Ex-Kaiser is Still Learning

(By Dominion News Service)

BERLIN, July 12.—"Spiritually one goes to ruin here. Please come back often. We have so little chance here to anything of real value."

These were the words with which Princess Hermine, the ex-Kaiser's wife, thanked a company of German students for a visit to Doorn. No reflection on the ex-Kaiser's table-talk was intended.

The students had been touring Holland, performing mediaeval mystery plays. One of the, Hermann Wiehe, gives an interesting description of the visit.

The students were deeply impressed by the luxury of some of the rooms, allotted to them. The Court Marshal gave them some instructions: "Just speak quite plainly to his Majesty. Address him as becomes his high position, and please make a deep, a very, very deep bow."

LECTURES

The All-Highest "appeared in simple mufti, but with autocratic demeanour. He told the students all about mystery plays. "He knows everything," murmured the marshal. Then Wilhelm gave a lecture on literature. He mentioned that he had always wanted to stage Goethe's "Faust," but that unluckily, he never found the right actors.

After telling his guests that he passed his time with historical, archaeological, genealogical, and half a dozen other studies, with some drawing and composing in the intervals, he turned to politics. "Better times will come," he said, "for Germany is the home of heroism"—a strange sentence for the man who left his army to save his life.

—A GOOD SEASON.—The lobster fishing season for the north shore closed on Tuesday and although the catches have fallen off very much towards the east it has on the whole been one of the best seasons in recent years.

—TOWN COUNCIL.—The regular monthly meeting of the Summerside Town Council was held on Monday night, the Mayor and all the Councellors except Councellor Wright being present. The meeting was mostly confined to routine work and the reports of the committees. A vote of thanks was passed to Mr. Sandy McGregor in appreciation of the work in connection with the Confederation Celebration. The meat inspectors report for the month of May and June showed a clean bill of health for all the animals slaughtered.

—NARROW ESCAPE.— Three boys, Masters Vernie Durant, Leonard Ferrior and Laurence McIntyre had an extremely narrow escape from drowning at Summerside harbor a few days ago. They had been over to Holman's Island and about 6 o'clock were returning in their dory when the boat in some way captized. Only Durant could swim and he managed to help the others get a grasp of the boat. And although he could have swam to the wharf he heroicly stayed with the boys until help reached them. Mr. Harry Clow was the first to see them and he rescued them in his motor boat. It was a very cold evening and the boys were numb and they could not have held on much longer.

—WEDDING BELLS ARE RINGING.—Miss Olive Ruth Harding, daughter of Mr. John Wood and Mrs. Harding, Kensington was on Saturday morning, married to Mr. Gordon Toombs, Bedeque, Rev. A. W. Robertson, performing the ceremony. The contracting parties were unattended. An appropriate wedding feast was enjoyed at the home of the bride whence the happy couple boarded the early train for Borden. They will enjoy a pleasant visit in Moncton and other centres of importance on the mainland. Your "Y" was kindly indulged with a view of the wedding gifts bestowed upon this popular young couple by their friends and they included gifts both useful and ornamental which will endure to perpetuate the memory of the thought'n ly kind donors. An address and presentation was conferred upon the young couple by the members of the Eclectic Rebeckah Lodge which nicely express the measure of esteem which the contracting parties enjoyed among their many friends.—Y.

Veterinary Medical Association Meets

MONTREAL, July 12.—The American Veterinary Medical Association, the largest organization of its kind in the world, will hold its annual meeting and convention in Montreal August 27 to 31 inclusive.

The meeting, which is the 60th annual, will be featured by papers to be read by eminent delegates from various European countries, and amongst the delegates will be Sir Arnold Thieler, of Pretoria, South Africa., Director of Education and Research for South Africa, who will take advantage of his trip to Canada to look over the live stock conditions generally. Dr. J. R. Mohler, chief of the Bureau of Animal Industry, Washington, will also be on the programme, as well as Dr. Eichorn, of Pearl River, N. Y., probably the greatest authority on bacteriology in the world, and delegates from France and Cuba. apart from theoretical works, the programme calls for various clinics, sectional in character, and intended to interest all branches of the profession.

The social side of the programme which includes a number of entertainments for the lady visitors, is not being neglected and, commemorating its Diamond Jubilee meeting, the association will give a banquet in honor of Dr. Duncan McEachran, of Ormstown, Que., the dean of the profession in America and the only surviving one of the four pioneers of veterinary science in America.

—LOSTER FISHING CLOSED.—Lobster fishing on the north side has closed for the season, but, although the catch was not up to the average many of the fishermen are preparing to continue business on the south side where the lobster season opens in the near future.—H.

PERSONALS

—Mr. and Mrs. John Kelly, Shamrock, spent over the week end with friends in town.—H.

—Mr. John L. McLellan, a former resident of Indian River, but late of Boston, has returned to his native home on a brief visit.—Y.

—Messrs. James and Frank McDonald, students of St. Dunstan's University, left a few days ago for Boston, Mass., where they will spend their holidays.—H.

—Mr. Bell of Helena, California, is visiting relatives and old friends in Summerside and vicinity. He left the Island 44 years ago and was last home on a very short visit some 23 years ago. It is pleasing to know that Mr. Bell has been successful in business in his adopted country.

—Mr. Joseph Collings of Malpeque who is now probably the oldest inhabitant on Prince Edward Island was in Summerside this week getting a shave and general trim up. He is still quite hale and hearty and if anything is looking younger than this time last year, as well he might, as he is getting younger all the time. At least about this time last year a Summerside paper gave his age at 104 years, but when in Summerside this year he gave his age at 103 years which is as good as some maiden ladies can do in the time after they have passed their prime.

The New Bullet

(By Dominion News Service)

LONDON July 11-Further experiments will be made at Bisley with the "streamline" bullet. This bullet is of a type new to this country. It has a tapered base instead of a flat one, and has some remarkable qualities. Not only does it give great accuracy up to at least 1,100 yards, but it offers much less resistance to the air when in flight than the ordinary bullet of the same weight and initial velocity previously used. It is even more accurate, its susceptibility to defection by wind is much less, while its ranging power is much greater. The military authorities are greatly interested in these experiments. Machine-gun barrages in modern war are put up at ranges which are quite unattainable with ordinary bullets. Hence the demand for a streamline or "boat tail" bullet.

WEST MORELAND SCHOOL EXAMINATION

The annual examination of West Moreland School was held on Thursday afternoon June 28th. There were ten visitors and one trustee, Mr. G. A. Canfield present. The pupils were examined in their different subjects by their teacher, Miss Jeannette MacVittie, assisted by Miss Lena Hogan, teacher. Canfield was appointed chairman and his programme was rendered, much to delight of all. Prizes were then awarded to the pupils attending school for the greatest number of days during the school year:—First prize—Ella Canfield Second prize—Wenefred Best.

Prizes for drawing:

First, Ella Canfield second Winifred Best Third, Roy Oakes.

Prize first in for spelling for month of June awarded to James Moore, Grade II. Public School Certificates were presented to, Herbert Canfield Dorothy Newson, Ella Canfield. The teacher received a number of gifts from the pupils. The visitors and pupils were treated generously to candy.

Complimentary remarks were made by the chairman upon the good work shown. The teacher in a few words thanked the teacher, who so kindly assisted her in the work also to the parents trustee and visitors for their kindness in attending and to the pupils for the gifts School closed by singing the National Anthem.

Skin Eruptions

Are Usually Due to Constipation

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus secures regular bowel movements by Nature's own method—lubrication

Nujol is a lubricant—not a medicine or laxative—so cannot gripe. Try it today.

Montreal Business Man Says Tanlac Has No Equal

Thomas C. Lyte, 309 Notre Dame Street, sales manager for the Montreal Towel Supply Company, is another widely known Montreal business man to praise Tanlac, the medicine which has proved so beneficial to him.

"Tanlac proved to be just what I needed," said Mr. Lyte, "and today I'm as healthy as a lumberjack. When I got Tanlac I was so thin I was only a shadow of my former self. I had such pains in my back I couldn't stoop over to lace my shoes, my kidneys bothered me and I got so bad off I thought I would have to resign my position.

"But I've picked up so much weight now my friends all comment on the improvement. My kidneys never bother me, I sleep like a log and have a good appetite. Tanlac hasn't an equal."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

Rockcliffe Camp To Be Abandoned

OTTAWA, Ont., July 12.—Recent developments in military circles make it quite clear that Rockcliffe Camp is to be abandoned after the present summer as a training centre for troops of the Ottawa garrison. When the Connaught Range property was acquired some years ago it was generally understood that eventually the activities at Rockcliffe Camp would be transferred there. The move, has, however, been opposed by the Ottawa military units, for the Rockcliffe ranges, on account of the excellent transportation facilities, have always been popular for the Saturday afternoon rifle shooting and for the brief instructional camps carried on annually. The property, which is estimated to be worth two millions, is owned by the Militia Department.

At present the Department of National Defence is completing plans for improved transportation facilities to Connaught Camp for next year, and arranging further buildings to accomodate troops there.

IN MEMORIAM

MRS ALEXANDER McDONALD

A large number of sorrowing friends, attended the funeral on Tuesday of the late Mrs. Alexander McDonald Cambridge St., who passed away very suddenly on Friday night last, at the age of 75.
