WELL KNOWN IN PETROLIA

Is Mrs. Fletcher, Cured of Rheumatism by Dodd's Kidney Pills.

PETROLIA, Ont., April 18.—(Special)—Mrs. A. Fletcher, of the Fletcher House, one of Petrolia's leading hotels, reports her complete cure of a long standing case of Rheumatism. Mrs. Fletcher says:

"My Rheumatism was so bad I could not get down to attend to my household work. The joints of my fingers were so swollen as to almost make two fingers and the pain was awful. I had tried several remedies but could get no relief till I tried Dodd's Kidney Pills. One box helped me and five boxes cured me completely."

Dodd's Kidney Pills always cure Rheumatism because they put the Kidneys in shape to take all the uric acid out of the blood. With the uric acid out of the blood there can be no Rheumatism.

THE EDITOR'S MAIL

LETTER FROM INSPECTOR JENKINS.

When I went to the city about 18 months ago to aid in enforcing the Prohibition Law, a slip of paper was handed me containing the names of about 50 persons who were engaged in the liquor business. About a month ago from information received from reliable sources I learned that only 12 or 15 were in operation, with a few other places open to suspicion and many of those doing business very shyly.

If there are 40 places known by any of the officials to be still in operation, or that are openly violating the law, I am not aware of the fact, and I think my sources of information can be taken as fairly reliable. One fact I know however which cannot be disputed and that is that many of the oldest and worst places in the city have been closed and others greatly restricted in their operations.

I can furnish at any time the names of 35 or more persons who were selling 18 months ago that are now out of business—some in jail, others have fled the country and some have gone out of business; and a law that can do this can close every illicit saloon in the city.

I admit however that there is yet too much drinking carried on and that much remains to be done, and I regret that just at a time when the Act was being made a power and its good results were being seen that an agitation should be started by some citizens for its repeal, and an effort made to reinstate violators of the law into good citizenship again.

This action could perhaps be overlooked if it came from the saloon keepers themselves, but when respectable citizens take a hand in such matters it is certainly regrettable and humiliating. And their action is already bearing fruit as can be seen in the more aggressive bearing of the saloons and in the opening up of other places which had been put out of action.

This however is no time for repining or sounding the retreat. The only antidote the writer knows is to Drive On and if 40 of those unlawful places exist let us ask God to help us in driving every one of them out of the city.

I intend asking for the names and location of those places about which so much noise is being made (and I think I am justly entitled to the facts considering the source from which the complaint comes). If they do exist to the extent named I have been misinformed and will need to look for more reliable and trustworthy sources for my information in future. If they do not exist it is unfair to make such statements in public and be unable to prove them.

ROBERT JENKINS,
Inspector.
