ADDRESS AND PRESENTATION.

(From Yesterday's Evening Guardian) Mr. and Mrs. W. H. Smith, prior to leaving their old home in Casumpec to take up their residence in Charlottetown, were waited on by their neighbors and friends and presented with the following address accompanied by a magnificent 400 day clock by Mr. Smith and a handsome gold watch for Mrs. Smith. The community at large regret their departure but their loss will no doubt prove Charlottetown's gain and a hearty welcome will always await them in their old Casumpec home.

Dear Friends:—We hear with regret of your intended departure from among us, after a stay of some twenty-four years. And we feel that we cannot allow you to depart without showing in some small measure our appreciation of your citizenship. We might also say that these twenty-four years have been marked by an abundance of material prosperity and a fair measure of health. We also feel that as residents of Casumpec you have always given a willing hand to the support of any cause tending to the advancement of the moral or social welfare of the community. As a member of our Telephone Company you took an active part, giving much valuable aid in the erection of the line, and also did good service as lineman ever since. As a member of the Casumpec Methodist Church you did all in your power to promote its welfare, being subscriber for many years Sabbath School Superintendent and Circuit Steward.
