—Mrs. Joseph Arsenault of North Bedouin is undergoing treatment in Prince County Hospital.—S

—Mr. Stanley McInnes of Kinross is a patient in the Prince County Hospital.—S

—Captain and Mrs. Basil Kelly have returned to their home in Summerside from Halifax where they spent the winter months.—S

—G. S. BRANT IN PORT—The Government steamer Brant, Captain Kelly, has arrived in Summerside after spending the winter months in Halifax, N. S.—S

### CEDILLISTOS

(Continued from page 1)

Spacious estate have said they would yield neither soil nor arms without a fight.

It was learned that Thursday an Army detachment appeared at the "Alvaro Obregón" colony and ordered the peasants to surrender their guns. The latter refused, saying they recognized no chieftain but Cedillo.

Mexico City reports that Cardenas had accepted Cedillo's resignation from the Army, in which he held the senior rank of division general, could not be confirmed at La Palomas.

It was learned authoritatively, however, that Cedillo would not take over the military command of Michoacan, Cardenas' home state, to which he was assigned April 1, although the 45-day sick leave granted him then expires today.

Observers concluded that either he resigned his commission, had his leave extended or was defying the defence ministry.

Cedillo, swarthy, stout revolutionary veteran, who is 45 and sometimes is called "El Torco" (the bull), quit the cabinet because he did not like Cardenas' Agrarian policies. Associates said he believed Cardenas was wrong in taking protective, well attended farmhands from the owners and giving it to peasants ill-prepared to cultivate

the land.

This is the design which will appear on the new Jefferson nickel. Selected from among 390 plastic models by a jury of sculptors, it needs only final approval by the Treasury Department. On the face appears a likeness of Thomas Jefferson and the inscription "In God We Trust" Liberty 1938. On the other side is a replica of Monticello, Jefferson's home and the inscription, "E Pluribus Unum. United States of America. Five Cents."

SUMMERSIDE

### Statement on Foreign Policy Is Postponed

(C. P. by Guardian's Special Wire) SYDNEY, Australia, May 15—How a village councillor in north-west England described the coronation of King George VI is in the annual report of the Lieutenant-Governor of Papua, Sir Hubert Murray.

The councillor had heard a broadcast of the coronation ceremony. He repeated it to the natives in these words:

"King George he dead. Number one son Edward, he no want clothes. Number two son he like. Bishon he make plenty talk along new king.

"He say: You savvy? You look out along all people? King he talk: Yes.

"Then Bishon and plenty Government taubaidas (bosses) and storekeepers and soldiers and bank manager and policeman, all he stand up and sing and blow him trumpet. Finish."

"The picture of the storekeepers and bank managers and blowing trumpets," comments Sir Hubert, "is a very happy thought."

### BRITISH

(Continued from page 1)

on Friday gave Mr. O'Malley a cheque for the reparations payment, but he refused to accept it, announcing the break with Britain.

Meanwhile Mexico's problem of finding a market for her cotton government-produced oil output of which has fallen sharply because of lack of markets since the president expropriated the oil properties

Saturday the peso slumped from five to 10 points, although supporters of the president believed the \$90,000,000 two-year bond maturing Oct. 15 next are given an opportunity to convert their holdings.

The offering, announced Friday by Finance Minister Dunning is the first major financing move by the Dominion Government for some time. To the extent of \$90,000,000 the loan is for refunding purposes and the other \$50,000,000 will be new cash. Holders of the \$90,000,000 two-year bond maturing Oct. 15 next are given an opportunity to convert their holdings.

Meanwhile the House of Commons will continue discussing estimates for the present fiscal year and Government bills already on the order paper.

### Postpones Statement

Prime Minister Mackenzie King's statement on Canada's foreign policy, expected last week, will not be made until Conservative Leader Bennett returns to the House from attending the funeral of his sister, Mrs. W. D. Herridge, in Vancouver.

Mrs. Herridge's death was a shock to members of all parties among whom she was well known as her brother's hostess during his term as Prime Minister and as the wife of the former Canadian Minister to Washington.

Her funeral Saturday drew a great crowd of leaders in the public life of Canada. Expressions of sympathy with Mr. Bennett, whose bereavement came on the eve of his retirement from the leadership of his party, were numerous.

### Grain Report

Mr. Justice W. F. A. Turgeon's report on grain and grain marketing was tabled in the House last week but as the bulky volume has not yet been issued in printed form members have not all had a chance to study it.

It recommends continuance of the present Canadian wheat board and in grain marketing, continuation of futures trading and operation of the Winnipeg Grain Exchange subject to supervision and development of voluntary co-operative marketing organizations.

Canada's naval forces are entirely inadequate for the defence of Canadian coasts in the opinion of Howard Green (Cons. Vancouver South) who told the House the Government should borrow a few fighting ships from the British navy until a suitable Canadian navy could be built.

The House finally passed the 1938 unemployment and farm relief bill through third reading.

Another long drawn out debate ended when the House adopted the report of last session's special committee on farm implements.

Requests for the disallowance of several acts passed by the Alberta Legislature at the last session are expected by Justice Minister LaPointe who told the House the measures were receiving the

### Credit Union Organized At St. Mark's

St. Mark's Credit Union Limited was the title chosen for the Credit Union recently organized at St. Mark's. During the past winter over 17 persons studied the Credit Union as its phases, and when the Organization meeting was finally called despite repeated difficulties owing to bad weather and impassable roads—difficulties which seem to be traditional in organizing Credit Unions—24 saw-arms who had braved the weather and the roads signed up as Charter members.

At this enthusiastic meeting the following directors were duly elected: Alfred Reilly, Cape Wolf; Peter David in St. Mark's Hall; Campbellton; Leo Dalton, Roseville; Leo McInnis, Brockton; Ben. Theriault, Boomfield; Ben. E. L. Howie, Langarry; Robert Lock, Hallowburton; Joseph P. Clemens, Brockton. The following committees were also elected: Credit Committee: Alfred Reilly, Secretary; Harry McKay, Vice President; Bennett Howie; Secretary; Treasurer, Alfred Reilly. The first business meeting is scheduled for Monday, May 16th at 7:30 p. m. when it is anticipated that at least 40 or 50 members will begin "saving."

Measuring feature of the Credit Union Study Club activities throughout the winter, was a weekly debate held in St. Mark's Hall under the auspices of the Associated Study Clubs. These debates were always largely attended, practically a full hall greeting the debaters on each occasion. The enthusiasm which has marked the activities of the Associated Study Clubs thus far can be taken as a good omen for the Credit Union activities then the success of our venture is assured.

The St. Mark's Credit Union wishes to take this opportunity of publicly thanking Dr. Croteau of St. Dunstan's University for his valuable advice and assistance at all times so cheerfully given; also Rev. M. E. Francis, pastor of St. Mark's Church, under whose initiative the good work was begun and so energetically carried on.

### Government Steamers To Be Scrapped

(By The Canadian Press) OTTAWA, May 15—Scrapping of three old government steamers, the Arnamore, Bellechasse and Lady Grey, is in prospect, Transport Minister Howe told the House of Commons tonight.

Consideration was being given an item in the estimates for \$200,000 toward construction of a new 100,000-ton liner and service vessel estimated to cost \$600,000.

"The new boat," Mr. Howe said, "will be a combination boat which is expected to be completed by the end of the year."

Mr. Howe said the Arnamore, Bellechasse and Lady Grey, both of which are very old and expensive to operate.

### Rospigliosi Is Cleared

CHARGE OF LEAVING SCENE OF AN AUTO ACCIDENT IS DISMISSED

NEW YORK, May 15—Prince Girolamo Rospigliosi was cleared of a charge of leaving the scene of an accident by Magistrate Anthony Savarese in the Queens Traffic Court.

The Italian nobleman was accused of having sideswiped a car driven by Mary Ann Gleason, a school teacher, of 68-11 Burns Street, Forest Hills, on April 26.

The accident, which resulted in slight damage to Miss Gleason's car, occurred on the Grand Central Parkway, East Elmhurst. The rear bumper of the prince's car merely caught on the rear bumper of the teacher's car.

Prince Rospigliosi testified that he was unaware of the mishap until he was stopped by a policeman and a motorist who was a witness.

The nobleman did not appear to have put on any extra speed after the accident.

A mutual review the department gives to all provincial legislation.

Divorce provided material for debate in the Senate during the night and little progress was made.

Senator Lendrum McMeans' bill to widen the grounds for dissolution of marriage.

When it was set down for third reading, Sir Allen Aylesworth (Lib. York) raised objections on constitutional grounds, arguing it interfered with provincial jurisdiction.

It was referred back to the committee and amended but the amendments did not meet with the approval of Conservative Leader Meighan and it stands for further consideration next week.

### Carleton and Vicinity

Miss Doris Gillespie of Carleton has returned home on a pleasant visit with her aunt, Mrs. James Crockett of Clinton.

Master Gordon Linkletter of Carleton entertained a number of Saturday friends very pleasantly on Saturday, May 14th.

Mrs. Harry MacFarlane of Augustine Love, is a patient in the Prince County Hospital.

Their many friends are regretful to learn that Mr. and Mrs. Stewart MacFarlane are suffering from a compensating removal in a lovely home in Carleton, to a neighboring province, in the near future.

On Thursday night, May 12th, the St. Basil's Young People presented their play, "Too Many Bosses" to a highly appreciative audience in the Carleton Hall.

"Too Many Bosses" is a sparkling comedy and provoked gales of laughter, each member of the audience in a clever manner.

The play was charming as the spoiled young lady who thought she could not be happy without three bathrooms in her new home.

The play was a double encore to the performance as the real master of ceremonies, Rev. G. R. Harrison as Gregory Lakin, Fern's father, was superb in his part.

### Street Paving Program For Summerside

The Summerside Town Council have decided to continue the permanent street project and the following streets will be paved during the summer months.

Continuation of Granville Street from Pleasant to Pope Street; Russell St. from Belmont to Harvard Street; Cambridge Street, from Eustace to Russell Street.

Water Street at the West end will be paved to the end of Sea Wall, curb and gutter will also be put along this street.

It was also decided to continue the paving on Harvard St., as far as the railway crossing and beyond that to the Water Street at the extreme east of the town.

The contract for the work has been given to the Warren Paving Company.

The work will require an expenditure of \$24,312.50.

The contract price was \$1.90 a square yard.—S

### Move To Abolish Residence Rule Is Defeated

TRURO, N. S., May 15—(CP)—Motion to abolish the Nova Scotia Association's residence rule for players, introduced by J. R. Cheek, representing the Pictou County Softball Association, was defeated at the provincial organization's annual meeting here Saturday.

The deadline for signing players, however, was moved from Feb. 1 to May 1. Other changes made in the Association's rules or constitution were enlargement of team rosters from 15 to 20 players with a coach and manager; setting of the protest fee at \$10 instead of \$5; increase of the President's Committee to six members instead of five and decision to accept no junior certificates unless correct date of birth and verification of birth or baptismal certificates were also supplied.

Eben McIsaac of Trenton was elected president.

### Becomes The First Bishop Of Bathurst

BATHURST, N. B., May 15—In a ceremony at Sacred Heart Church here today the seat of Most Rev. P. A. Chinnon, Bishop of Chatham and Bathurst, and he became the Bishop of Bathurst. At the same time Sacred Heart Church was raised to the status of a cathedral.

The changed seat is now more central for the diocese, as a result of establishment of a metropolitan see at Moncton.

Archbishop L. A. Melanson of Moncton read the official decree and congratulated the first Bishop of Bathurst.

The earlier celebrated Pontifical High Mass, assisted by Rev. F. M. Lantaigne, pastor of Campbellton; Rev. J. A. Godbout, pastor of Atholville; as deacon, Rev. Honoré L. Levesque, pastor of Grand Anse, sub-deacon of honor; Rev. L. Sandon, master of ceremonies and his assistant, Rev. J. A. Wallace.

The Archbishop, Bishop and visiting clergy were welcomed by Rev. D. Robichaud, pastor of Bathurst; Hon. C. T. Richard, and Judge J. L. Ryan.

### Ottawa Pays Last Respects To Mildred Bennett Herridge

(Continued from page 1)

ceremonies from the Old and the New Testaments—"God is our refuge and our strength"—to them that love God all things work together for good—were read by the minister. At their conclusion the choir sang a hymn.

In his address Dr. Woodside recalled the beauty of Mrs. Herridge's life, her hatred of meanness, her love of those things that were beautiful and good. The courage with which she had lived and which had supported her in the face of inevitable death would be a memory constituting to those who had known her a benediction.

After prayer, the congregation sang "Abide With Me" at the close of which the benediction was pronounced.

Last night the remains were conveyed to the trans-continental train.

### BUBBLES

Blowing bubbles is an old game for kiddies, but you will find their bubbles will be much bigger and stronger if a little glycerine is added to a bowl of soapy water.

### MADE STRONG

(Continued from Page 6)

It "can do nothing worse than raise our transportation rates. We are opposed to the principle of the bill and think it can do good."

"I was born on the sea and I have that outlook," Mr. McKenna continued. "I think it would be a great asset to Canada if the Canadian shipping flag was seen on the seven seas of the world."

J. W. Boulter

J. W. Boulter, manager of the Prince Edward Island Potato Growers' Association, argued it was important to see nothing was done to increase cost of taking Prince Edward Island potatoes to market.

The Island had built up a large potato-growing industry and cheap transportation was necessary.

At present, he said, it costs 15 cents to ship 100 pounds of potatoes to Montreal by water. The rail rate was 20 or 30 cents according to zone.

The price in Montreal was so low the shipment by rail would permit only a slight payment to the farmer. Fortunately the Island had a Newfoundland trade but if it depended on the provincial organization, annual meeting here Saturday.

The premium received on shipments to Toronto permitted some small amount to Toronto. A Toronto buyer recently offered 85 to 88 cents per 90 pound bag delivered in Toronto. The buyer also offered 30 Ontario potatoes to be bought from 35 to 45 cents a 90-pound bag. The freight rate to Toronto was 40 cents per 100 pounds and there was also the cost of cartage, so the farmer did not receive the premium there would be little money left for the farmer.

Asked by Dr. J. P. Howden (Lib. St. Boniface) how the bill would raise freight rates, Mr. Boulter said anything bringing rates under regulation would not be in the Island's interest. It looked like an effort to cut out departmental brief without allowing railways to give lower rates. Dr. Howden said.

Why, asked Mr. Boulter, did the railways not give lower rates previously?

"I can't force the water rates up," Dr. Howden continued.

"Oh yes, oh yes, that's what it is designed to do," objected Hon. E. Stevens (Recon., Kootenay East).

### SHAKEUP

(Continued from page 1)

believed in line for Scottish Secretary should Mr. Elliot be shifted. J. L. Garvin, who is a strong campaigner for faster aerial rearmament, said in a leading article in the Sunday Observer (Conservative) that Lord Swinton's "identification with fixed ideas which have failed is incompatible with the required organization of the air ministry."

Of Earl Winterton, air office spokesman in the House of Commons, Mr. Garvin wrote: "He has no particular qualification whatsoever for the work of the Air Ministry as checked out by comparison with Germany. His hapless speech last Thursday (during the Commons air debate) was like that of an unwary advocate who has got up at departmental brief without probing the question to the bottom."

### New Planes Reach Winnipeg Airport

WINNIPEG, Man., May 14—At an average speed of 100 miles per hour the first of the new Lockheed 14H planes for the Trans-Canada Air Lines service arrived in Winnipeg at noon yesterday from Vancouver.

They left Vancouver airport this morning at 4:30 and 4:35 respectively and made the non-stop flight to Winnipeg in 5 hours and 15 minutes.

The first plane was piloted by "Slim" Lewis, technical adviser for flying, T.C.A., with F. M. McGregor as co-pilot. The second was piloted by Lewis Leitch with J. L. Rodd as co-pilot. H. C. West, technical adviser for maintenance and repair was also in the first plane. Delivery was taken at the Lockheed factory at Burbank, California.

These planes are the first of ten which will form the permanent transcontinental service of T.C.A., and the other eight will be delivered early in the summer. For the time being the new planes will be used in Winnipeg for the further training of the pilots on the staff here, so that by the time the remainder of the planes are received the pilots will be thoroughly proficient in every phase of handling them.

The trip across Western Canada was made without incident. Good weather was experienced over the entire trip with the exception of Manitoba when they ran into a series of heavy clouds and some rain. The planes maintained an altitude of 12,000 feet most of the way, dropping to some lower altitudes for the purpose of testing various phases of the radio equipment.

### BARRE PAIR DROWNED

BARRE, Ont., May 15—(CP)—Harry Payne Smith, 23, and Fred Hugh Miller, 17, both of Barre, drowned in Kempenfelt Bay of Lake Simcoe today when their canoe capsized one mile from shore.

### Gyro Minstrels Coming Friday Night

MAY 20TH, High School Auditorium. Flayed before capacity houses two nights in Charlottetown.

Proceeds for boys work under auspices of Summerside Y's Men's Club. Admission 50c.
