## CRAWLED UPSTAIRS ON ALL FOURS

Owing to Rheumatism in Her Knees

It was not a very dignified way of going upstairs, but she had rheumatism in her knees, and it was the best she could do, at the time. Since then, she has been taking Kruschen Salts, and now feels much better. Read her letter:—  
"I had very painful gout in my big toe and could only get up stairs on all fours owing to rheumatism in my knees. It is over three years ago since I commenced taking Kruschen Salts. I must say on damp days I still have a little gout, but my knees are quite better. I am over 60 years of age, have a complexion like a girl's and feel very fit. I am fully repaid for taking a half teaspoonful of Salts each morning in a cup of hot water."—(Mrs.) A.W.

The pains and stiffness of rheumatism are frequently caused by deposits of uric acid in the muscles and joints. The numerous salts in Kruschen assist in stimulating your liver and kidneys to healthy, regular action, and help them to get rid of the excess uric acid which is the cause of so much suffering.

## Lea And Wright League Games

Great interest has developed in hockey in Bedeque Rink this winter, with the Clark League games ending with a bumper house now just as much interest is manifest in the Lea and Wright League games. At the present time Borden and Freetown, New Annan and Bedeque are all battling hard for supremacy, so that the honor might be theirs to play the grand finals with the winners of Kensington. In a double header on Monday night these four teams gave a great exhibition of clean hockey with speed and lots of thrills and spills from start to finish. Bedeque won from New Annan 2-0 in the second game of a best out of three series having tied in the first so that the final game Wednesday is looked forward to with much interest by the fans. Freetown and Borden with one game won apiece played their third game with Freetown coming out the victors with a score of 5-3.

Borden now play Craquad on Wednesday night and Freetown stand by to play the winners. The semi-finals will likely be played next week, and promises to be a very interesting game.—S

## Cape Traverse Again Defeat Granite Sisters

Playing a return exhibition game in the Kensington rink on Wednesday night the Cape Traverse ladies hockey team took their second straight win from the local Granite Sisters when they emerged on the long end of a 3-1 score. The Cape girls playing with but one spare are as classy as any aggregation of feminine pucksters as can be found anywhere in the Maritimes and if sheer endurance were to count—almost all of them skating either way, tirelessly, for the entire 60 minutes—it would be difficult to find their equals anywhere.

The Kensington girls despite the absence of three of their regulars turned in a whole of a game and matched their opponents stride for stride and but for that disastrous backhand shot of Winnie MacWilliams it is a safe bet that they would have emerged victorious. The first period displayed a fairly even struggle with both teams getting away on some nice rushes. Winnie MacWilliams was giving Gillis some bad scares with her bouncy backhand.

The Kensington girls started off the second with a rush and Campbell had to go to make the save. MacInnis broke in on Gillis a few moments after but the latter outguessed her. Winnie MacWilliams' high backhand finally came to a head when one of them bounced off Gillis' stick to open the scoring. The Granite Sisters kid line—Hughes, W. Caseley and A. Baker were playing a following up game and kept the visitors bottled up for five full minutes and did everything but score.

Winnie MacWilliams kept the ball rolling in the third when another of her bouncing backhanders jumped Gillis' shoulder for goal number two. Baker was in twice only to have Campbell make two nice saves, while Kiggins also missed out on a nice rush.

The Granites' kid line returned to again bottle the Cape girls up, forcing them to shoot the length of the ice. Winnie MacWilliams let go another backhand from close in to score number three when the puck glanced off Glen Bernard's stick to the net. Right after the face-off Willa Caseley, the snappy kid line left winger, made the most beautiful play of the night when she rushed the length of the ice through the whole Cape Traverse team, only to have Campbell pull off a lovely save. She was not to be denied, however, and with seven seconds of play remaining grabbed the puck at the blue-line, split the defence and raced in to make no mistake in picking the corner for the best goal of the night.

## Kensington And O'Leary Play Draw

On Tuesday, March 2nd, the O'Leary hockey team played hosts to the Kensington Aces before the largest crowd to attend a function in the O'Leary rink this winter and after a fast and furious sixty minutes the teams were found to be deadlocked at four-all.

The Aces with several of their regulars unable to make the trip, filled in the gaps with representatives from the Silver Wings and Spring Valley teams, and all in all presented a formidable aggregation. The game, played on an excellent sheet of ice, was very fast and clean with only three penalties being handed out, two to the homers and one to Kensington. Play opened fast with the Aces going on a strong offensive. Bernard and Howatt in turn tested MacNeill from close in but the latter was too good. Ready took Bernard's pass to break into the clear only to be tripped by Matthews. The latter was penalized but the accompanying penalty shot was disallowed owing to the penalty shot circle being absent. Harold Champion opened the scoring at the 6 minute mark when he beat McAusland cleanly from close in. The O'Leary boys now began to take hold and gave goal-keeper Champion a busy time for the next few minutes till the midway

mark when Wedge slapping at a rebound caught him off balance to tie the score. Duggan drew his first penalty of the year shortly before the period closed.

Turner put O'Leary in the lead in the opening minutes of the second when his shot from behind the net glanced off the Aces goalie's skate to trickle over the line. Play grew more rugged and it was not till six minutes later that Hardy, uncovered took Champlion's pass to coast in, take careful aim and tie it up again. Both sides were making lovely rushes and just before the bell Champion made a sensational save when he got his toe on a sizzler.

The teams fought on fairly even terms till the midway mark when the visitors put on a four man attack to again take the lead when Bernard slapped home Duggan's rear-net pass before McAusland could move. The lead, however, was short lived, as right after the face-off Silliker took L. Bernard's pass to give Champlion no chance from close in. O'Leary went out in front after five more minutes when Cruthers poked the disc in from a scramble. The lead looked good, but two minutes later Howatt snared a relay from Bernard and rushed to close the scoring.

## Proposed Fox Show In'side Finds Favor

The regular monthly meeting of the Summerside Board of Trade was held last night, the President, Mr. J. F. Arnett in the chair. The chief matter to come up for discussion was the advisability of holding a fox show in Summerside, Mr. Hancock, reporting for the special committee, appointed to get the opinion of local fox men with regard to the matter, said that general opinion favored the proposition. There would be about 30 or 40 fox men exhibiting, between 300 to 400 foxes. The question came up as to whether the show would be open for registered or unregistered foxes. There were differences of opinion on that matter, said Mr. Hancock. A lengthy discussion followed as to the usefulness of fox shows. Ways and means were also discussed. It was the consensus of the meeting that an educational program on the breeding of good foxes should be a major feature of the show. It was considered that as Summerside had the Experimental Fox Ranch it was the logical place to carry out an educational program in connection with a fox show. It was left to the committee to go further into the situation and report at the next meeting.

A letter was read from the Canadian Chamber of Commerce with regard to Empire Shopping Week, commencing May 24. It was decided that the Board bring the matter to the attention of her local business men.

A committee made up of H. T. Holman, chairman; W. E. MacDonald; Donald Baker and also the President Mr. Arnett, to meet Mr. Lathe who will be in Charlottetown on March 10th in connection with the economic survey, and place before him any proposition they may have in connection with the development of Prince County's resources. A resolution was passed that the Board go on record as favouring legislation to reduce the cost of bankruptcy. Mr. Donald Baker suggested the Board interest themselves in reviving the agricultural exhibition, which had become defunct.

Rev. Dr. MacCleary laid before the Board a proposed course in public speaking which the Summerside Academy of Music intended putting on.

U. S. Steel Corporation, made the price advance, effective immediately, two days after ordering a cost-of-bankruptcy. Mr. Donald Baker suggested the Board interest themselves in reviving the agricultural exhibition, which had become defunct.

Sudden death. This community was shocked to learn of the sudden death Wednesday morning of Mr. William R. Campbell, a highly respected citizen of Cape Traverse. Mr. Campbell retired Tuesday night apparently in his usual health but when a member of the family went to call him Wednesday morning it was discovered that he had passed away in his sleep. A member of the Church of Scotland and a staunch Liberal in politics, he was quiet and unassuming in manner but his wise counsel will be sorely missed by those who were intimate with him. He was in his 72nd year having been born on the same day as our late King George V. He leaves to mourn their loss his widow, formerly Sophia Caruthers and one son, Norman, at home, also two brothers, Hector and James and a sister Christine all residing in the United States.
