THEY'RE ALL RIGHT

Say, those Star Laundry people certainly do know how to get a soiled shirt into such shape that a fellow doesn't feel like thirty cents when he puts it on. Collars and cuffs the same. It's a pleasure to wear linen done up by them. Just a little solicitude of a man who has found out how they do things at the Star Steam Laundry. Have YOU ever tried them?

W. W. FAWCETT jr of Upper Sackville returned yesterday from a short trip to P. E. Island. Mr Fawcett says farming is well under way on the Island.—Sackville Post.

The three firemen John Murphy, John Evans and John Marshall were arranged yesterday on complaint of Captain Nelson of the Elliott for refusing to work on that ship. They were each sentenced to four weeks imprisonment and a fine not exceeding two days wages. The fine was suspended pending their return to the ship and good behavior.

The exhibit of monuments, headstones, etc now being shown by Cairns and McFadyen, Kent Street is among the best displays in the marble and granite line in the city. The firm who is each day receiving further supplies from abroad, also are manufacturers of many beautiful designs and the excellent assortment is highly creditable to this popular firm.

WEDDING ETIQUETTE If you are going to be one of the many June brides or a bridal attendant, and are somewhat in doubt about any of the fine points of wedding etiquette, you will be able to enlighten yourself by referring to the article under The Observances of Society in the June Delineator. It is a concise, yet complete, exposition of the requirements of good form in this regard. The duties of all who are concerned are explained, and the information is reliable.

A big bicycle meet is to be held in St. Stephen, N. B. on Victoria Day at which a large number of famous racers will be present and take part. The New Brunswick men mentioned in this connection are Coleman, Barrett and Staples, of Fredericton; McAuliffe and Smith of Moncton, and several St. John men, but none of our Island men who are acknowledged as the cream of the Province have yet signified their intention of taking part.

The Maritime Championships will be held at Fredericton on Dominion Day. Great interest is being manifested in those meets.

The Guardian is in receipt of the annual report sent to us by the Lake St. John Co-Operation Society, which is exceedingly well gotten up. The cover is in five different colors and is most artistic, representing a girl at the spinning wheel. The interior is profusely illustrated with agricultural scenes of that great fertile region of Lake St. John, which renders this report one of the most interesting of its kind. The text is full of valuable information particularly interesting those who keep in track with the movement which is making our country greater and more prosperous every day. Altogether this report is a great credit to that powerful and popular Society which works so energetically for the prosperity of our country.

The show at Stanley Bros on Tuesday evening was certainly a credit to the Dry Goods business of this city, and would be remarked in centers of much more pretensions than Charlottetown. The immense display of Fabrics in wool, silk and cotton, and the variety of novelties shown, were highly appreciated by the great number who thronged the store from the opening hour until the closing at 9.30. Dress goods, blouse stuffs, silks, chambrays, organdies, muslins shown in the greatest profusion, shirt waists galore in all the newest styles in white and colors; curtains and certain materials beautiful in weave and design; dainty white wear for ladies and children; and the splendid show of Millinery, all combined to make this the best effort of the proprietors of The Always Busy Store. Messrs Stanley Bros feel highly gratified at the unqualified success of this their annual show, and wish to thank kindly the great number who so generously responded to the invitation to attend.

SAFE BLOWERS ARE INDUSTRIOUS. GRAND RAPIDS, Mich., May 3. Safe blowers robbed the postoffice at Middleville last night, securing \$1000 in stamps and \$60 in currency. There is no clue.

AMONG the various events of Dundas during the past season, was the concert given by the children of Bridgetown School on Thursday evening the 30th ult. The entertainment was a decided success in every way; a rather unlooked for issue too, considering the youth of the school, and their first appearance on the stage. The varied and interesting program was carried out in a manner redounding credit, not only on the youthful performers but especially to the taste and ability of their teacher in cultivating the talent of each to act his part with becoming ease and propriety. The bright faces and holiday attire of the children gave evidence of their endeavors to prove equal to the occasion, while their perfect delivery showed how carefully the parts had been prepared. The choosing of the "Queen of May" among the little girls, who were decorated with many flowers and attired in a very becoming manner, was a very interesting part of the program, and was much appreciated by the audience. The recitations were well delivered and showed a large amount of dramatic ability on the part of those who performed. The singing of "My Own Native Land" by the school, their faces radiant from finding themselves so suddenly conspicuous, called forth generous applause. The dialogues were very amusing, and caused much laughter. Miss MacLean of Souris, who has a rich sweet voice, favored the audience with a beautiful solo, and a song by Miss F. Nicholson was also well received. The program throughout, in fact, reflects the highest commendations on Miss Ada Macdonald, under whose charge the children have been for the past year, and to whose efforts and ability the success is due. Miss Beattie Nowlan presided at the organ very acceptably, and Patrick Rice performed the duties of chairman. Although the hall was well filled the order was all that could be desired. The program was followed by a spirited sale of pies which the young ladies of Dundas provided for the occasion. Cassius Clay upholding his reputation as an auctioneer. Hot coffee was then served and a very agreeable time was spent till about midnight when the entertainment broke up. The proceeds is to be expended in purchasing maps etc., for the school room.

DEATHS IN NEW BRUNSWICK

ST. JOHN, May 4.—Lemert Tweedie, a lawyer, died suddenly this afternoon at his home in Hampton. He was 46 years old, and a son of the late Robert Tweedie, a cousin of Premier and of Professor Tweedie. K. B. Forbes, a prominent retired merchant of Richibucto, died to-day, aged 84.

WHEN LIFE'S AT STAKE

The most timid man will take any chance of escape. The slender rope dropped down the precipice, the slippery log over the abyss, anything that offers a chance of life, is eagerly snatched at. The end the man seeks is safety. He cares nothing for the means to that end.

There are thousands of men and women whose lives are at stake, who are hindered from accepting the one means of safety by foolish prejudice.

Doctor Pierce's Golden Medical Discovery has been the means of restoring health to many men and women whose hollow cough, bleeding lungs, emaciation and weakness seemed to warrant the statement of local physicians. "There is no cure possible."

Why should prejudice against a put-up medicine hinder you from trying what has cured thousands of suffering men and women?

"Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave to-day," writes Mr. Moses Miles, of New York. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends thought I had consumption. My wife had taken Dr. Pierce's Favorite Prescription and it had helped her so much she insisted on my trying his Golden Medical Discovery. Within a few days I had taken four bottles and am now a well man, weighing 135 pounds, thanks to Dr. Pierce's Golden Medical Discovery."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains, you lose.
