Min. Of Railways And Canals Will Be Named Soon

Successor To Dunning Will Be Appointed Before Next Opening Of Parliament, Which Occurs In January.

OTTAWA, Nov. 22.—It was stated by the Prime Minister that Mr. Dunning, new Finance Minister, would also hold the post of acting Minister of Railways and Canals, pending the appointment of a successor, which would take place, he said, before the coming session of Parliament. As to the latter Premier King said the opening of Parliament would occur about the same time.

Mink Breeders Protest Against U. S. Importations

Complaint That Mink Shipped To Province From United States Is Reshipped As Island Mink To Europe. Prov. Assn. Organized At Summerside Yesterday.

SUMMERSIDE, Nov. 27.—An enthusiastic and well represented meeting of the mink breeders of Prince Edward Island was held in the curling rink, Summerside, on Wednesday afternoon. The meeting was called for the purpose of forming and organizing a mink breeders association. There were twenty-seven mink breeders present. Dr. Boyer of Crapaud was appointed chairman of the meeting and Mr. John Cousins secretary. In his opening remarks Dr. Boyer said that he felt the need of such an organization as very detrimental statements had been made lately in regard to the mink industry. The meeting was declared open and Dr. Callbeck made a few statements in regard to the need of the breeders getting together. He said there was no compulsory inspection of mink, no registration and neither the local or Dominion Governments had given the mink ranchers any assistance. The encroachment of the United States ranchers on the Prince Edward Island market was a very vital question and it needed a strong organization to combat it. Mink were being shipped from the States to P. E. Island and reshipped as Island mink to Europe. This could not be anything but detrimental to the Island breeders.

LEGION WANTS NATIONAL FLAG BUT WITH JACK

Strongly of Opinion That The Union Jack Should Be Retained As Canada's National Flag.

REGINA, Sask., Nov. 27.—By an unanimous vote the annual convention of the Canadian Legion today adopted the policy to be followed by the organization in any discussion in regard to the adoption of a distinctly national flag for Canada. The convention was strongly of the opinion that the Union Jack should be retained as Canada's national flag, but for the purpose of guiding its Dominion officers the following resolution was passed:

Will Have To Live In States

WASHINGTON, Nov. 27.—A regulation to compel aliens working in the United States to reside in this country instead of living in Canada or Mexico, is under consideration by the Labor Department. The proposed regulation would impose \$10 visa and an \$8 head tax on each alien for every trip made into the United States from either Canada or Mexico. It would affect several thousand aliens along the Canadian and Mexican borders, who are employed in the United States, but who live with their families in Canada or Mexico, where living conditions were said to be cheaper.

Currie Makes An Attack On Pensions System

REGINA, Nov. 27.—An emphatic demand that Canada keep faith with her war veterans, was voiced to the Canadian Legion convention here today in a message from General Sir Arthur Currie, Dominion President, and former Commander-in-Chief of the Canadian Army Corps. Prevented by illness from attending the convention, General Currie, in his message called for a complete overhaul of the pension system and for an attitude of "sympathetic justice" toward those who suffered from injuries received in the World War.

Recent Big Wave Dried Up Harbor

Receding Tidal Wave Leaves Bare Bottom In Nfld. Harbor.

By C. E. A. Jeffery, Canadian Press correspondent. ST. JOHN'S, Nfld., Nov. 27.—Although everything possible is being done to alleviate the immediate distress of those surviving the tidal wave on Burin Peninsula a week ago last Monday, the situation has been intensified by severe winter weather, and the plight of the survivors, whose fuel, shelter and clothing were lost in the disaster, is desperate, according to the report of Dr. H. M. Mosdell, who accompanied the government relief ship Meigle to the stricken area and returned today with the other members of the expedition.

ISSUES SUIT FOR \$100,000

TORONTO, Ont., Nov. 27.—Charging assault and false imprisonment Louis M. Singer, K. C., organizer of the Amalgamated Builders' Council today instituted suit for \$100,000 against Gordon Waldron, K. C., Royal Commissioner appointed by the Canadian Government to investigate activities of the A. B. C. in various cities throughout Ontario. A writ, claiming the above, stated damages was issued at Osgoode Hall late this afternoon by J. G. Kelly, Counsel for Mr. Singer. The action is based upon the discharge of Singer from custody by Chief Justice Meredith of the Common Pleas Court, after the A. B. C. had been ordered jailed for contempt by Mr. Waldron, following his refusal to answer questions and produce documents in connection with the Royal Commission's enquiry.

Japan's Views

TOKYO, Nov. 27.—Several Japanese newspapers today published details that are generally considered to represent the Government's desire for the London Naval Conference in January. Three chief principles of the Japanese program are said to be actual reduction instead of limitation of armaments, a 10-10-7 ratio for auxiliary ships, and opposition to the abolition of, or drastic reduction in submarine strength.

Had Narrow Escape At Railway Crossing

Mrs. Fred Yates and little Emma Gallant, Gaytown, had a narrow escape from death yesterday when the horse which Mrs. Yates was driving balked while crossing the railway track at the oil tanks, near the Mt. Edward Road, the occupants quitting the wagon just before it was struck by the engine, which was shunting cars at the crossing. The horse, a highly strung animal owned by Mr. Yates, escaped without injury, as did Mrs. Yates and the Gallant girl by a narrow margin. The wagon and harness were smashed. It seems that the engine and cars had passed the crossing while the team waited, the horse being controlled with difficulty. When Mrs. Yates started to drive across she noticed that the engine had reversed and the train was coming toward them. At the critical moment the horse became excited and refused to go ahead, leaving the wagon on the track. The prompt action of the occupants in jumping to the ground probably saved their lives.
