NEW FIREPROOF BUILDING DESTROYED IN TWO HOURS

Many Lives Endangered. Every Building Regulation Violated in the Construction. Fourteen Families Were in Occupation. Loss $100,000

Special to The Guardian.

MONTREAL, April 28—Many lives were endangered when the so-called fireproof apartment store at St. Joseph's boulevard burned like a torch and many inmates were compelled to resort to the fire escapes to get out.

In a few minutes after the outbreak in the basement the flames were chasing through the skylights in the roofing, six stories up, and inside of two hours, the massive building had very little left but the walls. ...

The building had just been finished and people were moving in every day, fourteen families having been already settled.

They lost everything. Several families were to have taken apartments there within the next few days.

Practically every building regulation of the city was violated in its construction.

The loss will exceed $100,000. The adjoining Mount Royal apartments caught fire, but were saved in a slightly damaged condition.

HALIFAX HIS FAST YOUNGSTERS

HALIFAX, April 26—Halifax has three fast and well bred young trotters which are attracting much attention. Frank Boutilier has two of them, one by Baring, a grandson of the great Bingen, dam Jessie Rampart, which trots so fast along the street, without being extended, as to cause even the ordinary passerby to gaze with wonder at the speed of this remarkable colt while the other is by Cochato, 2.11¼, the noted son of Todd, dam Lassie, the dam of Simmassie, which promises to be a great trotter. W. H. Musgrave has a yearling by Baring, dam Karava, by Kremlia, which also gives great promise and shows a lot of speed. This colt has the same dam as the sensational two-year-old Achillie the Great. The three colts are each nine months old, and their future will be watched with interest.

FOREST FIRES AT LIVERPOOL

LIVERPOOL, N. S., April 27.—Wearied with the saving of property from bush fires since noon in the east end part of the town, the firemen had scarcely got their apparatus to the engine house when they were called out for another at the southern part where the beautiful home of Miss J. E. Mullins, assistant principal of the High School was threatened with destruction. Citizens assisted in beating back the fire which was driven by a strong west wind towards the dwellings on Western Head Road. Here men, women and children struggled in the intense heat and smoke to save their homes. James Morrison's residence and barn were on fire several times, and only saved by the good work of the bucket brigade. Valuable timber areas were completely wiped out, the flames in some instances setting fire to trees 300 feet away. Four bush fires are burning tonight near the town, all caused from people clearing their lands. Several firemen with citizens will remain on duty all night. The whole country needs rain. Tonight the firemen responded to an alarm from the West End where another bush fire had crept down close to St. Andrew's Chapel and was burning fiercely about it, when the steamer and hose carts arrived.

TRAPPED BY FIRE BOYS BURNED TO DEATH

TOPSFIELD, Mass., April 24—Trapped in the centre of a forest fire in Boxford, near here, Frank Simmons, Jr., aged 15, of Boxford, and Albert Morgan of Beverly, were burned to death today. Their bodies were recovered later burned beyond recognition. Two others, Frank Simmons, father of the dead boy and William Simmons, a brother, were also trapped by the fire but broke through and escaped, although both are so seriously burned that they may not recover.

A brush fire started by George Frame, a farmer, living on the outskirts of the town got beyond his control and started the conflagration and before the blaze was finally controlled more than 100 acres, much of it valuable timber land was burned over. Frame's nearest neighbor, Frank Simmons, with his two sons and Albert Morgan of Beverly, helped to fight the fire and seemed to be getting the better of it, until, unnoticed by them, the blaze crept around and surrounded all but Frame.

TRANSFER OF THE DOMINION ATLANTIC

MONTREAL, April 27—There is no possible truth in the story circulated in the Lower Provinces to the effect that the Canadian Pacific Railway will not take over, operate and improve the Dominion Atlantic Railway system. David McNichol, the vice-president, now declares he never said the Company would not take over the Dominion Atlantic. The Company has secured the necessary legislation for the transfer which will be made at an early date, after which the contemplated improvements will be in order.

BURNS HISTORIC HOME FOR PICTURE FILMS

NEW ROCHELLE, N. Y., April 25.—The Sicard homestead, one of the oldest houses in New Rochelle, was burned this afternoon in the presence of three thousand spectators, to furnish a spectacle for a motion picture concert. There were enacted the rescue of a child and the work of a village bucket brigade, while a "mournful family" viewed the ruins when the house was a mass of cinders.

The house was erected about the year 1700 by the Sicard family, which was among the Hugenots who settled New Rochelle. When John H. Trenor, who at one time was dancing master to New York's exclusive set, retired and came to New Rochelle, thirty years ago, he purchased the place. The plot on which the house stood was sold recently for a site for St. Paul's Episcopal Church.

LAIRD O' SKIBO ON WITNESS STAND IN FAILURE CASE

NEW YORK, April 26—Andrew Carnegie testified yesterday before the grand jury as to his relations with the now defunct Carnegie Trust Company, which adopted his name as its title, but with which he has had no connection aside from financial assistance rendered when the institution found itself in difficulties and appealed to him for aid.

Counsel for Joseph G. Robin, who stands self-convicted of grand larceny which started the failure of the string of banks, including the Carnegie Trust Company, declare that if Robin were allowed his freedom on a suspended sentence he would rehabilitate several of the banks which he had helped to wreck.

ONTARIO DEATH DUTIES $500,000 FOR SIX MONTHS

TORONTO, April 25—Succession duties collected by the Provincial Government have been piling up at a remarkable rapid rate since November 1 of last year—the beginning of the Provincial fiscal year. The estimated receipts from this source were $750,000. Although this year is not quite half gone, the receipts already total upwards of $500,000, or more than two-thirds of the estimate for the entire year.

NEW LABOR LEGISLATION

MELBOURNE, Australia, April 25.—New labor legislation is to be brought forward by the Commonwealth Government. A wages board will be created together with a court and industrial arbitration.

Minard's Liniment for sale everywhere

DO YOU REA THE BIBLE

(By the Rev. W. H. Jordan.)

Do you see that great book on your table? Have you read it? Some have read it many times; some have read it through once. How far have you read into it? Could you spare fifteen minutes a day? If so you would read it through in a year without counting Sundays. It can be read aloud easily in seventy-five hours. You can read the Pentateuch, the five books of Moses, in seven and one-half hours each, Genesis and Isaiah in three and one-half hours each, and the Psalms in four and one-half hours of consecutive reading. Proverbs, ninety minutes, and Daniel in sixty-five minutes. Revelations, a book so similar in many respects to Daniel, the only book which pronounces a special blessing upon the reader, also requires sixty-five minutes. The twelve Minor Prophets can be read in three hours.

Turning to the Gospels and the Epistles we find that Matthew, Luke, and The Acts each requires two hours and fifteen minutes; Mark, ninety minutes; John, less than two hours; Romans and 1 Corinthians, fifty-four minutes each; 2 Corinthians, thirty-six minutes, about the time it takes to read both Galations and Ephesians. Twelve minutes for the ordinary reader to read any of the following: Philippians, Colossians, 1 Thessalonians or 2 Peter. Second Thessalonians and Titus, seven minutes each. Fifteen minutes is needed for any of the following books: 1 Peter, 1 John, 1 Timothy, or James. Second Timothy, ten minutes, and Philemon in three minutes, Jude in four minutes, and Hebrews in forty minutes.

There are many different ways of reading and studying the Bible. But consecutive reading reveals a clearer conception of the whole plan of the Bible; it shows connections ooe might not discover in any other way.

HOLY WAR DECLARED IN TANGIER

Col. Bremond's Fate Unknown. France Has Very Serious Task on Hand

Special to The Guardian.

TANGIER, April 28—A holy war has been proclaimed throughout Morrocco by the native tribes against the foreigners.

Tribesmen are flocking in great numbers to join the revolutionary forces and France has a big job on hand.

Conflicting reports are received relative to the fate of Col. Bremond, the French officer who led the relief expedition to succor Fez.

PROTEST AGAINST INDECENT BOOKS

LONDON, England, April 26—Protest against "certain novels issued by publishers of repute, which are not only unfit for perusal by a modest girl or a right-minded lad, but are likely to do harm to the moral character of all readers," is made in a circular letter addressed to the London press by a number of peers, prelates and school masters. The circular says:

"Many of these works of fiction are not indecent in the ordinary sense of the word, but their whole tone has a tendency debasing and demoralizing. In them open vice and licentiousness is palleated, and even justified. To appeal to the authors and publishers of these boovs seems of little use, and the law requires strengthening before their circulation can be stopped."

Meanwhile, parents and school masters, and all to whom the training of boys and girls in intrusted, are asked to set themselves against the circulation of such novels and expose their character when "t can not be detected by titles," which are absolutely colorless and misleading.

It is hoped that an association may be formed, by means of which wholesome pressure can be brought to bear on publishers, circulating libraries, and book stalls. The best known signatories are the Archbishop of Canterbury, Lord Balfour of Burleigh, Sir John Wolfe Barry, Sir James Crichton Browne and Edward Littleton, head master at Eton.

REMOVE TONSILS FOR RHEUMATISM

BALTIMORE, April 27—Dr. H. E. Harman Peterman, head physician of the South Baltimore eye, ear, nose and throat hospital, delivered an address before the medical and chirurgical faculty last night in which he discarded the theory that rheumatism is due to uric acid in the blood.

The responsibility for rheumatism, Dr. Peterman places on the tonsils, and the removal of them, which he declares to be useless after a person has attained the age of six years, he says, will obviate all rheumatic trouble.

COMMUNICATION THROUGH PROVINCE AND WITH MAINLAND

The Earl Grey left Pictou for Charlottetown yesterday at 7.00 a.m. with 15 passengers, 1 car buggies, 4 cars sugar, 2 cars corn, 4 cars way freight, express and 80 sacks mail which included Thursday's C. P. R. and Nova Scotia mail, docking here at 10.00 a.m. She leaves today on return at 7.00 a.m. with passengers, 3 cars oats, 2 cars potatoes, 2 cars way freight, express and about seven sacks mail.

The Minto left this port at 7.00 a.m. yesterday for Pictou with 20 passengers, 5 horses, 1 cow, 4 cars oats, 4 cars mixed freight, express and 14 sacks mail, docking at 10.40 a.m. She leaves for Charlottetown today at 7.00 a.m. with passengers, freight, express and yesterday's Nova Scotia mail.

The Minto will return to Pictou Monday morning leaving here at 7.00 a.m. and after discharging her cargo there will proceed to Souris, docking that evening. She will take on board passengers and mails for the Magdalen Islands and will sail for there early Tuesday morning. In the meantime the Earl Grey will maintain a daily return trip service between Pictou and this port.

Yesterday marked the opening of the summer mail service between this province and the mainland which will be maintained daily hereafter. A full day's mail was received via Summerside and the usual N. S. mail came via Pictou.

The movements of the Empress will be found in the Prince County Columns.

Yesterday the Eastern expsess train was thirty minutes late, the Southern accommodation 30 minutes late, the Western accommodation arrived here on time, the Eastern accommodation one hour late, the Summerside accommodation thirty minutes late and the Summerside express train 25 minutes late.

Minard's Liniment Relieves Neuralgia

STATES AND JAPAN WILL SOON FIGHT

And America Meet Continual Defeat, Says Capt. Hodgson, Because Unprepared

Special to The Guardian.

ROCHESTER, April 28—Capt. Hodgson spoke here under the auspices of the local military organization.

He said war was certain with Japan and it was equally certain that the United States would be defeated in that event.

Mr. Hodgson said the trouble that is sure to come will come first of all on the Pacific. Before nine months shall have passed in this war the United States will be substantially helpless and will experience cintinual defeat.

We have nine thousand men at San Antonia, not twenty thousand as reported.

We are short of men, officers, animals and equipment.

COLONIALS PLAY A FOOL'S PARADISE

Last evening the ever popular Colonial Stock Company played A Fool's Paradise to a good sized audience. This production, which is a play in three acts by Sydney Grundy, ran for three hundred nights at the Garrick Theatre, London. It deals with English social life and from start to finish is one of absorbing interest. Frank Oliver as Sir Peter Lund, a physician with a stroke of Sherlock Holmes genius was easily the star of the evening. Miss Mollie Revel as Beatrice Selwyn, an adventuress, sustained the difficult role admirably. Miss Myra Crowe, a protege of Sir Peter's, was as sweet and winning as she always is. The other players, especially J.C. Lawrence, did splendid work. Tomorrow afternoon My Sweet Heart and tomorrow night Esmaralda will be put on.

MANY CONSERVATIVES SUPPORT RECIPROCITY

ORANGEVILLE, April 26—Petitions in favor of the reciprocity agreement, signed by 250 Conservatives and 351 Liberals of this county, were sent to Sir Wilfrid Laurier. They represent only a small portion of the county, as it was impossible, owing to the state of the roads at this season, to get the whole feeling of the county on this important question. It is believed here that a majority of the farmers in this constituency are in favor of reciprocity, notwithstanding the fact that in the past the Conservative majority has been about 1,500.

The following is the wording of the petition:—"We, the undersigned, electors of the county of Dufferin, believe that the reciprocity agreement now before the House, if carried, would result in lasting benefit to the agricultural community of this Dominion at large. We also repudiate the views so freely expressed by the gentlemen representing the privileged classes and the moneyed institutions of the country. We consider it little better than an insult for them to dictate to you what they consider best for the farmer. We ask for no privileges, only the chance to buy and sell where we think best."

NEW DEPARTURE ON THE C. P. R,

MONTREAL, April 25—In a few weeks the C. P. R. will start building at its Angus shops, Montreal, six new compartment sleeping cars, which will be a distinct departure from the sleeping cars at present operated by the company. The new cars will be of practically the same exterior dimensions as the ordinary sleepers, but in the inside instead of having berths separated by curtains, the car will be divided into compartments and they will resemble somewhat the staterooms on board the ocean liners. Each stateroom will have its own electric lights, wash basin, etc.

The new cars will be used on the Imperial Limited.

The Angus shops of the Canadian Pacific Railway at Montreal have just issued ten new switching engines. These engines are of the standard size and will be distributed throughout the company's lines.

THE NEWEST CUNARDER

BOSTON, April 27—The new Cunarder, Franconia, the largest and fastest ocean liner ever in the trans-Atlantic service to this port, arrived last night on her maiden voyage from Liverpool. She measures 625 feet between uprights and is of 18,000 tons register. The Franconia brings 39 saloon, 394 second cabin, and 1,658 steerage passengers.

WEATHER FORECAST

TORONTO, April 29—Light to moderate winds, mostly west and southwest, fine and warm.

The temperature at three o'clock this morning was forty-five degrees above zero.

The lowest temperature recorded yesterday was thirty-three degrees above zero and the highest was seventy-three and a half above. The coldest recorded the previous night was thirty-nine degrees above zero. At nine p. m. last night it was fifty degrees above zero.

REVOLUTION IN CANTON VICEROY'S PALACE BURNED

The Viceroy Escaped. Presidents are Flying by Thousands. Anarchy Prevails. Rebels Fought Desperately With Revolvers and Bombs

Special to The Guardian.

HONG KONG, April 28—Messages received today from Canton where a revolutionary outbreak occurred last night, are of a disquieting character.

The revolutionists have obtained a quantity of explosives and the government has asked the steamship companies to suspend their service lest arms be smuggled to the disturbers who are still at large. Many of the leaders have been imprisoned. Fighting between the troops and rioters began when the soldiers arrested a revolutionary leader and his followers who were carrying revolvers and wearing badges boldly proclaiming their purpose, surrounded the Viceroy's palace and after setting it afire interfered with the efforts of others in extinguishing the flames.

The revolutionists were armed with rifles and bombs and fought desperately and many were arrested.

The troops suffered considerably but the soldiers finally got control of the situation and energetic measures to prevent another outbreak were made.

The gates of the city were closed and search made in suspected quarters for arms and ammunition.

The fire burned for two hours doing great damage. The Viceroy escaped harm but thousands of the residents of Canton are fleeing to this city.

Those say that anarchy is rife among the soldiers in Canton and the officers do not trust the men.

Many of the troops completed their service today and these men are particularly feared.

Anarchists have been furthering their propaganda in the army where there was already much discontent owing to the recent suppression of gambling.

The British Consul in Canton has reported to the Governor in Hong Kong that the situation is serious.

CHILD WAS KILLED BY FLOWERPOT

Was Playing in Front of Home When Pot Fell From Verandah

Special to The Guardian.

TORONTO, April 28—Jenny Ray, the five-year-old daughter of Carl Ray, was playing in front of her home today when a huge iron flowerpot on the varandah fell and struck the child in the breast.

She died five hours later.

PEACE SUNDAY FOR PRESBYTERIAN CHURCHES

HALIFAX, April 28—The following circular letter has been sent out to all the ministers of the Presbyterian Church of Canada by the esteemed Moderator of the General Assembly:

Dear Brethren,—On Sabbath, April 2nd, nine hundred meetings were held in the leading cities of Britain and representatives of ten thousand churches, met in councils, and adopted resolutions in favor of the proposed arbitration or peace treaty between Britain and the United States. It seems to me very fitting that we in Canada who are more interested than the people of any other part of the Empire, should do something to help in this truly Christian movement. If we are followers of the Prince of Peace, we should surely do something to strengthen the hands of the statesmen who are seeking to bring about the day when swords shall be beaten into ploughshares, and spears into pruning hooks, when nation shall not lift up sword against nation, neither shall they learn war any more. I would suggest that special services be held in all our churches from the Atlantic to the Pacific on Sabbath, May 7th, and that united prayer be offered unto God, that He would hasten the coming of the day when war shall cease and universal peace prevail throughout the world.

JOHN FORREST.

Moderator of General Assembly of Presbyterian Church in Canada.

Halifax, April 10th, 1911."

LIFE ON EVERY STAR SAYS PROFESSOR SEE

PHILADELPHIA, Pa., April 25.—Talking today before the American Philosophical Society in explanation of the new science in cosmogony, Professor T. J. J. See, Government astronomer at Mare Island, Cal., declared that life was a general phenomenon in the universe, and that "living beings exist wherever a star twinkles in the sky." Planets like Mars and Venus, said the Professor, were all inhabitable.

Professor See, after speaking of America, as "unquestionably first in science, as in the arts and industries, continued:—

"The recent announcement that Venus is inhabited attracted great attention, but it is even more interesting to learn that other stars have planetary systems like Mars, Venus and the earth, and that all are habitable and inhabited by living beings."

MARRIED IN AUTO

CINCINNATI, Ohio, April 27—Roy J. Maddigan, of New York, a well known athlete, and Miss Marion Kriebel, of Walnut Hills, were married yesterday in a taxicab in front of the home of the Rev. George A. Thayer.

When the young couple reached the preacher's house, he was coming out. Maddigan produced the marriage license and the couple were married standing in the taxi-cab.

FALLS THAT RIVAL NIAGARA IN GRANDEUR

NEW YORK, N. Y., April 27—Sir T. Crossley Raynor, Atty. General of British Guiana is in New York today on his first visit to this country. He is one of the few white men who have ever seen Kaieteur Falls, which he declares the most beautiful and impressive in the world. Sir Crossley will visit Niagara Falls for the purpose of comparison before leaving to England to attend the Coronation ceremonies.

Kaieteur Falls are far inland in fact, that they are about 200 miles from civilization. They are 829 feet in height, nearly five times as high as Niaggra and about 400 feet wide."

HAUL DOWN THE STARS AND STRIPES

MANILA, P. I., April 27—Delayed advices reaching here via Jolo, report that the Dutch have taken possession of Palmas Island, sixty miles southeast of Mindanao, and have lowered the United States colors and substituted the flag of Holland. It is understood here that Washington does not intend to protest against the action of the Dutch, the United States Government regarding the island as valueless.

MANAGER OF FAILED LONDON BANK HELD ON FRAUD CHARGE

LONDON, April 25—Alfred W. Carpenter, the proprietor and manager of the Charing Cross Bank, a private institution which closed its doors on October 17, was arrested today charged with obtaining money through fraud and false pretences. He was remanded under bail of $50,000

Counsel for the public prosecutor's department mentioned in particular a case which he said was like others and had brought about the arrest of Carpenter. The defendant, he said, had induced C. H. Parker to deposit $2,500 two days before the bank failed with a deficiency of $8,495,000.

CORK ELECTION PETITION

CORK, Ireland, April 25—The hearing of the petition against the election of Captain Anthony Donelian, the Nationalist who defeated William O'Brien in the East Division, Cork County, was resumed today. John Donovan, a Californian, who was active in the last election campaign here was a witness and admitted having promised to distribute money among the poor of Youghal if Donellan was elected.

He declared he had enough of electioneering in Ireland and intended to return to California.

GLOVER WILL CASE HAS BEEN POSTPONED

ST. JOHN, April 26—The Glover will case which was scheduled for Monday was postponed till the end of the week. It is understood that S. D. Elmore, executor of the Glover will, will endeavor to have Hattie brought to Boston, as he is dissatisfied with the hearing in St. John, claiming that Mr. Johnson interviewed Hattie there before she was examined, and that the appointment of Alice Morril, a clerk in Mr. Johnson's office, was unfair to him.

E. P. Barry is reported to have said that if Hattie's deposition was admitted as evidence there would be no need of her going to Boston. He declared that Hattie in her evidence had named the murderer of Glover, and that an astonishing story of Mrs. Glover's life would be revealed.

NORTH ATLANTIC POOL TO BE RENEWED

COLOGNE, April 27—The Cologne Gazette says that the conference of steamship representatives which was held at Berlin today had to do with the preliminary negotiations for the renewal of the North Atlantic pool. The English lines were not represented, because the meeting was confined to the continental companies. The prospects for prolonging the pool, the Gazette says are regarded as approved but a settlement can hardly be expected before late in the Summer.

ANNAPOLIS MAN KILLS HIMSELF

BRIDGETOWN, N. S. April 26.—A shocking affair occurred at Williamston, Annapolis county, on Monday last. Elias H. Bishop, who resides there, said to his wife that he would go out a while and pick some mayflowers. This was at 3 p. m.

Not returning at 6 o'clock some anxiety was felt. Arthur Bishop, in company with A. T. Dodge and another, went out to make a search. Not finding him at a neighbor's they continued on up the mountain side to a back pasture, a mile away.

After a time Mr. Dodge saw Bishop standing under a tree and whistled. Getting no response, he hurried and found the unfortunate man hanging to a tree by the neck. He was cut down and at once conveyed to his house.

Mr. Bishop was 53 years of age and married about one year ago. His wife, with two brothers and two sisters survive. Some time last year he suffered from a stroke of paralysis and went to Boston for treatment, but not obtaining relief he returned. Since then he had become despondent.

Minard's Liniment Cures Dandruff.

DROWNING ACCIDENT AT MURRAY HARBOR

A sad drowning accident was announced yesterday which occurred about a mile off Cape Sharp, Murray Harbor North, on Wednesday morning about eight o'clock. As a result John Terrel, a fisherman working with Benjamin Richards, who supplies lobsters to the factory of Fraser, Johnston & Co., lost his life.

Young Terrel and Richards went out in their boat together setting out traps. A stiff breeze was blowing at the time. They got to leeward of an iceberg and the boat became temporarily becalmed. On getting out of the shelter afforded by the iceberg the wind suddenly striking the sails overturned the boat, which being in ballast, immediately sank in about seven fathoms of water.

Richards got hold of some floats used in marking the location of lobster trap lines and hung on to these for about half an hour, during which time a young man named William Leeco, who had observd the accident from his fishing boat, was making all speed to the assistance of the imperilled men.

When he arrived on the scene Richards was in a state of extreme exhaustion through the prolonged exposure in the cold water and was rescued just in the nick of time. Terrel perished before Leeco's arrival.

Young Terrel was a young man of twenty years, the son of John Terrel of Boston, who will arrive here today and proceed to the scene of the accident. The deceased left no brothers or sisters. He was a splendid young man and his death at so early an age is to be greatly deplored.

During the days immediately following the accident the fishermen have been exceptionally busy getting out their traps and no determined effort has been made towards the recovery of the body. The boat has completely disappeared and at present cannot be located. It is expected that tomorrow the fishermen will turn out in force in the search for the body.

Terrel has been residing with his grandmother, Mrs. Leeco, mother of the man who rescued Richards, during his stay in Murray Harbour.
