## Gay's Seeds

Sometimes it may be advisable to buy cheap goods, but it is doubtful. It is an absolute certainty that cheap seeds, or poor seeds are dear at any price. Seeds at 20 or 25 a dozen packages may be good (what there is in them) but peaking with a practical experience of many years, we would have none of them. The extensive experience we have had of planting, testing and growing the different varieties of vegetables and flowers, enables us to offer to the public seeds that we know are reliable and best suited to our climate.

Now that the roads are in good condition, farmers and others will be coming to town in large numbers, and we honestly believe it will be to their advantage to call on us in the market, and buy their requirements in the vegetable seed line from us. Our advertisement of plants will be in this paper later.

Seed and vegetable market open every day from 8 to 6, Saturday's until 9 in the evening.
