

Now-a-days nearly every woman rides a bicycle. The majority of these who do not have failed to compass its difficulties because of nervousness. Many women after taking innumerable lessons, and trying vainly to conquer the wheel for weeks, have finally given it up as a hopeless task for this one reason.

In nearly every instance severe nervousness in women may be traced to weakness and disease of the delicate important organs distinctly feminine. No other class of disorders so torture a woman's nerves or break them down so speedily and effectually. Dr. Pierce's Female Restorative is a sure, speedy and permanent cure for all troubles of this delicate nature. It acts directly on the sensitive organs concerned, making them strong, healthy, vigorous and elastic. It allays inflammation, heals ulceration, soothes irritation, and builds up the nerves. It stops exhausting drains. It banishes the predispositions that precede maternity and makes baby's advent easy and almost painless. It insures the little new-comer's health, and an ample supply of nourishment. It transforms weak, nervous invalids into strong, healthy, nerve-steady women. Thousands have testified to its marvellous merits. An honest dealer will not sell a substitute.

Send 21 one-cent stamps, to cover cost of postage and mailing only, to the World's Dispensary Medical Association, Buffalo, N.Y. for a paper-covered copy of Doctor Pierce's Common Sense Medical Adviser. Cloth binding 50 cents. A whole medical library in one 1000-page volume.

(LADIES' SYSTEM.)

Dead Men Tell no Tales

Let living women and hungry children die. They tell a sad tale sometimes, that brings the terrible charge of carelessness and neglect to provide, against the husband and father whom the hand of Death has stricken. What a little thing a 5 cent piece is, yet 5c. a day will provide \$100 insurance for a man of average age in the

CANADIAN ORDER OF FORESTERS.

Twenty years ago there was some excuse for those who left their family unprotected, to-day there is absolutely none. The only question is safety, and in this the Canadian Order of Foresters easily leads. It has a large surplus per head, and will insure for each \$10,000 of risk carried, and could divide up and pay back, if so desired, more money per member than any other Society of the kind in Canada. Surplus per member, \$21.82; per \$10,000 of insurance, \$20.95.

The Death Rate of the Canadian Order of Foresters last year was lower than that of any of its competitors, being only 2.44 in the 1,000.

The interest on the Insurance Surplus paid over 20 Death Claims of a \$1,000 each last year.

Epworth League of Christian Endeavor in Convention.

At 3 p. m. the second annual convention of the Epworth League of Christian Endeavor of P. E. Is and was held in the Methodist Church at Willsloe, August 24th.

Notwithstanding the day being wet there were delegates present from Morell, Montague, Cornwall, Union, Stanhope, York, Willsloe and Charlottetown.

An excellent program had been arranged and with the exception of an address on the tenth (10th) Legion by the Rev. W. J. Howard of Pownal and practical hints by Rev. W. C. Matthews of Souris it was carried out as published in the GUARDIAN newspaper. The first session opened with a prayer and praise service led by Rev. A. D. McLeod of Willsloe, and was conducted in his own peculiar style which made it a fitting start for an inspiring and helpful convention, all of which it proved to be.

At 3.20 Rev. G. M. Campbell of Charlottetown, who is the Honorary President of the society took the chair and formally opened the convention and appointed the following committees: nominating, credential and resolution.

At 3.30 Rev. Henry Penna of Montague gave an address on the possibility and utility of an Epworth League on a country circuit. From experience and observation the speaker showed it was highly possible and as to the utility there was no question. He always found in the matter of church building or repairing where money was needed and he brought it before the young people of the League that a young response was the result. In helping along the prayer meeting, seeing to the ventilation of the church, giving attention to strangers and in many other ways proving the utility of the society. He said a great deal of good could be done among the young by having a bunch of flowers each Sunday placed on the pulpit or on a stand near by. It need not be large but should be arranged with taste.

At 4.00 a round table conference on committees was conducted by Rev G. M. Campbell of Charlottetown, some excellent five minute papers were read on the different committees.

On the look out committee Mr. George Ayer of Union said when a stranger comes to our home we make him welcome by a kind word and a hearty shake of the hand so should the members of the lookout committee treat strangers who come to our church home and perform all those little acts of kindness that come so easily within the reach of us all. He said the Epworth League Social is as purely evangelistic in its character as a prayer meeting and one planned and carried out with this thought in view is its own safe guard against any improprieties.

At 4.00 a round table conference on committees was conducted by Rev G. M. Campbell of Charlottetown, some excellent five minute papers were read on the different committees.

On the look out committee Mr. George Ayer of Union said when a stranger comes to our home we make him welcome by a kind word and a hearty shake of the hand so should the members of the lookout committee treat strangers who come to our church home and perform all those little acts of kindness that come so easily within the reach of us all. He said the Epworth League Social is as purely evangelistic in its character as a prayer meeting and one planned and carried out with this thought in view is its own safe guard against any improprieties.

At 8.00 o'clock Rev. J. W. McConnell B. A., of Verdon River on the relation of the Epworth League to civic righteousness. He referred to the many evils rampant in the land such as rummeling, gambling, dancing, bribery, etc. We must be aware of the conditions of society and then actively put forth all our energy of body mind and spirit to eliminate and root out those evils by introducing the good force at our command. The opportunity of doing a great deal along this line is in the hands of the members of the Epworth League and a corresponding responsibility rests upon us. In closing his address which was a most eloquent one, he impressed upon the members the necessity of concentrating all their energy in carrying out civic righteousness.

At 8.15 Rev. G. F. Dawson of Cornwall gave a most helpful address on Christian work. He said God's idea with respect to men was not only to save us and take us to Heaven but that we may grow in the knowledge of Jesus Christ and develop the divine nature in us that we may eventually dwell to His glory in His presence for ever. The reason God permits us to remain here is that we may develop our lives and characters by work that He may use us in the extension of His Kingdom. He does not do for us the work that we can do for ourselves, or for one another. We must not only pray but make an earnest effort to answer our own prayers.

At 8.30 Rev. R. L. McDonald was called upon and presented the volunteer movement to the meeting. In 1886 this movement started. There are now in the Methodist church of Canada, said the speaker, fifty volunteers ready to go out into any mission field whenever the church is ready to send them. The great trouble with our missionary work is we do not pray and study enough, nor do we give systematically.

The question box was then opened and the questions read and answered by Rev. R. Opie and Rev. R. L. McDonald.

At 8.45 Rev. R. Opie gave an address on Deep Spiritual Life, which was good and full of quiet power and like all the other addresses as they came on seemed to be just the next step towards the closing or consecration service which was led by Rev G M Campbell and which was very impressive as charge after charge was delivered to officers, committee men and societies and the responses given by them in return made a fitting close for a very helpful and inspiring Convention.

On the Sunday School Committee Mr. W. C. Turner, of Charlottetown, said the Sunday School is the right hand of the church, from it must come the men and women who in future will have to conduct all the affairs of the church. Therefore it is important that the best material we have in the society be put on this committee. He said some of our brightest and most talented of our young people do not attend any Sunday School, this Committee should endeavor to bring them in. They should organize home classes for those who cannot come to the school. This he said is a branch of Sunday School work which is enthusiastically taken up by some of our schools and is attended with great blessing to many homes and profit to the schools promoting them.

He said they should visit the different Sunday Schools and make their visits so interesting that they might deserve the name A Pleasant Surprise Committee, whose visits would be looked

forward to with interest not only by the scholars but by the officers and teachers as well. Then when they have visited the schools and learned all they can about the schools, Their methods of working, their libraries, and the best books in them, arrange for a Sunday School night in the League to which will be invited the members of the Sunday Schools. In this way you not only interest the League in the Sunday School, but you get the School interested in the League and may be the means of adding numbers of associate members from which they graduate into active membership and then into full membership with the church, Heirs of God and joint-heirs with Christ.

At 7.30 prayer and praise service led by W. C. Turner, Charlottetown. At 7.50 the nominating committee reported and the election of officers for the ensuing year took place with the following result:—

Honorary President Rev. G. M. Campbell Charlottetown re-elected.

President Rev. Geo. Dawson Cornwall.

1st Vice Rev. W. J. Kroy, Charlottetown.

2nd, Vice Rev. A. D. McLeod, Willsloe.

3rd, Vice Mrs. Henry Smith, Charlottetown.

4th, Mr. George Ayer, Union.

5th, Miss Clara Alexander, Stanhope.

Secy Dr. J. H. Ayer, Charlottetown.

Treasurer Miss Mand Down, Charlottetown.

Representative to conference W. C. Turner, Charlottetown re-elected.

The new president was introduced to the audience and made a few well chosen remarks. The committee on resolutions submitted the following which was unanimously agreed to: Whereas it is most desirable in the interest of religion and morality that the liquor traffic be totally abolished, therefore resolved that this convention strongly recommend that every possible legitimate effort be put forth by all members of the Epworth League to secure votes for prohibition at the forth coming plebiscite.

At 8.00 o'clock Rev. J. W. McConnell B. A., of Verdon River on the relation of the Epworth League to civic righteousness. He referred to the many evils rampant in the land such as rummeling, gambling, dancing, bribery, etc. We must be aware of the conditions of society and then actively put forth all our energy of body mind and spirit to eliminate and root out those evils by introducing the good force at our command.
