

# RUPTURED PEOPLE — Give This a 60-Day Trial

Here is something you can try sixty days—just as a test—without having to risk a cent—

Something which in the last twenty-four years has saved thousands of ruptured people from having to undergo operation—

Something so strengthening to the ruptured parts that you can work right along while getting better—

Something absolutely guaranteed to keep rupture from coming out—if it doesn't it won't cost you a single cent.

## YOU DON'T HAVE TO RISK A PENNY.

We don't ask you to pay out a penny on the strength of any mere promise or claim.

We will make you a guaranteed rupture holder especially for your case—make it to your measure—and let you try it sixty days—

Let us give it a thorough test without asking you to risk a cent.

If it doesn't keep your rupture from coming out or bothering you in any way—if it doesn't prove every claim we make—then you can send it back and it won't cost you a cent.

## SEE WHAT IT DOES.

This guarantee rupture holder—the famous Cluthe Automatic Massaging Truss—is made on an absolutely new principle. It is far more than just a truss.

You see this truss—unlike all others—is self adjusting, self-regulating.

The support it gives automatically increases where there is any sudden movement or strain as in working, so no strain can force your rupture out.

And, in addition, a Cluthe Truss provides the only way ever discovered for overcoming the weakness which is the real cause of rupture.

While relieving the weak ruptured parts of all strain, this Truss is constantly strengthening the ruptured parts.

Just how it does that—entirely automatically—is all explained in our free book.

## 300,000 PEOPLE HAVE TESTED IT.

The Cluthe Truss has such a remarkably strengthening and beneficial effect that it has cured some of the worst cases on record—

Among them men and women 50 to 70 years old, who had been ruptured from 20 to 50 years.

Cured many of them after every-thing else, including operation, had failed to do any good.

**NO BELT—NO LEG-STRAPS—NO SPRINGS.**

The Cluthe Truss does away entirely with belts, leg-straps and springs. People who have tried it say it is comfortable as their clothing. It is water-proof—will hold in the bath. Also perspiration-proof and easily kept clean.

## GET WORLD'S GREATEST RUPTURE BOOK

So that you can judge for yourself, we want to send you a free book we have written—a cloth-bound book of advice. People who have read it, including physicians—say it is the best book ever written on Rupture.

It sums up all we have learned about rupture in forty years of day-after-day experience. It deals with rupture in all its forms and stages—explains the dangers of operations—shows why wearing elastic or spring trusses is sooner or later almost sure to shorten your life. And it explains the hump, "appliances," "methods," "plasters," etc., and shows how old-fashioned elastic trusses are masqueraded under false and misleading names—puts you on guard against throwing money away.

It shows why 60-days trial is the only safe way to buy anything for rupture, and how the Cluthe Truss is the only thing you can get on such a long trial, because the only thing good enough to stand such a thorough test.

And it tells all about the Cluthe Truss—how it ends constant expense—how you can try it 60 days at our risk, and how little it costs if you keep it after making the test.

It tells—in their own words—the experience of many former sufferers—gives their names and addresses—perhaps you know some of them.

5,000 other voluntary endorsements sent with the book.

Write for it to-day—don't put it off—this book may be the means of adding many years to your life and of restoring you to full strength and usefulness.

Just use the coupon or simply say in a letter or postal "Send me the Book."

ELEPHANTS ROCKED THE BOAT.

A queer elephant yarn is told by the captain of a trading steamerboat in The London Telegram. On one occasion he had on board a cargo of forty elephants. The vessel was anchored in a perfectly smooth sea off the coast of Zanzibar, but to the great surprise of the passengers the steamer began to roll.

At first they supposed the motion when the motion kept increasing to be caused by the ground swell, and there was a general alarm, and the captain started an investigation.

Then it was revealed that the elephants had in some way found that by swaying to and fro all together a rocking motion was produced that seemed to please them immensely.

So the great heads and bodies rolled and swung in unison until the steamer, which had no other cargo and rode lightly, was in imminent danger of rolling clean over. The attendants hurried down into their hold and, after a great deal of shouting and thumping, managed to stop the dangerous amusement.

F. F. PROCTOR'S THEATRE, NEW YORK, WEEK OF DEC 16th.

A perfect whirlwind of novelties and comedy characterizes the big ante-holiday bills at F. F. Proctor's Popular Priced Theatres. They are the best balanced and even programs ever presented in the cheaper priced houses. At Proctor's 125th Street two big novelties will share headline honors. The Telephone Girls, a miniature musical comedy with eight well known singers and dancers, and The Last of the Regiment, a big scenic spectacle. Others on a brilliant bill are Irving R. Walton, monologist; Joe and Hattie Barlow, singing and dancing; Grace Dixon, comedienne; Gilbert and Lewis, late features of The Girl and the Taxi, and photo plays of interest and newness.

At Proctor's 23rd Street Theatre for the first half of the week Sam J. Curtis and company will top the bill with his amusing skit A Session at School. Others programmed are Lack and Fisher, comedians; Helen Lorraine, violin and cello player; Kelley and Adams, comedy entertainers; Mark Silvers, pianologue and repertee; Shelley and Proctor, classy comedians; Rosa Valerio Troupe, double wire act, and photo plays direct from the studio.

At Proctor's 58th Street one of the season's biggest novelties Movies, a satire on the motion picture craze, will top the bill. Others are Temple Girls Quartette, comedy singing sextet, Brown and Seymour, singing and talking, James Burns, wire wizard, Rottano, Orentano, and company in the hilarious playlet, Trixie and the Amateur, Austin Brothers, eccentric comedians, and photo plays that will be shown for the first time complete a very effective bill.

CORN CHOWDER.

A good hot supper dish: Cut a one- and 1/2 inch cube of all fat salt pork in small pieces and fry out. Add one sliced onion and cook five minutes stirring almost constantly that onion may not burn. Strain fat into a stew-pan. Wash and pare potatoes; then cut in on fourth-inch-slices; there should be four cupsful. Parboil in boiling salted water to cover five minutes, drain and add potatoes to fat; then add two cupsful of boiling water. Cook until potatoes are soft and add one can of corn and four cups of milk. Heat to the boiling point add three and one-half table-spoonfuls of butter and season with salt and pepper. Split eight common crackers and soak in cold milk to cover until soft turning occasionally, then add to chowder and when heated remove crackers turn chowder into a tureen and put crackers on top.

HINDOO PROVERBS.

The great do not praise themselves nor use swelling words. You never heard the diamond say, "I am worth a line of rupees."

Remain not in the town where you were born; when the saint comes they call out his boyish nicknames.

The true goal of friendship is tested by the touchstone of misfortune.

These four things—held work, writing letters, making requests, fastening the horse's belt—do for yourself, though you have many servants.

Why should you go on doing that for pleasure that causes pain? Out upon the gold-earring which tears the earlobe.

THE CAT'S TOILET.

Cats are noted for the carefulness of their toilet. The lion and tiger wash themselves in exactly the same manner as the cat, wetting the dark, India rubber-like ball of the forehead and inner toe and passing it over the face and behind the ears. The foot is thus at the same time a sponge and a brush, and the rough tongue combs the rest of the body.

JACK PINE FOR PULP.

That jack pine is entirely suitable for the manufacture of news print paper has been clearly demonstrated at the U. S. Forest Products laboratory, at Wausau (Wis.), where experiments have been conducted in cooperation with the American Paper and Pulp Association. The rapid increase in the price of spruce makes the discovery of a satisfactory substitute of great importance at this time. From 1900 to 1909, the price 32. of 93 per cent. In Eastern Canada are large areas of non-agricultural land where the old forest has been cut over and burned over repeatedly, until the more valuable species have been driven out, and jack pine constitutes a heavy percentage of the stand. These areas have, in general, been considered as waste lands. It now appears, however, that such lands will take on a new importance and will amply justify the expenditure of money for protection from future fires, in view of the certainty that large revenues may be secured either now or later, for the manufacture of pulp. The importance of this timber will necessarily increase with the exhaustion of the supplies of other species within reasonable distances of the markets.
