Why Catarrh is Fatal. Because it pours a flood of poisons into the circulation that saps strength and digestion so materially as to render the body incapable of resisting disease, and consumption is the result. Catarrh is quickly cured by Catarrhose, a fragrant germ destroying vapor that goes to the root of the disease. It soothes and heals the inflamed mucous surfaces, clears the head and throat, and positively never fails to perfectly cure Bronchitis, Asthma or Catarrh. Nothing is so good for disease of the respiratory organs as Catarrhose. Large outfit \$1. Small size 25c. Druggists or by mail from Polson & Co., Kingston, Ont.
