The presence of horsemen and everybody interested in ice racing are requested to meet at the office of A. S. Hewitt, tonight (Tuesday) at eight o'clock.

Any person who can act as agents on a commission basis at different smelts points in this province for a foreign firm, should write "A" care of Guardian, Charlottetown at once.

The Guardian is informed that Councillor Thomas Campbell will nominate as a candidate to contest the election in ward three. Mr. Campbell's card to the electors will appear in tomorrows paper.

D. R. Morrison, P. G. Clark, Summerside, and their attorney, A. C. Saunders, also of Summerside, came to the city yesterday and will attend the session of the Court of Appeals in Equity which meets today and at which judgment will be given in the case of Morrison and others vs the Summerside Water and Sewerage Commissioners. They are registered at the Victoria.

A Sydney exchange says:—The Government steamer Stanley arrived here this morning and reopened the harbor for shipping, cutting the ice in the harbor between here and North Sydney with the slightest difficulty the Stanley first opened the harbor to the steel-coal piers and made it possible for the steamers to load coal. She then came up to the ferry wharf and opened up the entire harbor, making it possible for the steamers Aspy and Richmond to reach their berths. This morning's work clearly demonstrates that a boat like the Stanley could easily keep Sydney Harbor ice free during the most severe seasons, and that the regular ferry schedule between Sydney and North Sydney could be maintained without interference.

## All You Need is a Cascaret Tonight

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head and cheerfulness for months. Children love to take Cascarets because they taste good—never gripe or sicken.

Jack Stewart, North Dakota, is visiting in the city the guest of John and Mrs. Dewar, Newlands, Royalty.

Any good trustworthy boy desiring an hour or two of work before school should apply at Guardian advertising counter at once for particulars.

At the Arena Alleys last evening the Mechanics defeated the Comets in the duckpin league by 13 pins, the totals being Mechanics 1226, Comets 1213.

A very large number of patrons took advantage of the regular band night skate last evening in the Arena. The ice was in excellent condition and the 4th Regiment Band furnished a most interesting program. It has been remarked that this year there is a larger number of skaters than ever before who skate with the music and not in the erratic, irregular and confusing style which invariably ensues when the majority disregard the music.

W.B. Prowse, City, has received a letter from W. G. Murray, secretary of the Shamrock Hockey Team of New Glasgow, N. S., asking for dates for games with the Victorias of this city for amateur championship of the Maritime Provinces and the Starr Trophy. According to the Starr Trophy rules all challenges must come through the trustees. It is to be presumed that this course will be followed in this case. The Victorias are at present not in a position to defend the trophy and will not be until the P. E. I. hockey league is completed, when they, if the winners in that league, will have to defend it against those teams who may have challenged through the trustees. Capt. D. A. McKinnon, City, is a trustee and will, no doubt, receive challenges in due and proper form. It is understood that the winners in the Cape Breton Hockey League will also challenge and games are now in progress between North Sydney, Sydney, New Waterford and Glace Bay teams. The Starr Trophy, held for the past year by the Victorias, has been returned to the trustees and is now in Dartmouth, N. S.

## SAVED FROM AN OPERATION

### By Lydia E. Pinkham's Vegetable Compound

Peoria, Ill.—"I wish to let every one know what Lydia E. Pinkham's remedies have done for me. For two years I suffered. The doctors said I had tumors, and the only remedy was the surgeon's knife. My mother bought me Lydia E. Pinkham's Vegetable Compound, and today I am a healthy woman. For months I suffered from inflammation, and your Sanative Wash relieved me. Your Liver Pills have no equal as a cathartic. Any one wishing proof of what your medicines have done for me can get it from any druggist or by writing to me. You can use my testimonial in any way you wish, and I will be glad to answer letters."—Mrs. CHRISTINA REED, 105 Mound St., Peoria, Ill.

**Another Operation Avoided.**

New Orleans, La.—"For years I suffered from severe female troubles. Finally I was confined to my bed and the doctor said an operation was necessary. I gave Lydia E. Pinkham's Vegetable Compound a trial first, and was saved from an operation."—Mrs. LILY PEYROUX, 1111 Kerleree St., New Orleans, La.

The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

## LABOR UNION BALL

The Annual Ball of the Labor Union was held last night in their hall on Water Street, about 250 being present.

The hall was very attractively decorated and its appearance reflected credit on those in charge. Dancing was the principal feature of the night, the proceeding having first been opened by a short speech by Walter B. Monteith, President of the Union.

A very enjoyable time was spent by all present and the good order prevailing was a noteworthy feature of the celebration. Refreshments were served and the merriment did not close until the morning hours.

SHANK TALKS ON LIVING PROBLEM.

ALBANY, N. Y., Jan. 18—Samuel Lewis Shank, Mayor of Indianapolis, who has gained fame for his personally conducted cut-price sale of potatoes, poultry, mince meat and walnuts in the public market at Indianapolis, declared that the only solution of the high cost of living problem was to bring together the producer and the consumer. He had satisfied himself and the people of Indianapolis that his "municipal purchase and sales agent" idea when put into operation, was effective in reducing artifically inflated prices of foodstuffs.

"Under modern commercial methods and the development of several grades of middlemen," said Mr. Shank, "the law of supply and demand, so far as the consumer is concerned, and has become more or less a dead letter.

"What difference does it make if the cranberry crop is large? Doesn't the price always climb from $10 to $12 a barrel or 10 to 15 cents a quart by the time the Thanksgiving Day demand comes? Though the growers may accept a low price rather than have them rot, the various middlemen see to it that they get the advantage of cheap production and not the consumer.

"The growers in some States found this out some time ago, and have taken protective measures as far as they can, by organizing associations, pooling their crops and making the middlemen pay them reasonable prices. But the consumers are only now organizing to look after their own interests in the food supply question. They have for years seen the distributive forces putting their selling agents in the large cities to see that the supplies of foodstuffs do not overtop the demand and thus lower prices.

"To my mind the greatest gift that can come to the American people is some permanent plan whereby the consumer can be brought into closer touch with the producer. When this is done lower prices of food products will prevail.

"I am a firm believer in the municipal purchasing idea. Place a man in the markets of the various cities whose duty it will be to see that the market is supplied with all commodities at all times and I believe steady prices will prevail. As yet we have no municipal purchasing agent in Indianapolis, but I hope to have one soon."
