S'side Defeats Kensington Juveniles 6-1

The Summerside Kinsmen Juveniles had too much speed and hockey savvy for their Kensington rivals last night at the Crystal Rink, defeating J. Weeks Murphy's aggregation by the score of 6-1. The Kinsmen got the jump on their rivals early in the first frame, shooting two goals in four minutes. Joey Schurman potting the first on Layton Schurman's relay and the latter sweeping around for the second counter unassisted. There was no further scoring in this period and the play was fairly even.

Mac Murphy shot the first Kensington tally early in the sandwich session, letting loose a beautiful shot from the right boards. The dynamites came right back with their third tally. Layton Schurman banging in a pass from Grady, who had pounced on the disc after it had deflected off J. Schurman's stick. Clarence Perry made it 4-1, converting Grady's relay.

The game roughened up considerably in the third period and three penalties were called on the Summerside boys in quick succession. With eight minutes to go Grady chalked up another counter, taking J. Schurman's forward pass and going right in on Rogers in the Kensington cage. L. Richards sank the final tally, rushing in to take Grady's rebound.

Reports Acts Of Vandalism At Crystal Rink Mr. Arthur Lowe, manager of the Crystal Rink, Summerside, reports that acts of destruction on the rink property, which have been going on all season, reached serious proportions on Tuesday night during the All Star-Navy game. A whole section of the east wall over the lean-to where the canteen is located was ripped off. He estimated the size of the aperture that was made to be about six feet wide and fairly high. At the same time boards and window shutters were ripped off other parts of the building.

Mr. Clow is the opinion that the only purpose of these acts of vandalism is destruction for its own sake as he allowed 33 youngsters who were around the door and apparently without the price of admission to enter free. To repair the damage and be ready for what may happen in the future he thought it necessary to order 800 feet of lumber yesterday.

The destruction to the rink property is not a new thing, as during the summer months when the building was closed the amount of damage done would have to be seen to be believed. It is understood that the authorities are determined to make an example of some one to see if this ruthless disregard of other people's property cannot be stopped.—S.

CANCER'S HEAVY TOLL Canada's dead and enlisting in the Second World War were about 41,000, but during the same period more than 80,000 Canadians died of cancer.
