SULTAN COULDN'T ATTEND PRAYERS

CONSTANTINOPLE, Aug. 13. - The Sultan who has been ill for three weeks was unable to attend the Selamlik on Friday. This circumstance is unprecedented; the Sultan never having failed to perform the Friday prayers during the thirty years of his reign. Up to the last moment, he hoped that his condition would allow him to proceed to the Mosque and the guard was on its way to the palace when it was ordered to return to its barracks. It is believed that the inability of the Sultan to attend the Selamlik was due to the extreme painfulness of the trouble from which he is suffering and not to the fact that his condition is grave. Professor Bergmann, the famous German surgeon, has been summoned to attend to his Majesty and it is presumed that a slight operation is necessary.

SENDS CUTTER TO ALASKAN WATERS

WASHINGTON, Aug. 10. - The department of justice yesterday received a telegram from District Attorney Harlan at Fairbanks, Alaska, regarding the killing and capture of Japanese poachers at St. Paul Island. The telegram contained no facts which had not been covered by Solicitor Sim's report. Mr. Harlan asked for information which will be sent in course of time, but not until additional information has been received. President Roosevelt has ordered that the revenue cutter McCulloch, which had been doing patrol duty in the vicinity of the Pribiloff Islands in Alaskan waters, be directed to resume that duty. The assignment of revenue cutters to resume special duty can be done under the law only by the president. When the question arose as to whether the McCulloch or some other revenue vessel should be assigned to the duty of protecting the seal herd about the Pribiloff Islands, the president was communicated with at once. He telegraphed to the McCulloch should be sent immediately to the islands, and orders have gone forward to that effect to the commander of the vessel.

FIELDING ELECTION CASE AGAIN BEFORE THE COURT

A Long Argument by Opposing Counsel on Question of Jurisdiction Owing to Repeated Dates Fixed for Beginning of Trial - Mr. Fielding's Counsel Contend it Can't be Tried Now - Decision Promised This Morning.

HALIFAX, Aug. 14. - (Special) - The trial of the election petition against the return of Hou. W. S. Fielding commenced at Liverpool this morning before Chief Justice Weatherlie and Judge Russell. The time from ten o'clock until the court adjourned at five was taken up with hearing the argument as to jurisdiction of the Judges to hear and determine the petition. Attorney General Drysdale contended on behalf of Mr. Fielding that the enlarged time for the commencement of the trial having expired on the fourteenth of July the court were without jurisdiction. He also argued that the order made by the Chief Justice setting the case down for trial today was without jurisdiction. It appears that the Supreme Court of Nova Scotia en banc set the petition down for trial on July 10. On July 3rd the Petitioner secured an order from the Chief Justice enlarging the time for commencement of the trial and fixing it for the 14th August. In the meantime on the 14th of July the extension of time for commencement of trial expired. The contention of Mr. Fielding's counsel is that after a petition is once set down for trial no further enlargements of time can be made and the trial should have been proceeded with on July 10. J. J. Ritchie appeared for the Petitioner, who was also represented by J. A. MacKinnon and W. L. Hall. At the conclusion of the argument the Chief Justice announced that the Court would endeavor to give judgment on the point raised the first thing tomorrow and before proceeding to hear evidence.

H. M. S. DOMINION LEAVES TODAY

HALIFAX, August 14. - (Special) - The sixth annual convention of the Union of Canadian Municipalities opened this afternoon under most favorable auspices. The weather was delightfully cool the air bracing and clear. The opening session was marked by felicitous addresses in which the east vied with the west in complimenting each other and emphasizing the need for concerted action to conserve the interests and safeguard the rights of municipalities. The most notable feature of the business session was the recommendation made by Mayor Fleming of Brandon urging the formation of Provincial Unions with a strong central head. Mayor Coatsworth of Toronto rather rattled the gathering by a somewhat severe criticism of the Union which he upbraided for not upholding the hands of Toronto in its fight against the Bell Telephone Co. The meeting of the Union was held in the City Hall, which was prettily decorated.

OUR TARIFF AT WASHINGTON

NEW YORK, Aug. 13. - Canadian parliamentary news by way of Washington is furnished by the Sun's special correspondent as follows: "The Canadian parliament, which recently adjourned to reassemble in November, will then take up the tariff question, according to advice received at the bureau of manufactures. Mr. Fielding, the finance minister, and his colleagues have been working on the proposed bill. The majority of the government in parliament is so large that the passage of a cabinet measure is regarded as a foregone conclusion. The present surtax on German goods it is said, will be made less inflexible in order to afford an opportunity for a commercial agreement with Germany. It is also reported that an opening will be made for a reciprocity agreement with the United States. But such an agreement based on the demand made heretofore by Canada which would exclude manufacturers is regarded as improbable. What Canada will propose is not known. The 37 1/2 per cent British preference, which has been changed so that the goods to be admitted at preferential rates will be specifically mentioned in the bill. There is a probability that the antidumping clauses may be relinquished. Maximum and minimum rates are anticipated from which minimum rates will be made to such nations as give preferential treatment to Canadian goods. There is no expectation that the tariff will be revised downward, according to all reports received from authoritative sources. "Make Hay While The Sun Shines." There is a lesson in the work of the thrifty farmer. He knows that the brief sunshine may last but a day and he prepares for the showers which are so liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic, Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by all druggists.

THE JAPANESE SEEK CANADA

WINNIPEG, Aug. 10. - Mr. B. R. Those coming will be expert agriculturists, and the first party. All of them have been used to extensive farming in the Island Kingdom, and will come with sufficient means to make them temporarily independent. This is an entirely new departure in immigration, and the authorities are much interested in the outcome, which if successful gives promise of great possibilities.

2,000 TO BE TRIED BY COURT MARTIAL

ST. PETERSBURG, August 13. - After preliminary investigations the military and naval prosecutors have decided to try by court martial no less than two thousand soldiers and sailors who participated in the Cronstadt and Sieboorg mutinies. The prospects of these, however, have been brightened by the decision of the emperor to appoint two extraordinary commissions to investigate the causes of these outbreaks and to determine the responsibility for the demoralization. War Minister Rudiger and Minister of Marine Biloff are said to be arriving at the same conclusion as Admiral Skrydloff, the commander of the Black Sea fleet, that the officers are more to blame than the men.

MINARD'S LINIMENT CURE DANDRUFF. MAKES AN OFFER OF ARBITRATION

MONTRÉAL, Aug. 13. - David Russell stated this morning that if McKenzie, Mann & Co. will telegraph H. Stikeman, general manager of the Bank of British North America, that they will consent to the land dispute being settled by arbitration, they previously named as arbitrators, he (Mr. Russell) will hand Mr. Stikeman an accepted check on the bank of Nova Scotia for \$50,000 as a donation to the Montreal General Hospital fund. Mr. Russell said his reason for doing this, if the matter went to court it would delay him in launching his land company for probably a year. Mr. Russell further stated that all expenses of the arbitration will be borne by him whether the decision of the arbitration in his favor or against him.

RAN AWAY WITH BRIDE'S MONEY

MONCTON, Aug. 13. - John McInnes, who married Mary Belliveau in Amherst four weeks ago and came to Moncton to live, has disappeared with a hundred and fifty dollars of his bride's money, which was in a purse in her trunk, and which she had just drawn from the bank about midnight Sunday. Mrs. McInnes arose to get her husband some medicine, leaving the purse which contained the money on top of her trunk. Shortly after she came back her husband arose, saying he wanted to get a drink, and put on his coat. The wife thought this strange, but suspected nothing, and he went down stairs. Since then he has not been seen, and the money was missed shortly after. Previous to coming to Moncton the bride worked as servant girl in Amherst, her husband being employed in the water works there.
