

THIS DATE IN HISTORY

1774—Robert Southey, English poet laureate, born. Died March 21, 1843. 1812—Madrid entered by the British forces under Lord Wellington. 1813—Commodore Perry sailed with his ships from Erie to the head of the lake in search of the enemy. 1830—Completion of the first American railroad, connecting Albany and Schenectady. 1891—James Russell Lowell, the famous poet, died in Cambridge, Mass. Born there, Feb. 22, 1819. 1898—President McKinley proclaimed the cessation of hostilities between the United States and Spain.

Had A Terrible Attack OF DIARRHOEA BUT DR. FOWLER'S EXTRACT OF WILD STRAWBERRY CURED HER.

Mrs. JACOB SMITH, Manor, Sask., writes: "I am pleased to express my gratitude for your remedy in my case. I had a terrible attack of Diarrhoea. Just about every three minutes, I would have a passage, and it would keep this up for a week at a time, causing the passage of bloody water. I was so pained and weak, I could not do anything. Seeing your Dr. Fowler's Extract of Wild Strawberry recommended, I tried it, and it thoroughly cured me. It is the only medicine I will now have for this complaint." DR. FOWLER'S EXTRACT OF WILD STRAWBERRY has been on the market for over 65 years, and is known from one end of Canada to the other as a certain cure for all Bowel and Summer Complaints. When you ask for "Dr. Fowler's" be sure and get it, as there are many imitations. The genuine is manufactured by The T. Milburn Co., Limited, Toronto, Ont. Price, 35 cents.

This brand is known as "Silver Plate that Wears" To buy this ware is to get the best, most service and satisfaction and the heaviest silver plate. Known for over 60 years. Sold by Leading Dealers

A BAKING SUCCESS WHICH YOU CAN DUPLICATE IN YOUR HOME WITH BEAVER FLOUR

BEAVER FLOUR T. H. TAYLOR CO. All this talk about Western wheat flours being "pastry" flours, is just plain talk. Anyone who knows anything about wheat, knows that Western wheat flour cannot and does not, make as good Pastry as "Beaver" Flour. Western wheat has what the bakers call strength. It makes a big loaf of bread—but the bread is spongy and lacks flavor. Ontario wheat, blended with spring wheat, makes the ideal bread and pastry flour. The bakers of Toronto and London—the experts at the agricultural colleges—and thousands of homes in Ontario, Quebec and the Maritime Provinces—have proved that "Beaver" Flour is superior to any Western wheat flour, and is equally good for Bread and Pastry. Try it. DEALERS—Write us for prices on Feed, Coarse Grains and Cereals. THE T. H. TAYLOR CO., LIMITED, CHATEAU, ONT.

DAILY SELECTIONS FOR GUARDIAN READERS

Published by W.S. Louson

OUR LITTLE GARDENS.

Somewhere, back, I found this little clipping: "There are just four kinds of people in this world—people who have no backyards at all, people who own backyards by proxy, people who possess backyards unwillingly and people who live in their back yards."

Eskimos and flat-dwellers belong to the first group, boarders and such of the second, and those who hire gardeners are in the second, business men and bridge-players in the third, while the few who remain are—happy.

If our little plots are to be inviting they must be gay with flowers, vines and shrubs. For a garden that will be prodigal of flowers the first year such annuals as sweet alyssum for borders, asters, both annual and hardy, petunias, nasturtiums, shirley poppies, marigolds, cosmos, larkspur, nicotiana, stocks, sweet peas, little "button" daisies and mignonette may be chosen. These should be arranged with a thought for color combinations and the relative height of the plants.

Among the perennials, irises, yuccas and hard chrysanthemums give effective clusters of bloom in their seasons. Roots of columbine, lily of the valley and peonies, when well placed, will more than repay the care they demand.

HAMILTON CELEBRATES CENTENNIAL. HAMILTON, Ont., Aug. 11.—The centennial week, in celebration of the one hundredth anniversary of the founding of Hamilton, was ushered in today with the opening of a big industrial and historical exposition. The exposition was formally inaugurated by Sir John M. Gibson. Athletic contests, reunions, historical exercises, fireworks displays and parades and pageants of many kinds will fill in the week. The city is decorated as never before in its history. Thousands of Hamilton "old boys, now resident in the States and in western Canada, have returned for the festivities.

TYNES CONVENT IN NASHVILLE. NASHVILLE, Tenn., Aug. 11.—The fifty-ninth annual convention of the International Typographical Union met in this city today with an attendance of delegates from all parts of the United States and Canada. The convention did little more than organize at the initial session. President James M. Lynch presided and responded to the addresses of welcome. Calgary appears to be a strong favorite in the contest for the next convention.

THE CENTRAL GUARDIAN

IT PAYS to buy in this Province.

CAPE TRAVERSE, ETC.—Rev. Jas. McDougall will preach D. V., on Sabbath the 17th, at Cape Traverse at 10.30., Searletown 3 and Summerside at 7.

THE AMBULANCE.—Mr. Wrights Ambulance was out yesterday at noon and met the western train which conveyed a lady, Mrs. J. J. MacAleer to the Charlottetown Hospital at which institution she will undergo a serious operation.

FOXES.—At the ranch of the John R. Dennis Pedigreed Foxes, Ltd. is one pair of two-year old Dalton breeders, that reared four young in 1912 and four in 1913. Besides there are five pairs of young foxes—of Dalton, Oulton, Rayner and Tuplin strains—all selected from litters of 6's, 5's and 4's. This is the company to place your money in. \$25.

TROPHY.—There will be a trophy for the best kept garden awarded at the coming Flower Show. Improvements in home grounds are very noticeable already and are causing considerable favorable comment. The prize, a trophy donated by the general Mr. Louson, will be awarded by F. E. Buck, the landscape gardening expert of Ottawa.

THE WOMEN'S INSTITUTE.—of Traveller's Rest held an interesting meeting on August 7th, when the subject of Preserving Fruits was discussed, each member giving her own experience. It is gratifying to note the increasing membership of this active institute. For the next meeting the subject is "Cake-making" when it is hoped to have a demonstration of this popular branch of cookery.

KINGSTON.—Another Women's Institute was formed on Friday evening, when the women of Kingston met in the schoolroom for that purpose. The supervisor was present to assist in the organization and election of officers which are as follows:—President—Mrs. George Crews, Vice-pres—Mrs. Sam Nelson, Director—Mrs. Robert Willis, Mrs. Marshall, Mrs. Gordon Newson, Mrs. Bertram Willis, Miss Le Barrett, Miss Irene McGregor, Secy-treas—Miss Ethel Crews. It is hoped that the women of this district will show their interest in the new work, and encourage the officers of this society by being present at the first meeting, whether or not they are regular members. This meeting is to take place in the Kingston Hall on Wednesday, September 10th, at 7 p. m. when the reasonable topic to be discussed is "Different Ways of Using Apples."

PERSONALS. Mr. B. C. Bryenton, Ladies Tailor, Charlottetown, went to Cape Traverse yesterday afternoon on business.

Dr. and Mrs. W. J. P. McMillan, Charlottetown, were passengers to Kinkora yesterday afternoon.

Premier and Mrs. J. A. Mathieson and two children, went to Georgetown yesterday afternoon.

Messrs R. J. McDonald, Cardigan, and C. H. Steins, Souris, were in Charlottetown yesterday and returned to their homes in the afternoon.

Mr. Patrick Murphy, was a passenger to Cardigan yesterday afternoon to resume his position as Principal of Cardigan School.

Mr. Louis Wynne, Charlottetown, went to Donaldston yesterday afternoon to take up his duties of teacher in the school there.

Miss Adele Landrigan, Charlottetown, was a passenger by the eastern train yesterday afternoon to spend a short vacation.

HISTORICAL PALACES. LONDON, August, 11—One hundred and fifty men were put at work reconstructing the front of Buckingham Palace of Portland stone. It will take three months, day and night working.

Do not suffer another day with itching, bleeding, or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. Price 90¢; all dealers, or Edmondson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2¢ stamp to pay postage.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Extension of Southern Breakwater, at Wood Island, P. E. I." will be received at this office until 4.00 P. M., on Monday, September 8, 1913, for the construction of an Extension of Southern Breakwater at Wood Island, Queen's County, P. E. I. Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of W. E. Hyndman, Esq., Acting District Engineer, Charlottetown, P. E. I., and application to the Postmaster, at Wood Island, P. E. I. Tenders not to be considered unless made on the printed forms supplied, and signed with the actual signature of the tenderer, which will be forfeited if the tenderer declines to enter into a contract when called upon to do so, or fail to complete the work contracted for if the tender is not accepted the cheque will be returned. The Department does not bind itself to accept the lowest or any tender. By order, E. LESBOUCHES, Secretary, Department of Public Works, 1913, Ottawa, August 7, 1913. Newspapers will not be paid for this advertisement if they insert it without authority from the Department—4479, 814, 12M51.

Among the passengers on the Northumberland yesterday morning were, Messrs George Lane, Wm. Teed, B. Callaghan and Fred Gaudet.

Miss Mamie Trainor, Charlottetown, was to Peake's Station yesterday, where she will today take up her duties as teacher in the school at that place.

Miss Sadie F. Gillis, who has spent the past six months with her sister, Mrs. Scott Stewart, Charlottetown, left yesterday morning on return to Boston, Mass.

Messrs. Anna and Edna MacInnis, formerly of Charlottetown, who have been visiting at St. Peter's St. Georges and other places on the Island for the past six weeks left on return to their home in San Francisco, Cal., yesterday afternoon.

Mr. L. R. Morris, of Vancouver, B. C., and formerly of Summerside, arrived in Charlottetown last week to join his wife and daughter who have been spending the summer here with Mrs. Morris parents. Mr. and Mrs. Wilson Howatt, Sydney St. Mr. Morris will remain here for some weeks.

Mrs. Mary B. McNair, who has been enjoying a vacation visiting friends in New Brunswick, Nova Scotia and P. E. Island, returned to her home in Brookline Mass., recently, while here she spent a few days with her friend Mrs. Artemas Rollings, Kestonville, which was a great pleasure to both as they had not met in many years. She found her stay in Charlottetown exceedingly interesting and all her friends hope for her return in the near future.

Among the passengers leaving by the express yesterday morning were the Misses Rose Teresa and Grace McKenna, who have been attending Notre Dame Academy for a number of years. They go to Victoria, B. C., where they will meet the other members of the family and at which place they intend to locate. The young ladies made numerous friends while here, a number of whom were at the station to wish them bon voyage. Miss Ellen McKenna accompanied them and will also locate at Victoria.

WHAT TO DO WHEN LOST IN WOODS. A contributor to the Women's Home Companion tells how you may find your way out of the woods if you get lost.

If you discover that you are lost in the woods, sit down and think calmly back over the road you have travelled, trying to decide where the camp should lie. Then, if you have your compass, and it seems to agree with your judgement, stick faithfully to that direction. Even if you are wrong in your decision, it is better to keep on in one direction, because you may fall in with some stream, and can follow it to a human habitation.

If you have no compass, the sun is an excellent guide during the day. Should the sky be overcast, place the point of your knife blade on the nail of your thumb; turn slowly until the full shadow of the blade obscures the nail, and you have discovered where the sun is. You can discover the points of the

compass in other ways—by noticing that the tops of the tall trees incline to the north; that the leaves of trees are generally closer on the south side; that their branches are shorter and more irregular on the north side. To prevent getting into the circle habit break off branches of the bushes you pass. Start a fire, if your match safe is with you—as it should be. Remember that a fire piled up with damp wood makes a dense smoke, and quickly attracts attention. Two fires going at once, one a little removed from the other, constitute a well known signal of distress among woodsmen. The firing of

three shots in succession—two at first, then a pause, then the third shot—is another recognized signal, if you happen to have a gun.

PACIFIC HIGHWAY CONVENTION. VANCOUVER, B. C., Aug. 11.—The fourth annual convention of the Pacific Highway Association met in this city today for a three days' session. Delegates from Seattle, Portland, San Francisco, Los Angeles and a number of other cities are in attendance. The association aims to secure the construction of a first-class road along the Pacific slope from as far north as possible to as far south as possible. Except for two short breaks in British Columbia, the highway now stretches continuously from Hazelton, B. C., to Yuma, Ariz. During the winter large sections of the road are impassable and the as-

association is working to secure the cooperation of the different communities toward an early improvement of the conditions.

Act Quickly Don't wait until you have some ailment caused by poor digestion, biliousness, or by inactive bowels which may lead to a serious sickness. Immediate relief is afforded by that best corrective and preventive BEECHAM'S PILLS Sold everywhere. In boxes, 25 cents.
