If the "nappy-g o-lucky-slap-it-on-a press-and-let-'er-go" kind of advertising you are using is doing you some good doesn't it seem reasonable to suppose that "something different"—bright, convincing, thought-out and mailed regularly "direct" to your list will prove of much greater values

(This is intended only for the man who feels the bullet strike him).

A STORY OF CIVIC FRAUD IN RHODE ISLAND

PROVIDENCE, R. I., June—A remarkable story was told in the Superior court today by Miss Oliva Bedard, formerly a bookkeeper for Jas. Beach, a contractor, who is charged with defrauding the city of Pawtucket of $400 by means of a false voucher in stone contracts. Miss Bedard testified that Wm. H. Barclay, postmaster of Pawtucket and formerly a city official, gave her $200 to leave the city and not testify in the case. She went to Springhard where, she alleged, Barclay followed her and told her the sheriff was looking for her. She then entered a convent at Montreal. The young woman claims she was visited by a lawyer who advised her to change her name. She finally did so and went to another convent.

The trial of Beach is expected to last all the week.

AMERICAN WILL TRY TO VINDICATE COOK.

NEW YORK, June 3—Confident of finding the long-disputed records which Dr. Cook alleged he left in the north, Chester Beecroft, of Pelham Manor, N. Y., has undertaken the quest and will sail for Etah, June 15, with Captain Bernier's expedition.

At Etah Mr. Beecroft will organize a sledge expedition with Eskimos. He hopes to find at Etah Mene the only surviving boy of the Peary expedition of '98.

Dr. and Mrs. Cook have financed Beecroft's expedition which if he recovers the records and articles Cook claims to have left in Bradley Land, will settle the controversy, they assert.

When seen, Beecroft unfolded some of his plans.

"I have to depend upon Capt Bernier's influence and my own articles of trade, knives, guns etc., for dogs sledges and guides," he said, "I will then attempt to follow Dr. Cook's route to Bradley Land, which he claims to have found far up in the Arctic Sea. If I succeed in getting that far, I may make a dash for the pole—but that is outside of the plan.

"If Bradley Land is found to be in existence, it will practically prove Dr. Cook's claim of discovery of the North Pole. I will in any event recover Cook's original records, which he claims were so hurriedly copied as to be incomplete, but which in their original state are conclusive.

"My return will include a hazardous sledge journey across the ice from Etah to Upernavik, a Danish settlement in southwest Greenland, a voyage in a whaler to Denmark and a trans-Atlantic liner to New York."

HIS UNFORTUNATE INVESTMENT

"It's astonishing," the old settler in the little town was saying, "how real estate has advanced in this town since I came here, away back in the '60's. The corner lot this building is on, for instance, sold once for $450," says the Youth's Companion.

"What is it worth now?" asked the stranger.

"Five thousand."

"Well, you had a chance to get rich by investing in land yourself. I suppose you bought some real estate?"

"Yes, I bought one lot—just one."

"That has increased in value, hasn't it?"

"Yes; over 600 per cent."

"Not so awfully good, mister," said the old settler, gloomily. "I paid $10 for it, and it's worth $75 now, but it's in the cemetery. The way I figure it, I've lost a heap of money by not dying 40 years ago."

$25,000 FOR THIS

NEW YORK, June 2—The New York Times announces that it has arranged with J. G. Shaffer of the Chicago Evening Post for an offer of $25,000 for an aeroplane race between Chicago and New York. It is probable that ten days will be allowed for the flight and that it must take place before Oct. 31st next.

This makes two great aviation con. tests now under consideration, previous announcement having been made of a $30,000 offer by the New York World and the St. Louis Post-Despatch for a New York-St. Louis flight

"BLACKHAND" MURDER

NEW YORK, June 2—A murder believed to be the result of "black hand" vengeance, was uncovered today by a young girl who went on an errand to the roof of the house in which she lives on East 101st street and found the mutilated body of a young man, apparently an Italian, lying there. The man's throat had been twice slashed and his skull crushed. Two fingers of one hand were severed as he had apparently been trying to ward off a blow.

Letters found on the body were addressed to Giuseppe Florio, 690 Bank street, New London, Ct. A card gave a New York address.

Detectives were sent at once to New London and a city dragnet was set in an effort to catch the murderer. Detectives expressed the opinion that the man was the victim of the "black hand" and that he had been enticed to the roof where he met his violent death.

AN IDEAL SPECIMAN OF THE AMERICAN TROTTER.

Handsome, Richly Bred and a Game Race Horse.

All agree that the Wilkes is the leading speed producing family of America. The number of performers in standard time sired by George Wilkes (2:22) and his sons, and produced by his daughters, is 3381. The nearest competitor Electioneer has only 2040. The fastest in the Wilkes family are inbred. Oakley Baron (2:23) is an inbred Wilkes. He is a direct descendant on the male and female line of George Wilkes through three of his best sons, Baron Wilkes (2:18), Onward (2:25), and Bourbon Wilkes. He is a magnificent individual, has all the qualities required in a sire, soundness, size, speed and beauty. His progeny sell for highest prices. Almost impossible to buy one. Oakley Baron is without doubt the best bred and handsomest stallion on the Island. His early speed points to the fact that it is born with him. He will transmit it. At the Amherst Horse Show this spring, colts by Oakley Baron won first prizes in the two and three year old classes. His oldest colts are three this spring. MR. KESSEN HAD MONEY TO BURN

ST. JOHN, June 2—R. B. Kessen, curator of the St. Stephen's Bank, returned from St. Stephen on last evening's train. On Monday Mr. Kessen had the interesting privilege of burning $190,000 in bills; at least the bills were worth that much a short time ago. The bills were mostly fives and tens. Their burning was witnessed by John Knight, of Montreal, a director of the Canadian Bankers' Association, who will certify to their destruction. The assurance is given that the depositors have nothing to fear as all of the bank's liabilities still in circulation notes of the bank amounting to $30,000. The redemption is considered a very speedy one. Mr. Kessen said last evening that his work as curator was only begun. The realization upon the bank's assets would be a slow one and no estimate could be made of the length of the process.

sire Parkside, 2.22¾, dam Lucerne by All Right, will make the stud season of 1910 at Royal Hotel Stables, Montague.

Perpillian weighs 1200 lbs. and his colts are large and well made.

Perpillian has started in five races and has won first money four times. In his last race at Summerside, last August, he defeated Money Maker, 2.18¼, Pretoria, 2.23¼, Owna, 2.25, and two others with the greatest ease, though he had been in training but three weeks.

It is speed close up that counts in a pedigree. "Like begets like," and a sire that has speed himself is much more liable to beget speed than the sire that has to invoke the speed which his great grand-parents were said to possess.

Perpillian is the speediest colt in the speediest family of race horses that the Maritime Provinces have yet seen and his progeny should in the natural course of events inherit his speed.

MANY CASES OF RABIES IN ONTARIO

TORONTO, June 2—That there is rabies in Ontario is without doubt, and that the situation is serious was the statement made by J. A. Amyot, director of the Laboratory of the Provincial Board of Health in an address on "Rabies" delivered before the section of Pathology of the Canadian Medical Association this morning. There is great danger of spreading the disease if dogs are taken into the summer resort districts such as Muskoka, he said. Manitoba and Saskatchewan have been infected from dogs transported from Ontario.

More rapid methods will have to be used to discover the disease in human beings. Since the fourth of March 137 animal brains have been examined in the Laboratory of the Board of Health. Of these 65 or 70 have proven positive cases of rabies. Sixty-one cases have so far been given the Pasteur Vaccination treatment. The disease exists principally in Western Ontario, between Hamilton and Essex Centre.

SOUL MATE OF ARTIST IS REFUSED A RELEASE

NEW YORK, June 2—A release from her marriage to Ferdinand Pinney Earle, originator of the "affinity doctrines," was refused Julia Kuttner Earle, the young woman for whom the artist forsook his first wife and child, by Justice Fitzgerald in the supreme court yesterday. He declined to sanction the annulment, recommended by a referee, until he is sure the marriage of the couple in Venice in 1908 was valid according to Italian law.

Justice Fitzgerald questioned the legality of the ceremony, because it apparently was performed a month before the decree granted Mrs. Emilie Fischbacker Earle in France was signed.

Earle's public announcement a few years ago that he had discovered in Julia Kuttner his "soul-mate," and his act in sending his wife back to her home in France to obtain a divorce caused a sensation. But the second marriage also proved unhappy and Mrs. Earle had her artist husband arrested for alleged cruelty. One of the allegations in her suit for annulment was that Earle was crazy. The artist has been abroad for several months. He has a second son by the union with the affinity wife.
