Matinee Races Yesterday Attended By Large Crowds—Heatherbell, McKenna Up, Trots Fastest Mile On Local Track.

A perfect day, a fast track and an enthusiastic crowd made the races staged by the Victoria Driving Park, under the auspices of the Rotary Club in aid of the crippled children's fund, a grand success. The racing was fast, yes, spectacular, every heat contested as though the largest kind of a purse was being raced for and fast time made in every event. The feature of the day was the second heat of the Free For All in which Heatherbell, trotter, owned by Brenton McInnis, Charlottetown, won in 2:09½, after a very close finish with Lucky Lindy. This is the fastest heat ever trotted in competition over the Charlottetown Driving Park track. It will not constitute a record, however, as the events were on the matinee plan in which no cash purses are raced for.

enough left to win, but Lucky Lindy gave him a real race and that horse was under a handicap as he was suffering from a sore foot and a sore eye, the latter due to an injury received in the stall last night. He went a game race.

First Heat—They got away on the second score, Volo Rico who was in fourth position went away fast and at the quarter was in the lead. He held that until the three-quarter pole when Heatherbell went by him. A hundred yards from the wire Lucky Lindy also passed Volo Rico and was within a head and neck of Heatherbell, with Volo Rico at Lindy's wheel. A dandy finish, Billy Cope being a length back, time, 2:10½.

Second Heat—It was Billy Cope who set the clip this heat. Billy had the lead at the quarter and held it almost up to the three-quarter when Heatherbell went by followed by Lucky Lindy. These two had a great duel to the wire, Lindy finishing a neck back of Heatherbell in a great drive. Billy Cope a close third, Volo Rico fourth. Time 2:09½.

Third Heat—Volo Rico took another try at Heatherbell, carrying him to the quarter in 30½ seconds, Lucky Lindy tucked in behind, Billy Cope fourth. Volo was down to the half on the outside in 1:02½, but started to fade there. Heatherbell continued right along to the three-quarter in 1:35½. Lindy again pulled out on the stretch and made a desperate effort to get to Heatherbell, but finished in the same position as before, time 2:10½, with Billy Cope a good third.

Gentlemen's Riding Race. This was one of the most popular features of the afternoon's sport. The horses were in good shape, well ridden and furnished a great contest. They got away from the barrier to a very good start, with the exception of Whipoorwill. Val Jean and Delight raced neck and neck the entire half and finished so close that the judges called it a dead heat. The contest for second and third place between Snuff and Whipoorwill was also close and Tony Bars and Western Doll finished heads apart as fifth and sixth.

The popularity of this race staged by the members of the Charlottetown Riding Club will no doubt mean its inclusion on our next year's exhibition program, providing they are agreeable. Time for the half, 57½ seconds. The winners, Val Jean and Delight were ridden by Babineau and LeLachur respectively and are owned by Miss Vimy Jones, Bumbury.

Val Jean, the winner of the race, is known as the middleweight hurter type.

Officials
Starter—J. A. McDonald, Charlottetown.
Judges—D. K. MacLeod, Jas. Arbing, Dr. G. Dougan.
Timers—H. Murphy and R. Ab-

Many words of praise were bestowed on the officials and members of the Victoria Driving Club for generously donating the efforts of themselves and their horses to assist and co-operate with the Rotary Club in securing funds for the worthy cause mentioned above. Due praise must also be given to those who assisted by their attendance or by purchasing tickets.

The first race called was the Class B. Trot and Pace with the old rivals, Peter Dawes and Golden, both trotters, Grandma and The Willys, pacers. They got away on the third score, Peter Dawes and Golden racing to the quarter in 31½ seconds, then Golden went to the front, marched to the half in 1:04, entered the home stretch in the lead with Peter Dawes tucked in behind. A great race to the wire resulted, Peter beating Golden by head and neck in fast time, 2:11¼. The fastest mile ever stepped by Peter Dawes. Grandma finished a good third, The Willys who got away not too good, fourth. The second and third heats were almost a repetition of the first. Golden going to the front but losing in the sprint to the wire to Peter Dawes. In the third heat Grandma came through very fast the last eighth and almost won from Golden. It was the best heat we have seen in Grandmas race this year. The winner, Peter Dawes, was well driven by his owner, Dr. Heath McIntyre, who has improved his manners and has made him a real race horse.

Class C. Trot and Pace—This had six starters and it was a hard class to get away. Jollyset went to the front with Mr. Squires trailing, Mr. Henley racing on the outside Johnny Miles fourth, Walkie fifth, La Rico sixth at the quarter. They raced that way almost to the three-quarter when Mr. Squires pulled out and challenged Jollyset, going by closely followed by Johnny Miles. These two had a duel right into the stretch when Miles passed Mr. Squires winning by a good length. Jollyset finished a good third, Mr. Henley fourth, Walkie fifth, La Rico sixth, time 2:14.

Second Heat. They got away on the second score, Johnny Miles went to the front closely followed by Mr. Squires. These two drew right away from the others opening up a large gap. The others seemed to get into difficulties. Miles had just a little too much step for Squires, finishing with the latter at his sulky wheel. La Rico under a good drive from "Jimmie" finished third, Jollyset who had made a break fourth, Walkie fifth, Mr. Henley sixth.

Third Heat—This was Johnny Miles all the way with Mr. Squires again second, Jollyset third, Walkie moving up to fourth, Mr. Henley fifth, La Rico sixth. Johnny Miles for several years a trotter campaigned by Johnny Conroy, took a record of 2:11¼ at that gate. Late last July after winning a heat in 2:14 on the trot at Northam he was switched to the pace and gives promise of being a good performer at that gate. He is owned and was driven by Col. D. A. MacKinnon.

Free For All—This was a race in which a great deal of interest was taken by the horsemen of Charlottetown. No one has anything personal against owner McInnis or Driver McKenna, but just for fun and to make competition keener, many were anxious to see him get trimmed, or at least get a bad fright; but it was not to be. Heatherbell with "Pat" up was invincible. It did not make any difference how fast or furious the clip he could shove them off and have both

LARGE WEEK-END CROWDS ATTEND FAIR

Community Carnival Going Over Nightly—Yes, The Fans Are Legion.

Most of us exercise the right of criticism to the full when the hockey season is in swing. If the Abbies are winning we hold a back-slapping bee and smiles are prevalent all over town. But—and it is a large BUT—the picture is different when the Abbies are losing. We look around for a goat, some neck on which to hang the sins. Last year the "Forum" executive was the butt of the fans. Abuse was thrown at the rink officials wholesale. It will be different in the months ahead. So many citizens are taking an active interest in the Abegweit hockey team that the blame or praise will be spread or shared by our whole population. Last night at the Forum the usual large crowd patronized the games and amusements. And of the hundreds present each contributed something to the cause, the maintenance of a hockey club consistent with our position as one of the great hockey centres of the Maritimes and Canada. Business men, social clubs, sport enthusiasts all are represented nightly in the throng which passes through the Forum doors. Each individual has fond hopes that the Abbies will go places and do things this year. In the inner circle and with a finger in the pie of handling the hockey situation are many well-known citizens. The responsibility therefore is not confined to a few. In a sense success or failure is a personal matter with all of us. Sink or swim we are all in the same boat. The most affluent are giving generously the less well-fixed are giving to the limit of their means.

The Carnival continues to be a great success. The spirit being shown is wonderful and most expressive of the desires of Charlottetown respecting our great sextette. Arthur Affleck well known salesman of Holman's Ltd., won the programme prize last night a large bag of flour, Mrs. Taylor of Gerald St. carried away the door prize a bag of apples.

"Sculley" Kelly ate his way to a win in the pie-eating event—several bites ahead of Teddy Paquet, who in turn was a toothful in advance of third place winner Maurice Dowling. Tonight the Gyros will provide the entertainment, a mock trial entitled "The Mysterious Case of Johnny Walker." It's a Gyros affair, and nothing more remains to be said.

Wednesday night old time fiddling and step-dancing will be the main attraction and it is requested that names be handed into the Forum as soon as possible.

If you have not enjoyed an evening at the Carnival get in step with the other hockey fans and do so tonight.

WEST KENT 6-0 SSIDE HIGH 0

At the Abegweit grounds Saturday afternoon, West Kent defeated Summerside High School in their second tussle of the season by a score of 6-0. Smarting from the defeat handed out to them by the High School in Summerside a week ago the West Kent squad came back determined to even things up and kept the ball well in control in their opponents territory, forcing the play all the way.

Summerside played "heads up" and were unable to pierce the local team's line. The couch downs for West Kent were secured by Simpson and Burke.

The following was the line-up:

CONCERT ASS'N Abbies Defeat The Saints 5-3

(Continued from Page 1)

It was more hearty and better done than in much larger cities. He went on to explain the plan of the organization. This plan was formulated eleven years ago. Before that time, some person or organization agreed to pay the artist and then tried to sell as many tickets as possible. Latterly, in these days of the radio and the motor car, this entailed almost certain financial loss, and hence had proved unworkable.

The present plan had been originated in Chicago. Now the Community Concert services were operating it from New York, in cooperation with Concert Associations in 20 cities in Canada and 250 cities in the United States. In the last three years, the movement has developed enormously, and inside of 5 years, it is believed that 75% of all concerts will be thus presented.

In each town, a Community Concert's Association is formed with its officers. Then a canvass is made of the community, with a view to making the membership as large and representative as possible. Ninety per cent of the world's great artists are now available to the organization, such vocalists as Rosa Ponselle, Lily Pons, Lawrence Tibbets and Richard Crooks, such pianists as Harold Bauer and Ossip Gabrilowitsch and such ensembles as the Don Cossack Russian Male Choruses, the London String Quartette and the Hart House String Quartette.

This year, Mr. Hooks stated, St. John is hearing Katherine Meiser, Richard Crooks and Mischa Elman. Campaign headquarters of the Charlottetown Community Concerts Association have been established at The Maritime Electric Co's Office. All activities of the campaign will centre around headquarters, which will be under the able supervision of Mrs. Frances Holl Trainor, the Campaign Chairman. Memberships will be accepted there, and those who are interested, are urged to make application for membership there, instead of waiting to be approached by a worker. The headquarters will be open from 10 a. m. to 9 p. m. each day.

"It is quite natural," explained Mrs. Trainor, Campaign Chairman, "that it is almost impossible to reach everyone, who is willing to assist such a splendid movement as this, in a short period of time. For that reason, I would ask that all who are interested in making it possible for our City to hear fine artists, to volunteer their services for the campaign week." The workers are being formed into teams, representing the various organizations of the City and Province, and the

A converted try coming sixteen Saints handed the ball from the minutes from the opening whistle. In the first half, gave Abegweits while Abegweits were forced to tackle like Trojans to hold their opponents in check, who time after time came within striking distance of a score only to be turned back by well directed kicks, fast dribbling and tackling.

It was Glen Partridge's heady football which paved the way for the Abegweit count and consequent victory. Intercepting a pass on the Saints' 25 yard line, Partridge evaded two plunging tacklers, took a low floating kick and paced by "Red" McIsaac dribbled the oval over, the latter touching the ball at the right moment. Hib Saunders converted the try.

The Saint score was made by McMillan after a twenty five yard run which took him to the west right hand corner of the field. Lyola Duffy failed to convert after a splendid attempt from a difficult angle. The game as a whole was very good for an opener, with the red and white clan showing far superior ball handling in the backfield and better scrum work. In fact the

YARMOUTH, N. S., Oct. 10—(By The Canadian Press)—Yarmouth Gateway were back in Maritime baseball's titular picture tonight. The 10 to 1 victory clipped St. Stephens lead to one game, as the teams prepared to join the issue again tomorrow. The local boys backed up their slugging prowess with an exhibition of speed afield, shortstop, Halie Horton starting three double plays. Boles pitched to nine men before he got the Gateways out in the first inning. Veno roped the first pitched ball for a single. Nat Bain bunted down the third base line and was safe. Horton made first on Mitchell's fumble and White walked forcing Veno in. Red Goudey smacked a single to right scoring Bain and Horton, but White was caught trying to make third. Lanky Dough Horton smashed the ball high over the left field fence for a home run scoring Goudey. Murphy grounded out. Boyd singled and Goudey fled out.
