THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block—Charlottetown.

The Salvation Army will conduct a meeting in Hearts' Hall, Sunday afternoon at 3 o'clock.

The str. Cambana arrived in this port yesterday from Pictou and completed loading for Montreal. She sailed during the night.

On Sunday last the Church of England services at Cherry Valley, in the absence of the rector were taken by A. J. B. Mellish of this City.

Advertisers say that there is no better medium than the Rural Daily (formerly the Weekly) Guardian. The reason is that it circulates everywhere throughout the country districts of the Province, reaching an entirely different class of readers from that of the Morning Daily.

The excessively warm weather for this time of the year which lasted Sunday and yesterday has brought summer all at once. It was decidedly warm up town yesterday. The highest registered was 77 degrees, but a cooling breeze prevailed for the greater part of the day making it a delightful out-of-doors.

Advertisers are again reminded that their "business locals" as well as their "changes" must be received at this office not later than one o'clock sharp of each week day, exclusive of statutory holidays, to insure insertion in next issue. All received later than the above hours will also appear when they do not interfere with the setting in type of the regular news of the day.

Many boys were impelled by the warm weather and the agreeable temperature of the water yesterday to go in swimming at Victoria Park. It seems a pity that the little chaps had to undress themselves in the open when the bathing houses might be used. It is "swimming" time now and the facilities for bathing at the park should be available for the public.

At the fourth meeting of the quarterly official board of Grace Methodist Church City, held recently, the following stewards were elected for the year:—
James Carter—Recording Steward.
Geo. Rackham—Financial Steward.
Theo. Moore, J. H. Ayers, G. F. Hutchison, G. D. Scaman, Isaac Carter.

The financial report for the year showed the Church to be in a very prosperous condition and much regret was expressed at the departure of the present pastor, Rev. Thomas Marshall, who has labored very successfully both in matters spiritual and financial for the past year. A unanimous vote of the board was passed in accordance with the above.

The regular monthly meeting of the City Council was held last night. His Worship Mayor Prowse presiding. There were also present the City Recorder, the Health officer and all the Councillors except Councillor Hedden. The minutes of previous meetings were read and adopted and a number of bills were considered. A communication was read from the Laborers Protective Union in reference to a matter previously brought before the Council namely the matter of a nine hour day. The letter requested the Council to state definitely what action was proposed to be taken in connection with the matter except Councillor Johnson had promised to support the action of the L. P. U. In regard to this Councillor Stewart, as chairman of the committee appointed to deal with the matter when first introduced, reported that he did not see how the Council could act in regard to it, that the agreement was signed under false pretence was concerned under false pretence inasmuch as he had supposed that City workmen wanted a nine hour day, which was not the case; and moved that the communication lie on the table. There was no second and the question was dropped. Dr. S. R. Jenkins was re-appointed a member of the City School Board. A motion feature of our June white wear to replace an incandescent lamp on Grafton Street, corner of Cumberland Street, was on the agenda. A motion ordered to lie on the table. A memo from the P. E. L. Telephone Co., offered to renovate and put in thorough working order the fire alarm system with a signal to every fireman in the City, for \$225 for this year and \$74 a year for the next five years for maintenance in good working order. This was left in the hands of the Fire Committee to deal with and report. A committee was appointed to arrange for music on the Square. A resolution was passed making the salary of John McLaughlin, Clark of the City Police Court \$700 for the year, the same having been inadvertently when passing the estimates. It was ordered that coats and lantern be purchased for the firemen, the expense not to exceed \$60. Councillor Lane moved that an incandescent lamp be placed on Park St. Councillor Campbell moved in amendment that the application lie on the table. The amendment was voted down. Plank sidewalks are to be put down during the month on Euston Street from Elm Ave to Queen Street; on Kent Street north side from Cumberland to Edward Street; on Bedford Street from Sydney to Richmond; west side on Elm Ave, east side from Alley street to the cemetery. Some discussion ensued re beginning concrete sidewalks. This will probably be begun shortly as soon as cement is obtained. Council, on motion adjourned.

The climax of shirtwaists values. An offering that eclipses any other feature of our June white wear to replace an incandescent lamp on Grafton Street, corner of Cumberland Street, was on the agenda. There is a lot of rubbish and refuse being deposited on either side of the approach to Hillsborough Bridge on this side. This should not be permitted. His Worship Mayor Prowse drew the attention of the City Council to the matter last night, but it appears that the nuisance is on local government property. At any rate it is objectionable and disagreeable to people who take pleasure in walking across the Bridge.

The police are on the track of a young man suspected of breaking into the store of Percy Smallwood as reported some days ago and stealing therefrom some 6 or 7 dollars; and also on the hunt for the parties who were fighting on Sunday one of whom had the top of his ear bitten off by his adversary.
