

EXECUTIVE MEETING OF RED CROSS

\$500 Reported Received From Proceeds Of Tuberculosis Seal Sale.

An executive meeting of the Prince Edward Island Division of the Canadian Red Cross Society was held in Charlottetown on Friday, Feb. 17th.

On motion, the executive requested that resolutions of appreciation be sent to Mr. Norman Sommerville, K. C. of Toronto who spoke at the adjourned annual meeting of the society, to the ministers and trustees of Trinity Church for the use of Hearts Hall, to Mrs. Keith Rogers and Miss Jacqueline MacDonald for the musical programme provided and to the broadcasting companies for advertising the meeting.

There was considerable discussion with regard to the date for this year's financial campaign but no decision was reached.

Miss MacLean reported that \$500 had been received from the proceeds of the Tuberculosis Seal Sale conducted by The Gyro Club. This amount had been placed to the credit of the Handicapped Children's Fund, and a letter of appreciation had been written to the Gyro Club.

SUMMERSIDE

and Prince County

Laid to Rest—The funeral of the late Mr. J. K. Ramsay, Port Hill, took place yesterday from the home of Mrs. Annie Ramsay to the United Church Cemetery at Lot 14, Rev. Mr. Woodside officiated the pall bearers being Hon. G. Shelton Sharp, Arch. Ellis, William Burchell, W. J. Dennis, Angus McLellan and Arthur McLean.

Decision to pay out five per cent of deposits on this, the third day of the eight-day banking holiday, was followed by hurried preparations for a rush of business. But no policemen were needed to keep the crowds in line and in every instance relatively light withdrawals were reported.

Little Run On Banks

DETROIT, Feb. 18.—(Associated Press)—Detroit banks put \$30,000,000 on the counter today, but the public wasn't in any hurry to get it.

Outstate, some banks followed Detroit's example, but others remained closed. Mainly, they followed Governor William A. Cooch's plea that no more than five per cent be made available, and that rigid closing in other respects be observed.

At the same time state executives and financial leaders were looking forward to what will happen on Feb. 23, the day set for ending the moratorium. There was talk of a banking dictator for the state, and groundwork for such a move was laid in the state legislature where a bill was introduced to permit the banking commissioner to dictate the management of any state or private bank.

English Plotted War Against U. S. Involving Canada

TORONTO, Feb. 18.—(C. P.)—The contents of a secret military document, a report on the defenses of Canada in 1825 and anticipating war between Canada and the United States, has been made public. The report was prepared by military men sent to Canada by the Duke of Wellington, then Master of Ordnance in England. It shows that feeling ran high following the war of 1812.

The local copy is one of two known to be in existence and was discussed by Dr. J. J. Talman of the Ontario Department of Public Records and Archives. So vital was the document considered in 1825 that only four copies were made. In addition to the local copy another is in The Public Record Office, London, England. Section 52 was deleted from the copies made public in 1825. The commission which was sent overseas considered war between Canada and United States are a very real possibility and thought a plan of attack on the United States might well be drawn up.

The report listed "vulnerable" parts of the United States and proceeded on the old tactical plan of promoting a bothersome invasion of New York as the reply to a possible attack on Canada. It suggested raids on the Erie Canal which had just been completed and which the Commission considered a main artery for the movement of troops. The Commission advised the Duke of Wellington to block this canal at three points if faced with an emergency. They suggested the destruction of the locks at Lockport, N. Y., wrecking of the retaining walls 30 miles from Lockport and destruction of the aqueduct at Rochester.

The Commission in writing the Duke of Wellington said he might consider any operations merely to block the canal petty warfare and added: "We submit that the means are in our power, completely to blockade New York and a very considerable extent of the American coast—by taking possession of Long Island and Staten Island and thus not only to deprive the American government of all revenue arising from the commerce so important a place, but to prevent any ships of war sailing from thence for the annoyance of the trade of His Majesty's subjects."

The report states the United States government had constructed defenses on Long Island and Staten Island but held this had been done on a wrong principle and that in the "event" of our landing on the south side of Long Island and west side of Staten Island, all their works would be taken in reverse.

The only political comment in the report regretted the selection of York (Toronto) as the capital of Upper Canada. "It offers no advantages that we are aware of either of a civil, military or commercial nature. There never can be any water communication to it. Kingston appears to us to be the natural Capital," the report states.

Dr. Talman holds the report responsible for the acceleration of construction on the Rideau Canal as "there was a demand for the creation of some route between Montreal and Kingston which could be travelled without nearing the United States."

Major General Sir James Carmichael Smyth, Lieut. Col. Sir George Hoste and Captain John B. Harris formed the Commission which indicates its work was held important.

CROSS ROADS SCHOOL

Following is the standing of Cross Roads School for the month of January.

- Grade X-1 Frances Reeves, 2 Malcolm Reeves, 3 Guy Kennedy, 4 Helen Wood.
Grade IX-1 Claude Wood, 2 Wallace MacKinnon.
Grade VIII-1 Reta Molyneux, 2 Beulah Farquharson and Austin MacCallum (equal), 3 Winston Jenkins, 4 Isabel MacKinnon.
Grade VI-1 Madelyn Stewart.
Grade V-1 Helen Molyneux.
Grade IV-1 Louise MacNeill and Norma MacCallum (equal) 2 Donald MacRae, 3 Robert MacKinnon.
Grade III (Sr.) 1 Alecia Jenkins, 2 Blair MacCallum.
Grade III (Jr.) 1 Olive Stewart and Murdoch Molyneux (equal), 2 Jean MacRae.
Grade I-1 Blair MacRae.
Department Honor Roll (over 95 per cent): Margaret Farquharson, Keith Kennedy, Guy Kennedy, Malcolm Reeves, Edgar MacCallum, Mary Jenkins, Jean MacRae, Olive Stewart, Isabel MacKinnon, Austin MacCallum, Donald MacRae, Alecia Jenkins, Frances Reeves, Helen Wood, Katie Molyneux, Winston Jenkins, Robert MacKinnon, Wallace MacKinnon.

WEST KENT SCHOOL Ice Sports, Tuesday, February 21st, at 7:30 P. M. 8223-2-20-11.

MADE TRIP BY PLANE—Hon. G. Shelton Sharp, Minister of Public Works, accompanied by Mr. Alfred Linkletter, made a return trip by plane from Charlottetown to Port Hill yesterday to attend the funeral of the late Mr. J. Keir Ramsay. Mr. Sharp was the guest of the Canadian Airways on the trip. They returned from Port Hill in the remarkably short time of twenty-seven minutes.

SEE THE BOYS RACE at the W. K. S. Ice Sports Tuesday, February 21st. 8223-2-20-11.

Miss Jeanette McDougall, teacher of Bradabane School, and Miss Isabel McDonald of Hopedale, who spent the weekend with Mrs. M. D. Cummings, Milton, motored to Charlottetown yesterday.

NEW ROCK INDUSTRY

Each succeeding year sees refrigeration playing an increasingly important part in the storage, transportation and pre-cooling of fruit and farm products. In this connection there is special interest in an article appearing in the current issue of the Cold Storage News Letter, official organ of the Dominion Dairy and Cold Storage Branch, which states: "As an outcome of the trend toward greater use of insulating material in the construction of homes and offices and in other fields, the Canadian Government Department of Mines forges the establishment of a rock wool manufacturing industry in Canada. Should this materialize, the development of the larger deposits of dolomite in the Niagara Peninsula of Ontario would follow. It is stated. Surveys conducted by the Department disclosed the presence of these self-fluxing argillaceous deposits and researches indicated their suitability as raw material for the manufacture of rock wool. At present, the total requirements of the product are imported. Rock wool is one of the most effective insulating products on the market. It is made by melting suitable natural rock to a very fluid condition in a special furnace using coke as fuel. The molten material issues from the furnace in a small stream, and is atomized by a blast of steam, which converts it into a mass of fine, pliable, colourless, glassy fibres. These fibres constitute the rock wool of commerce. It is very similar in most respects to slag wool, but is practically free from the deleterious element, sulphur, compounds of which are sometimes found in objectionable quantities in slag wool. The insulating value of rock wool is due to the myriads of tiny air cells entrained with the interlaced fibres."

The report states the United States government had constructed defenses on Long Island and Staten Island but held this had been done on a wrong principle and that in the "event" of our landing on the south side of Long Island and west side of Staten Island, all their works would be taken in reverse.

The only political comment in the report regretted the selection of York (Toronto) as the capital of Upper Canada. "It offers no advantages that we are aware of either of a civil, military or commercial nature. There never can be any water communication to it. Kingston appears to us to be the natural Capital," the report states.

Dr. Talman holds the report responsible for the acceleration of construction on the Rideau Canal as "there was a demand for the creation of some route between Montreal and Kingston which could be travelled without nearing the United States."

Major General Sir James Carmichael Smyth, Lieut. Col. Sir George Hoste and Captain John B. Harris formed the Commission which indicates its work was held important.

Passed Away

Field-Marshal Sir William Robertson, the only man to rise from the ranks of the British army to receive a marshal's baton, died suddenly last Sunday in his London home at the age of 75.

EBENEZER WOMEN'S INSTITUTE

The Jan. meeting of the Ebenezer Women's Institute was held at the home of Mrs. J. A. McLeod with ten members and ten visitors present. Meeting opened by repeating the creed in unison. It was reported that three of the sick had been treated. A nice letter from Mrs. Charles Ford was read in which she thanked the Institute for kindness to her son. The program consisted of a dialogue by the Misses Ruby Stead and Tillie McLeod; recitation by Allison and Claude McLeod; a humorous reading by Miss Ruby Stead; recitation by Aletha and Isabel McLeod.

Meeting closed with the National Anthem. A nice lunch was served and an enjoyable evening was spent.

The December meeting of the Ebenezer Women's Institute was held at the home of Mrs. George Matheson with 8 members and 6 visitors present. The meeting opened by reading the creed in unison. Minutes were read and adopted. Correspondence was then read followed by a sale of seals. Sick committee reported that two had been treated with fruit. It was decided to practice for a concert. Meeting closed with the National Anthem. The program consisted of a funny dialogue by the Misses Hilda and Katie Matheson and a contest put on by the hostesses—making words out of the letters in Merry Christmas, for which prizes were given. The first was won by Miss Hilda Matheson. There was also a booby one. Music by Miss Helen Matheson was also enjoyed. A dainty lunch was served by the hostess.

EMYVALE

Mr. Matthias Murray was a visitor to Brookvale last Sunday night.

Miss Annie Nicholson paid a short visit to her home in Hartsville, Sunday.

Quite a number of the young people of this locality frequent the rink at North Wiltshire, where they are always assured of a good sheet of ice. It is gratifying to note the increased interest displayed in this invigorating and pleasant exercise. The people of rural communities are rapidly becoming sensible of the benefits derived from Canada's greatest game, which dispels the sluggishness and listlessness of mind and body, which is liable to envelop us during these months of more or less inactivity.

Mr. Maurice McDonald is in Charlottetown this week taking the examinations necessary to qualify as telegraph operator on the railroad.

The Misses Regina, Sadie, and Evelyn McGillivray and Miss Gladys Costello of Charlottetown spent a few days with their aunt, Mrs. Peter Costello lately.

The sight of a car is more or less unusual in the winter months. But two adventurous youths from Charlottetown, braved the banks and other impediments, and passed safely through this locality the middle of last week.

Aided by good roads and the weather, the most of the farmers have their supply of fire wood at home, and from many a yard, there emanates the musical skirl of the saw, punctuated by the rhythmic clug of the gasoline engine.

Rev. Fr. Herrell, F. J. Trainor, and Michael Costello, were among the visitors to the city Thursday.

IN MEMORIAM

In sad and loving memory of George Casford, who died Feb. 21, 1927. Inserted by wife and family. 8234-11

MONDAY 3.30—Intermediate C. G. I. T. 7.00—Trail Rangers.

Around Pownal Bay

The February meeting of the Mt. Mellick Women's Institute was held at the home of the president, Mrs. Malcolm MacRae on Thursday Feb. 9th. Ten members and two visitors were present. Meeting opened with Ode and members repeating the Creed in unison. Roll Call was answered with "Uses of Baking Soda". After the usual routine of business Mrs. Wm. Drake gave a very instructive paper on Canadian Industries. Capt. Wittig sang a solo. Mr. Alex MacRae gave a reading followed by a duet by Mrs. W. J. Mutch and Capt. Wittig. Mrs. MacRae served luncheon, assisted by some of the members. Meeting closed with National Anthem. Miss Ballem invited the next meeting to be answered with Hints on House Cleaning.

Mrs. Boswell Carver was a visitor to Waterside recently.

The residents of Alexandra are pleased to see Mr. and Mrs. Arthur Wood occupying their beautiful residence overlooking Pownal Bay.

Mrs. Willard Kelly was hostess at four tables of bridge recently. A dainty luncheon was served and pretty prizes awarded the lucky winners.

The Ladies Aid of the United Church at Mount Herbert have held a very successful series of chain teas in order to augment their funds. Mrs. Franklin Hamm started a second series on last Friday night at her pretty home. Covers were laid for eight, serving a most delectable chicken supper, assisted in her pleasant duties by her mother Mrs. C. J. Wood.

Lady Luck has not been with the energetic managers of the new rink at Mount Herbert, weather conditions not being good for making ice. Not discouraged after each set back, they go to work with great gusto, often working all night to give their patrons a good sheet of ice and many pleasant hours have been spent on the blades. A carnival held recently brought out many original costumes. Many friendly games of hockey have been played and Messrs Russell Driscoll, Hollis and Harvey Jenkins are to be congratulated on their efforts. The boys are carrying the financial burden which is considerable but they hope with favorable conditions to make ends meet.

Congratulations to Mr. and Mrs. Charles Rankin on the occasion of their marriage. Mrs. Rankin is a sister of Mr. S. A. McLeod of Charlottetown and Mr. Rankin is a scion of a well known old Scotch family distinguished in military and other circles. Their friends wish them many years of wedded happiness.

Prof. and Mrs. Harley White are the guests of Mrs. White's parents Mr. and Mrs. Albert Ings.

A very enjoyable Valentine dance was held at the Florida Hotel on Wednesday evening, Feb. 15.—P.

HOCKEY AT GRAHAM ROAD

On Monday evening the French River Ramblers journeyed to Graham Road where they crossed sticks with the Graham Road Monarchs, the former winning by the narrow margin score of one to nothing. The game was witnessed by about sixty highly excited and enthusiastic fans who cheered their respective teams to the echo. Bishop was outstanding for the Monarchs, while Dennis, Bernard and Pidgeon fast skating and hard checking defence trio were the highlights for the Ramblers backed by Meek who, while administering a shut out gave an exhibition of goal tending rarely seen in country hockey. The orphan tally came about midway in the first period when "Chick" Paynter shot the puck into the corner, skated in and passed it out to Ken Pidgeon whose shot sailed over the prostrate form of McKay as he threw himself on the ice in a valiant effort to save.

The lineup:— FRENCH RIVER GRAHAM RD Goal O. McKay

H. Meek Defence W. McKay

Bill Dennis W. McKay A. Pidgeon E. Murray

G. Stewart Centre Bishop

Harold (Steve) Bernard Green

Roland (Chick) Paynter Right Wing

P. Stewart W. Whitehead

Ken Pidgeon Left Wing

Unemployed Too Ambitious

CHARLEROI, Pa., Feb. 18.—John Ferry, relief board investigator, thinks some folk are getting too accustomed to charity. "One fellow raised indignation thunder because we wouldn't pay for a license for his car," Ferry said. Things the board is asked for include a new glass eye, three sets of false teeth, and repairs to an artificial leg.

LEAVES FOR ENGLAND

(Canadian Press) HALIFAX, Feb. 19.—Her Excellency the Countess of Beasborough and Lady Moyra Ponsonby were at sea tonight, bound for a visit to the Mother Country after an uneventful embarkation from Halifax aboard the liner Duchess of York last night. The Governor General, who accompanied them from Ottawa, was this city's guest today as he prepared to leave for Saint John and Quebec, where he will call on the way to the Capital, tomorrow.

Last night's departure was without formality. Their Excellencies did not appear at the railway station, where a crowd had gathered, but went directly to the pier.

Lady Beasborough was accompanied on board by His Excellency, Lieutenant Colonel Eric D. MacKenzie, comptroller of the Household, Captain A. F. Lascelles, Secretary to the Governor General, and Captain Tryon, Aide De Camp. Besides the Lady Moyra, the trans-Atlantic party included Hon. Mrs. Lascelles, Hon. Mrs. Gordon Ives, and Hon. Mrs. B. M. Sheepshears. Another passenger, invited to join the party, was Viscountess Hardinge, formerly Miss Margaret Fleming of Ottawa.

There was no Guard of Honor, and apart from the ships officers' the only uniform in evidence was that of a red-coated Mounted Policeman bent on official business unconnected with the Vice-Regal embarkation.

When His Excellency left the ship spectators stared as he and his party headed for what the crowd believed was a string of freight cars. The Vice-Regal car had been drawn up on a freight siding, and in the dim light beyond the shed the onlookers didn't know the difference.

Today the Governor General attended all Saints Cathedral where he read the lessons and heard His Grace Archbishop C. L. Worrell, Primate of all Canada, express his own great pleasure in the presence of the King's representative, and welcome him on behalf of the people as "one who in Canada has won much affection."

He lunched with His Honor Lieutenant Governor W. H. Covert, viewed the citadel where men previously unemployed are engaged in work of restoration returned to Government House for tea, and then boarded his private car at the station.

"Grapefruit" Skin Result of Eating Too Many Carrots

DOCTORS DISAGREE ON QUESTION OF DIET VEGETABLES FOR BEAUTY AND HEALTH

PHILADELPHIA, FEB. 18.—Carrots for beauty? A doctor visiting this city for a lecture prescribed them and now the medicos are crossing swords.

"A student at the University of Michigan ate large quantities of carrots for six months," said Dr. Thomas Kelly, diabetes specialist on the staffs of two hospitals, and he acquired a complexion like a grapefruit."

Dr. J. Howard Crum, New York, started the discussion by prescribing lettuce, carrots or spinach and a quart of milk daily for the women who would be beautiful.

"Who wants carotidemia," retorted Dr. Kelly. "We have patients coming in here every day who are the victims of diet fads. The milk part is all right, although it is incorrect to say it will put on or take off weight."

Dr. B. B. Vincent Lyon, chief of the division of gastro enterology at another hospital, was equally caustic about carrot complexions. He declared: "I don't know of any fad diet that is worth anything scientifically."

Moncton Boy Meets Death

MONCTON, N. B. Feb. 19.—(C.P.)—Harold Balsar, 23, was killed and Rene Dupuis, a companion, was painfully injured in a tobogganing accident at Sunny Brae, about a mile from this city, shortly after nine o'clock this evening.

The two young men were enjoying a tobogganing slide along with a number of others and struck a wire fence at the bottom of the hill, according to the result of an investigation conducted by police and Coroner Dr. A. E. Forbes following the accident.

The fence runs along the bottom of the hill, but had been taken down in one place and this gap was used for the tobogganers. The young men had gone too far to one side and missed the gap, crashing with terrific force into the wire.

A call was immediately put in for the ambulance and the injured were taken to the road on a toboggan. Balsar was dead when he was admitted to the hospital and although Dupuis is painfully injured he is expected to recover.

Bills Introduced In Parliament

(Canadian Press)

OTTAWA, Feb. 18.—The destruction bills were introduced into the House of Commons today, two by the Prime Minister acting for the Minister of Finance, and one by Hon. Hugh Guthrie, Minister of Justice.

Mr. Bennett's measures dealt with the Bank Act and the Quebec Savings Bank Act. Amendments are proposed extending the charters of the institutions for another year.

In Mr. Guthrie's bill, provisions are made "for a uniform policy regarding money paid to the crown in estates at laws."

SACRED SONG SERVICE

The regular Y. M. C. A. song service for students and young people was held in St. James Church last night after the regular evening diet of worship.

Over two hundred and fifty young people of various denominations assembled and were well pleased with the meeting which was an all-musical service, there being no address delivered.

Special numbers included a splendidly rendered solo by Mr. Herbert Michalhalas as well as a solo by Mr. M. B. MacKay, Director of Music; a solo by Miss M. Wood, a duet by Mrs. Lawson and Mr. A. Mosher, and a trio by Messrs. Mosher, Campbell and MacKenzie.

Mr. Eldon Ramsay, P. W. C., presided.

The very hearty thanks of the young people are hereby extended to all those who took part in this service.

Next Sunday this song service will be held in St. Paul's Church at 8:30 when it is hoped Rev. Mr. Raymond will address the meeting.

TRINITY UNITED CHURCH

Whilst the church year book for 1932 will show every department of our Church in a most satisfactory condition, there are two branches or departments that warrant a special word of praise. These are the Sunday School and the Young People's Society both of which are so vital to the life of a church. It is indeed an inspiring sight to view the large number of young people who occupy the gallery every Sunday evening. The gallery of Trinity Church is large and comfortably seated and equipped with a generous supply of hymn books. It is always at least two thirds full at the evening service.

What about the Sunday School! Well the attendance yesterday was 557 and in this case numbers mean a great deal. It is evidence of the sustained interest of both parents and scholars in the work of the school and is also a compliment to the leadership and fidelity of officers and teachers. Next Sunday Dr. Coffin's Bible class will commence a study of the Book of Daniel, specially considering the apotholeptic doctrine or statements set forth in the Book.

The regular services were held yesterday, Dr. Ramsay preaching in the morning from Matt. 11: 4 and 5, "Go and tell John what ye see and hear. The blind receive their sight and the lame walk." In the evening Rev. Mr. Brown took as his text Galatians 4:7, "Wherefore thou art no more a servant but a son, and if a son then the heir of God through Christ."

The service of praise was helpful and included in addition to two anthems, selections from the new Hymnary and a pleasing solo from M. Roy Cudmore, "Saved By Grace."

LONG

(Continued from Page 1)

of the Changchun (Capitol of Manchukuo) regime, it was said because the Japanese high command maintained this is a Manchukuoan domestic police expedition and that the Japanese army is merely assisting in fulfillment of the Japanese-Manchukuoan protocol.

(Manchukuo was set up several months ago with the assistance of Japanese in territory taken from China. Japanese military leaders have contended their campaign is designed to assist Manchukuo bring order to the new state. General Muto has denied that Japan desires Jehol for personal use.)

MUCH PREPARATION

Japanese newspaper men are arriving in Chinchow in large numbers. The Mukden-Chinchow railway is heavily laden with military traffic and troops pass through the city in long columns, moving toward the border. Trainloads of motor trucks, motorcycles and other equipment have been seen at railroad stations. Tanks, aeroplanes and artillery mortars are everywhere in evidence.

Japanese report there have been numerous defections among Chinese irregulars in Jehol and also allege Chinese soldiers are seizing all provisions and the peasants are threatened with famine.

WILL RESIST JAPS

PEIPING, Feb. 19.—(A.P.)—Marshal Chang Hsiao-Liang, north China military leader, today sent a telegram to the Chinese delegation at Geneva saying "we have categorical orders from the Central Government to resist a threatened Japanese invasion of the Chinese Province Jehol."

The Marshal returned today with T. V. Soong, Finance Minister of the Nationalist Government, from an inspection trip to Jehol. (Soong came from Nanking by plane a week ago to confer with Marshal Chang and others.)

Destructive Fire

(Canadian Press)

CORNWALL, Ont., Feb. 20.—Fire destroyed the plant of the Cornwall Manufacturing Company here today causing a loss of about \$250,000 and throwing 250 men and women temporarily out of employment. There were no injuries and although scores of nearby residences were endangered firemen were successful in preventing the spread of the blaze.

NINE MILE CREEK SCHOOL

On Friday afternoon February 10, 1933, the half yearly examination of Nine Mile Creek School was held in the school room with the interested friends present.

The examination being held at so late a date was due to the fact that during the past two weeks the interior of the school has been undergoing repairs which have now been satisfactorily completed. The children from Grades I-X inclusive were examined in the various subjects by their teacher, Violet MacCannell, assisted by Miss Margaret MacArthur and Miss Mildred Auld teachers of New Argyle and Long Creek respectively.

The visiting teachers expressed their belief that the work prescribed was well done judging by the answers of the pupils.

This sentiment was confirmed by the parents.

The meeting ended with the singing of the National Anthem.

CUMBERLAND HILL

Following is the class standing of Cumberland Hill School for the month of January.

Grade X-1 Bernice Campbell, 2 Mary Livingstone, 3 Boyd Livingstone, 4 Isabel Campbell, 5 Ellen Campbell.

Grade IX-1 Kathryn Livingstone, 2 Waldo MacLeod, 3 Woodrow MacDonald.

Grade VI-1 Walter Duncan.
