RAYMOND-CAREY. —The marriage of Miss Peggy Carey, daughter of Mrs. E. J. McLaughlin, to Dr. George H. and Mrs. M. E. Carey, of Charlottetown, P. E. I., was solemnized quietly at ten o'clock on Monday morning in the Church of St. James the Apostle, the Rev. F. H. Wilkinson officiating. The bride was attended by Mrs. W. A. McCausland, of Boston, Mass., and Dr. W. A. Witherspoon, acting as best man for Dr. Raymond. The bride wore a Patou model of coral crepe, fashioned on simple lines, with turban to match, and a short coat of white corded silk having wide lapels, puffed sleeves and a flared corsage bodice of gardenias. Mrs. McCausland was given in marriage to Dr. Raymond. The wedding breakfast Dr. and Mrs. Raymond left on a cruise to Labrador. On their return they will reside at 4855 Cole St., Lime Road. Out-of-town guests were Mr. H. D. Raymond, of Charlottetown, the bridegroom's mother; Dr. and Mrs. McCausland, of Boston; and Mrs. Dorothy Smith, of Rochester, N. Y. —Montreal Star.

**ALWAYS TRAVEL WITH ENO**

EXPERIENCED travellers the world over never fail to carry a bottle of Eno's "Fruit Salt". With Eno handy they do not fear train, car or sea sickness, headaches or other ills caused by sudden changes of climate, food and water. And on long trips, Eno corrects the sluggishness caused by lack of exercise.

Take Eno on your travels and keep fit. Drink a sparkling glass before breakfast, another at night. Eno is a natural corrective which keeps your digestive system in first-class order. You eat right, sleep right and feel right. You can buy Eno wherever you travel. Resolutely refuse substitutes.

PLURAL AND COMEDY

**CROP REPORT**

Below will be found a brief synopsis of telegraphic reports received at the Head Office of the Bank of Montreal from its Branches. Our Managers have knowledge of each situation and are in touch with crop conditions in all sections of the districts mentioned.

**GENERAL**

Intense heat has prevailed in the Prairie Provinces during the past week and this combined with inadequate moisture, has further reduced crop prospects. In southern, central and west central Saskatchewan crops are virtually a total failure, and in most other sections of Saskatchewan as well as in eastern and northern Alberta, serious losses have occurred. In Manitoba, on the other hand, crop conditions at present are generally favourable. In Quebec ideal weather conditions have been experienced and all crops are showing rapid growth, with prospects generally promising. In Ontario frequent rains have stimulated the growth of vegetables and crops generally are above the average except in northern Ontario, where the rain all has been insufficient. In the Maritime Provinces crops continue to be adversely affected by dull and rainy weather, although there has been some improvement in weather conditions. In British Columbia there has been continued warm weather with favorable moisture conditions, and the general outlook is satisfactory for all crops other than cherries and strawberries. Details follow:

**PRAIRIE PROVINCES**

ALBERTA—The drought has continued except in isolated areas and it is now evident that crop yields, generally, will be much below average. In northern districts light to heavy showers have benefited late sown wheat and coarse grains, but further rain is urgently needed. Crops in the south central and southeastern sections are largely beyond recovery. Prospects in the southwest remain favourable, with early wheat well advanced, and beets and pastures in good condition. SASKATCHEWAN—Crops have steadily deteriorated, due to excessively hot weather. Some fairly promising stands remain in the northeast but elsewhere prospects vary from fair to a total loss. In southern districts hay crops are poor and pastures have burned. Heavy rains are required immediately as the feed situation is serious. MANITOBA—Crop conditions in the whole remain satisfactory. A large percentage of the wheat is head-d. In parts of the western sections some drought damage has occurred and good rains would be beneficial. Some infection of stem rust has appeared in the southwestern area.

**PROVINCE OF QUEBEC**

EASTERN TOWNSHIPS AND OTTAWA VALLEY—Grains and root crops are doing well. Canning varieties of peas, corn and tomatoes are reported fair to good. Cutting of hay has commenced and will be general in a few days. Planting of tobacco has been completed under favorable conditions. Berries of all kinds are plentiful and apples and other fruits are expected to give average and better yields. LOWER ST. LAWRENCE AND LAKE SAINT JOHN DISTRICT—Hay, grain, vegetables and small fruits are showing satisfactory growth and good yields generally are promised. The potato crop is doing well.

**PROVINCE OF ONTARIO**

Rains have interfered with curing a heavy hay crop and the quality will be affected adversely in some sections. Fall wheat is changing color and is promising. Spring grains are headed with a good length of straw. The canning of a satisfactory pea crop has commenced. Root crops corn and tomatoes are progressing favourably and present warm weather is beneficial. Early apples, grapes and practically all varieties of small fruits, promise satisfactory yields. Plums, pears and late varieties of apples will be below average. Pastures are in excellent condition. Due to winter killing, production

**Notes For Exhibitors**

MOORE & MCLEOD'S CUP FOR BEEF CATTLE

(1) To encourage competition Moore & McLeod's Ltd., are making their competition open to Herds of all Island Exhibitors, owned but not necessarily bred by Exhibitor.

LIVE STOCK ENTRIES

(2) The First of August will be here before we know it. That will be one day too late for your entry. Make entries early. Be sure your papers are completed.

SWINE MARKET CLASSES

(3) Swine exhibited in Classes 32 and 33 must be born the property of the Exhibitor, and must be fed from birth to date of Show by Exhibitor.

ATTENTION R. O. P. CERTIFICATES

The Live Stock Branch Regulation states:—"All records must be completed and R. O. P. Certificates issued prior to animals being shown. R. O. P. Certificates must be produced when requested."

This means your entry form must show these records.

Secretary Provincial Exhibition. L-344.

**BRIGHT, NOT MUSICAL**

A schoolmaster, giving a music lesson, inquired whether the pupils had any favorite anthems they would like to sing.

"God Save the King," said one of the lads.

"Now, tell me, what made you think of the National Anthem?"

"Because," replied the boy, "then it's time to go home."

**Scout News and Notices**

The Scout Camp at Camp Orwell was officially opened by the Camp Chief, F. A. Driscoll, Monday morning at eleven o'clock.

Forty boys have enrolled, and have been divided into seven patrols. The Camp is being run under the Patrol System, and during the instruction periods, tenderfoot, First Class, Second Class and advance work are being featured.

The staff consists of F. A. Driscoll, Camp Chief; Niall Burnett, Assistant Camp Chief; Sam Rowley, Quartermaster; Bob Morris, Assistant Quartermaster; Rupert MacNeill and Percy Cameron, Senior Leaders; Jack McCarville and Bill Toombs, Junior Leaders. Each of these leaders have their own definite work to complete in the ten days, during the instruction periods, and each Leader is also responsible for seeing that the individual Patrol sites are kept up to the Scouting mark.

There is a soft ball series, to be held, and the Leaders are taking part in this, and naturally hope to win it, but each Patrol has the same hopes.

Another special feature of the Camp is the wide games programme, in which the whole camp takes part in field games. They are specially arranged for the purpose of training the senses, accuracy of sight, hearing, etc.

The Camp is laid out in a horse shoe, being an ideal site for the Scout Camp. It is not hard to do this. Each Patrol, as said before, is responsible for its own site, latrines, grease pits, fire place, etc.

The first Council Fire was of special enjoyment to all the boys, making it a hearty interest in coming to Camp Orwell Wednesday, July 21st, Field Day, and see the Scouts when camping. It is hoped that as many parents as possible will attend this Field Day.

More news of Camp Orwell will be found in this paper in a day or so. Look for it.

The staff and Cubs of the Provincial Cub Camp wish to thank Mr. George Tule, for the ice cream which he so kindly donated, on one of the warmest days in Camp.

**In Memoriam**  
MRS. FRED YOUNKER KINGSTON

There passed away June 29th at her home in Kingston, P. E. I. Mrs. Fred Younker at the age of 74 years, 10 months and six days. After an illness of six and a half years Mrs. Younker was stricken with paralysis on the 7th of June 1931 and for the last three years was confined to bed. During all this time she maintained a cheerful spirit and was able to see and converse with her many friends. She was always kind and hospitable and always ready to help in every thing connected with the church and community. Their home has been for many years on the Loyalist Road, and her church during those years was Princeton Road church. Her funeral was held on July 1st in Kingston Church conducted by Rev. D. K. Ross, now of Pownal assisted by Rev. G. B. Manzer of North River and Rev. Henry Pierce of Charlottetown. The text of Mr. Ross' address was "The Eternal God is thy refuge and underneath are the everlasting arms." Interment was made in Kingston Cemetery.

**SINGING GOOD FOR HEALTH**

(By The Canadian Press)

LIVERPOOL, England.—Singing for health is advocated by Dr. Robbins Evans. He says singing is good physically and spiritually and should be included in the government's campaign for physical fitness.
