ESTABLISHED 1891.

THE GUARDIAN, CHARLOTTETOWN, PRINCE EDWARD ISLAND, TUESDAY, AUGUST 15 1899.

PRICE TWO CENTS

CITY COUNCIL MEETING.

The regular monthly meeting of the City Council was held last night. His Worship the Mayor and all the Councilors, with the exception of Coun. Wheatley, were present.

A number of bills were read and ordered to be paid.

A communication was read from Mr. Fraser, Superintendent of School for the Blind, acknowledging the receipt of \$150 for said school.

A letter was read from the residents of the west end of Richmond Street with regard to a sewer.

His Worship said that he had instructed the sanitary officer to see to it.

Coun. Horne said that he also had instructed the sanitary officer to have it repaired.

A communication was read from a number of citizens with regard to William Murdoch, asking for donation toward his support.

Coun. Hooper said the people had been helping him for some time, and he thought something should be done. He would move that \$20.00 be given. It is a case of necessity. Coun. Nicholson seconded the motion.

Some animated discussion took place in which Couns. Taylor, Crabbe and Lyons took part. It was finally decided to make up the amount without asking for a vote of the Council.

A communication was read from Mr. L. P. Tanton complaining that the telephone post had not been removed, and asked that the city surveyor be given instructions to carry out the resolution of Council bearing on the matter.

Coun. Crabbe moved that the communication be laid on the table.

Coun. Hooper moved an amendment that Mr. Tanton be heard before the bar of the Council.

Coun. Lyons seconded by Coun. Crabbe moved an amendment to the amendment that His Worship be empowered to carry out the resolution which was carried.

Coun. Crabbe asked His Worship if he had any intimation of the Governor General's coming to the province. His Worship said he had not.

Coun. Crabbe said a factory for the manufacture of condensed milk would shortly be erected. They were looking for a piece of land at Spring Park, near the spring, for the erect on of said factory. He asked the Council to set a price on the land.

Coun. Lyons said as one Councilor

he was disposed to help all he could. He would be willing to sell the land at a fair rate.

Coun. Nicholson would not be willing to do away with this piece of land, as it is needed for the young people.

Coun. Horne was willing to sell the piece of land. It was bought to protect the spring. Now we have water works the city does not want the land and he was willing to see it sold.

Coun. Hooper said he was surprised at Coun. Horne. The children require this land, the city will soon be extended. He was pleased to hear Coun. Nicholson speak as he did. When he looked back he could see that Coun. Horne had sold the cart, sold the horse and now he wants to sell the park.

Coun. Taylor thought there was plenty of land and the citizens require the lot. He thought it was a pity to sell it.

Coun. Taylor moved, seconded by Coun. Crabbe that the Council resolve itself into a committee with Coun. Hooper in the chair to consider an amendment to the Curfew By-law. The amendment was taken up clause by clause, after discussion in which a number took part the further consideration was postponed for six months on motion of Coun. Nicholson.

Coun. Crabbe moved that a grant be made of \$250 for the library. The motion failed to get a seconder and the Council adjourned.

THE express was ten minutes late last night.

One drunk was reported at police station at an early hour this morning.

FORTUNE CAME TOO LATE.

Ottawa Man Returned from Klondike Hears on His Deathbed of the Value of His Claim.

Ottawa, Aug. 8.—Mr. Charles W. Parker, who was two years ago one of the most popular of the Capital boys, died last evening in Toronto from the effects of the hardships of his trip up the Yukon. It is claimed that a property Mr. Parker was interested in and which was considered no good, has proven to be worth many thousands.

Mr. Parker just received word of this a couple of days before his death.

A LARGE number of farmers have taken advantage of the harvest excursion to Manitoba. The following is the party who leave this morning:

Some Workmen Witness the Deed—The Murderers

Escape—Labori May Live—Why They Tried

to Kill Him—The Trial Adjourned Amid

Great Excitement.

RENNES, Aug. 14.—[Special]—While M. Labori, counsel for Dreyfus, was going from his house on the outskirts to the court this morning he was ambushed by two men and one fired a shot that struck him in the back.

The murderers were only a couple of yards behind him and so the bullet struck fair.

Two or three laborers on their way to work saw the crime and the assassins fled.

The bullet penetrated the posterior region of the thorax at the height of the fifth or sixth vertebra.

The doctors are reticent as yet as to the outcome, but think he will live.

Madame Labori, who soon reached her husband, was Miss Okey of Port Williams, N. S.

MESSRS. LABORI AND DEMANGE Counsel for Captain Dreyfus. The one sitting is M. Labori, who was shot.

The murderers escaped. Naturally the affair created a great sensation and made deep impression on the Court Martia.

It is believed the murderer chose today for the deed because it was known that Labori intended to crush Mercier in his cross-examination.

Demange, the associate counsel for Dreyfus, was not prepared and Mercier got off easily.

Ex-President Cassinier Parievs denied some of Mercier's exaggerations. Cavignac and Hanotaux gave evidence and the court adjourned till Wednesday.

Col. Jonaust called on Labori; Mercier also called but the doctors did not let them see the injured man, who suffers greatly.
