IN MEMORIAM

MRS MARY MacDOUGALL NICHOLSON

At Newtown, Belfast on June 17, Mrs. Mary Nicholson passed to her eternal reward. She was a daughter of the late Donald and Nancy MacDougall and was in her 79th year, having been born at Newtown Dec. 25th, 1845. Most of her married life was spent in New York City where her family now reside. It was her wish to die and be buried in her native district of Belfast, so she came with her brother, Capt. Duncan MacDougall of Newtown at whose home she passed away.

She had not been in the best of health for some time and was standing threading a needle when she was stricken and never regained consciousness.

She leaves to mourn two sons, James H. and Donald also two daughters Mrs. Hammond and Mrs. Ferguson all residing in New York City, besides three brothers, Capt. Duncan with whom she resided, and Capt. Angus and Charles of Charlottetown. Her brother Alexander who resided on the old homestead died in the spring of 1923.

She was buried in the Belfast cemetery on June 19th having passed more than the allotted space of years.

SUPREME COURT

Supreme Court met yesterday morning at 11 o'clock with Chief Justice Mathieson and Mr. Justice Hazard on the Bench.

The Court heard a motion for special leave to appeal to the Supreme Court of Canada from a decision of the Supreme Court of this province which refused an application for a non suit or new trial in the case of W. W. Lord and others against The Scottish Union and National Insurance Co.

This case was tried last Hilary Term before the Chief Justice and a jury when a verdict was given for the plaintiff. A motion by the defendant for a non suit or a new trial was argued last Easter Term and on the 14th last judgment was delivered refusing the motion.

From this latter judgment the defendant now asks leave to appeal to the Supreme Court of Canada. Mr. Inman, K. C., was heard in support of the application. Judgment was reserved.

On application of Mr. Martin, K. C., these two following cases were set down for argument at next Michaelmas Term, Marr vs. Skerry and Rogers vs. Barron.

The Court adjourned till ten o'clock this morning.

CROP REPORT

GENERAL

Rains during past week have been general throughout the West, except in Saskatoon District where conditions are unfavourable. Conditions are also unfavourable in Eastern Alberta but elsewhere they have improved. In Quebec recent rains have improved conditions and crops on the whole will be average. In Ontario weather conditions are favourable and wheat will be better than average, while other grains, hay and fruit are average. Rains have improved conditions in New Brunswick and Prince Edward Island but the hay crop will be below average. The Nova Scotia apple crop will be less than last year. In British Columbia crops are progressing satisfactorily under fairly favourable conditions. Details follow:—

PRAIRIE PROVINCES

EDMONTON DISTRICT—Heavy rains have fallen from Grande Prairie to Lacombe and lighter rains in Eastern section where conditions are still unfavourable. CALGARY DISTRICT—Rains have been fairly general but were light in Eastern section where crop will be small. LETHBRIDGE DISTRICT—The weather was hot and dry until the 22nd when light showers started to fall and still continue. Conditions are satisfactory in the South, the West and the North but are poor in the Northeast and East, especially in Medicine Hat District. SASKATOON DISTRICT—Drought continues although partially relieved during the past few days by local showers. Only a light crop can now be expected with a probable shortage of feed and seed in some localities. REGINA DISTRICT—Rain fell in most districts during the last week and crops generally South of C. P. R. main line are average. With less precipitation in Northern part of district yield will be light. WINNIPEG DISTRICT—Crop conditions are favorable. Heavy rains fell during the past week. Wheat is in head and filling. Straw is short. Coarse grains are improving. No black rust reported in Manitoba to date although continuance humid weather would be favourable to its development.

PROVINCE OF QUEBEC

Conditions are satisfactory and it is anticipated that the crops on the whole will be average as they have been greatly benefited by recent rains. Grain generally has a fine appearance. Hay is being harvested with fair results. Root crops are progressing favourably. Fruits continue to do well. Pastures are fairly good.

PROVINCE OF ONTARIO

Haying operations are well advanced and a good average crop is being safely stored. A better than average wheat crop is now assured and cutting will commence this week. Barley, oats and peas all show improvement and will be an average crop. Corn is backward. Occasional showers have proved beneficial to the root crops which are growing rapidly. Small fruits are excellent and apples, peaches, pears, plums and cherries promise an average yield. Pastures are excellent.

MARITIME PROVINCES

NEW BRUNSWICK—The hay crop will be light. Potatoes continue to make good progress. NOVA SCOTIA—Crops generally need more rain. Haying is now under way and yielding an average crop. Annapolis Valley apple droppings are heavy and the crop is now estimated at about 25 per cent less than last year. PRINCE EDWARD ISLAND—Crop conditions generally are good. Hay will be under average.

PROVINCE OF BRITISH COLUMBIA

A fair yield of hay has been harvested but rains will be somewhat below average. The root and potato crops will be per cent of average. Tomatoes and hops are doing well. The raspberry crop was 70 per cent of average. Picking of Duchess apples has now commenced. Pasturage has been improved by rain at practically all points.

WRINKLES REMOVED "WHILE YOU WAIT"

It has been discovered that the mere application of a spoonful of powdered tartar mixed with a spoonful of lemon juice to the face, and washed off, causes in fifteen minutes or less! There's no rubbing or work, and the expense is trifling—less than three cents! It is only necessary to spread the mixture over the face, sit down before the mirror, and watch those unwelcome marks of age, thinness, worry disappear like magic. The effect is beautiful, both for the face that protrudes by the most skillful massage. The mixture of course is perfectly harmless. While on the face a pleasant soothing sensation is experienced. It is easily washed off. Aside from its remarkable effect on wrinkles, there's nothing better for buggy checks or hair. No woman who purchases a package of powdered tartar from her druggist will regret having done so.
