that the airman will do likewise, if something definite is not known soon. The flyers have every right to know the score before long, and may negotiate with Bedeque or Kensington if the local situation does not clear up in the near future.

We quote from the "Flashbacks" in the Summerside Journal: "40 years ago—The contractor is rushing work on the new rink. The trusses are all in position, and it will not be many more days before the building is roofed in." As far as our Crystal Rink is concerned, it can hardly be said that "Life begins at forty" but we do hope at least, that life will not end at forty. Maybe 41 would be all right.

It looks as if the R.C.A.F. hockey squad might be fairly hard to take in this Island League. They have some players whose reps are quite imposing. John Denis played with the Montreal Royals (Juniors); Kilgour played with North Bay, Hofstrand was with the Regina Capitals, Britt Johnson was a member of the University of Montreal aggregation, Chuck Hume played with the Trenton Flyers, and Adamie is reported to have played with the Edmonton Juniors.

In basketball they seem to have been materially strengthened also. Lowe averaged 20 points a game with Sault Ste. Marie, the team that was defeated by St. F.X. by three points in '48. This team was Dominion champs in '47. Eckley played with the Trenton Flyers in a 16-round feature bout. Jack Murphy was a member of the Clinton Radars, Western Ontario Basketball Association, George Ryder and Ralph Annis played on the same team as Murphy.

Everything is all set for Saturday's big boxing card in the new curling rink in Summerside, under the direction of Jimmie Hogan, Director of Physical Fitness for Prince County. With Big Boy Peterson and Reg O'Brien, two hard-hitting heavyweights as the feature attraction, the new rink will probably be taxed to its capacity to house the large crowd that is expected.

Canadian Rugby Union's restriction of five imports to a team. Hayman sent his team through a stiff workout tonight and planned another tomorrow, in daylight.

"We aren't even thinking about anything beyond Sunday's game. If we get by that into the East-West classic, well and good, but we have this tough Tiger team facing us now."

SUGAR PRODUCTION
 OTTAWA, Nov. 17 (CP)—The Canadian sugar industry turned out products last year with gross factory value of \$113,510,547—the highest of any year since production of \$119,086,731 in 1920; production of refined sugar was 1,358,138,000 pounds, compared with

IN THE CORNER

At the annual meeting of the Abegweit Amateur Athletic Association, which was held at the City Hall on Wednesday evening, there was a matter which was brought up that space did not permit mention in the regular account of the meeting, but which we would like to make mention of here as it is of considerable importance.

The subject deals with the newly adopted policy instituted by the faculty of Queen Square School as it regards the academic and athletic activities of the students of that institution, which was explained to the meeting by Professor J. W. F. McCallum of the Queen Square School faculty and a director of the Abegweit Club.

Mr. McCallum explained that due to the fact that some of the students were inclined to put their sporting activities above that of their academic accomplishments, the faculty decided that they would have to take more stringent methods in suppressing this action. They have laid down a policy whereby a student who does not make a monthly average of at least 60 per cent will not be allowed to take part in sporting activities in the school for every month he is below that average.

He said that he knew that many of the boys were playing on teams with clubs and groups, and appealed to the officials of these teams to cooperate with the school in carrying out this policy, and not to encourage those who would not be allowed to take part in sporting activities to participate on their teams. To do so, he said, would be only doing the boy harm and working against the policy of the school which has been laid down in the interests of the individual.

Mr. McCallum said that he realized that the athletic activity in the school was an important factor in their scholastic training, but that considering the fact that the 60 per cent deadline is five per cent below actual grading average, that they weren't being too severe in their scholastic training, but that they really wanted to participate in sport would not have any difficulty in reaching this requirement, which would act as an incentive for the boy in keeping up his academic studies.

In reply to this appeal, the president of the Abegweit Club, Mr. P. W. Turner, gave his assurance to Mr. McCallum and his staff, that they would co-operate in every way possible and added that he thought it was a very wise and sensible policy for the school to adopt. Mr. Turner, head of the Physical Fitness and Professor Gordon Bennett of Prince of Wales College, also supported the proposal in full and offered their assistance in every way possible.

This writer had the privilege yesterday of viewing two hockey sticks which have been signed by all the members of the Montreal Canadiens hockey team of the National Hockey League, which include such well known players in the realm of hockey as Maurice "Rocket" Richard, Bill Durnan, Elmer Lach, Bill Reay, and Kenny Reardon, etc.

The sticks were obtained through the efforts of local hockey officials and the kindness of the Montreal Hockey Club, and will be put up for sale at the forthcoming Rotary Auction in aid of the Crippled Children's Fund. It is hoped that two sticks will also be received from the other Canadian entry in the N.H.L., the Toronto Maple Leafs, inscribed in a like manner with the signatures of the members of the team.

Officials of the Abegweit Club announced yesterday, that they will hold their first practice session for their hockey team entry in the newly formed Maritime Physical Fitness Intermediate "A" Hockey League at the Forum on Monday evening at six o'clock and that all players interested in making a berth on the team are asked to turn out.

20 Minor League Baseball Players Head For Majors

CINCINNATI, Nov. 17 (AP)—Twenty minor-leaguers, including four bonus players, headed for the majors today as 14 clubs picked up talent in baseball's annual draft at a total cost of \$182,500.

Detroit of the American League and Boston of the National passed up their chances, while Brooklyn made its first draft choice since 1944 in taking Malcolm Mallette, a 26-year-old left-handed hurler, from Sacramento.

Fifteen of the 20 were selected from the triple-A clubs, the Pacific Coast loop surrendering seven, the International five and the American Association three. Two leaped from the double-A Texas loop, and one from the Southern Association of the same classification.

The American loop picked up 12 of the 20, Washington and Philadelphia leading with three each. Cincinnati was the only National team to select more than one, the Reds grabbing a pair.

Bonus players who headed toward big-league camps are Hugh Radcliffe, Toronto pitcher drafted by the Yankees; Henry Wyse, an 18-8 pitcher with Shreveport, who goes to the Athletics; and Rudy Minarcin of Toronto, a 19-year-old hurler who won 6 and lost 12 for Utica, taken by Cincinnati.

Radcliffe, paid \$40,000 by the Phillies for signing, was out most of the season in registering a 1-1 season at Toronto.

Philadelphia Athletics and St. Louis Cardinals dipped deepest into the grab bag. The Athletics paid \$4,000 for pitcher Ed Hrabczak who won 19 games and lost seven with Stamford of the Class-B Colonial League, where he fanned 234 and allowed 188 hits in 225 innings. The Cardinals paid \$6,000 on the line to get outfielder Harold Stamey from Utica, N. Y., the bonus player having batted .311 for Americas, Ga., in the class-D Georgia-Florida loop last season.

The \$182,500 price tag exactly matched that of the 1948 draft when 19 players were picked, but was far under the \$275,000 of 1947, when 29 moved up.

Line-ups:
 Moncton: Goal, Colvin; defence, Fleet, LeBlanc; centre, MacKenzie; wings, Milani, Larlee; subs, McIntyre, Imont, Barkwell, Ryan, Kornek, Porter, Turney, Leckie, McEwen.
 Halifax: Goal, Donlevy; defence, McLaughlin, Steel; centre, Armstrong; wings, Gaudet, Schmidt; subs, Ford, Hannon, McGregor, Brennan, Hollet, Barrett, Sullivan, Powley, Provost.
 Officials: Walsh and Gillis.

SUMMARY
First Period
 1—Moncton, MacKenzie (Larlee) 2:36.
 2—Halifax, Gaudet (Armstrong) 9:02.
 3—Halifax, Powers, 14:28.
 4—Moncton, Milani (LeBlanc, Larlee) 16:24.
 5—Moncton, Imont (McIntyre, Ryan) 18:41.
 Penalty: Powers.

Alouettes Coach Worried Over Game
MONTREAL, Nov. 17 (CP)—The spectre of an upset went into its daily devilish dance before Lehigh's very eyes today and the Montreal Alouettes' coach can see—or talk of—little else.

Priming his squad for Sunday's Eastern Canada football final with Hamilton Tigers, Hayman shuddered every time he thought of all the things that can happen in a game.

Reports among the gambling fraternity of 10-to-5 odds against Alouettes not only failed to impress Hayman but started him worrying all over again.

"We are definitely afraid of an upset," said the coach woefully. "Remember we have lost two good men, Bronco Reese and

Chicago Scores Five Goals In Second Period To Defeat Bruins 8-3

CHICAGO, Nov. 17 (CP)—Chicago Black Hawks scored five goals in the second period tonight to clinch an 8-3 victory over Boston Bruins in a National Hockey League game before 12,661 fans.

Fish And Game Meeting Tonight

"The Maritime duck and goose situation" will be the subject of a special talk given by Mr. Harry Webster, Dominion Wildlife Representative for the Maritimes, who will be the guest speaker at the quarterly meeting of the Prince Edward Island Fish and Game Association, which will be held in the Assembly Room of the City Hall at eight o'clock this evening.

In addition, Mr. Webster's talk will be accompanied by the showing of a number of special wildlife movies.

The meeting will also be of a particular important nature to all who are interested in the protection of the wildlife of this Province, as several important proposals and constitutional changes are expected to be brought up before the meeting in the regular quarterly business sessions.

One of the leading proposals to be brought up and discussed, will be the formation of three fish and game associations, one for each County, with the presidents of each acting on the executive of the Provincial body. Matters dealing with wildlife management and general hunting and fishing improvement will be among other important features to be discussed.

All hunters and fishermen in the Province are cordially invited to attend this meeting, which is expected to bring about some of the most important changes and improvements in the history of the Fish and Game Association in this Province.

Deer Shot In N.B. With 51 Antler Points

PENNSYLVANIA, N.B., Nov. 17 (CP)—A deer with 51 antler points—believed a record for New Brunswick and possibly a larger area—was shot today by Clarence Young of Pennfield Ridge.

Harold Gillespie, local game warden, said he had never seen or heard of a deer with so many antlers. When he first saw the head it had been cut from the animal close to the horns. He described the antlers as "not pretty, but more like a freak."

The usual number of points range from six to 14 said Gillespie. He pointed out a deer's head, found in the Pocologon district some years ago, with 31 points. It was sent to England for exhibition by the New Brunswick Department of Lands and Mines.

Big Jute Producer East Bengal in Pakistan Produces about 80 per cent of the world's jute supply.
