

Hon. J. Israel Tarte Resigns from the Liberal Cabinet.

OTTAWA, Oct. 21.—(Special.)—Hon. J. I. Tarte is no longer a member of the Laurier Cabinet.

He sent a letter from Toronto dated October 20, resigning his portfolio as Minister of Public Works and his seat in the Ministry.

The letter makes it appear that Sir Wilfrid Laurier told Mr. Tarte that he ought not to have talked as he did before the Government has settled on such a policy, and he says his views on the tariff are well known, having frequently been stated both publicly and privately.

Mr. Tarte continuing says "I have no right to cause trouble and entertaining the opinion that the interests of the Canadian people make it a duty to revise without delay the tariff of 1897, with a view to giving more adequate protection to Canadian industries, to the farming community and to working men, I cannot possibly remain silent."

"I prefer freedom of action and speech even to the great honor of being your colleague."

In conclusion Mr. Tarte expresses his hope that the Premier's health will improve and extends his good wishes to his former colleagues, with most of whom his relations had been pleasant and cordial.

SUCCESSFUL HAS BEEN WORK OF S. S. ASSOCIATION DURING YEAR

The Sessions During the Day are Most Interesting to Those in Attendance—The Normal Graduates Get Their Diplomas—The Annual Report of the Executive Committee is Submitted.

MORNING SESSION.

After devotional exercises a paper on "Grading and Supplementary Lessons prepared by W. L. Kennedy Halifax was read by Rev. G. P. Raymond. A vote of thanks was tendered Mr. Kennedy.

The Conference consisting of five minute papers followed by ten minute discussions proved very interesting.

The first paper was on "The Home Department." Marion Lawrence conducted the discussion and suggested a visit to the young women who should not be overburdened with work.

"Temperance in the school" was opened by J. K. Ross. Rev. G. P. Raymond suggested the opening of a Temperance Department similar to the Home and Normal Departments. The Nominating Committee later agreed upon the President of W. O. T. U. Mrs. D. A. Sharpe and her successors as President of that Department.

Thomas Mayse opened the discussion on Normal Work. "It helps the good teacher, the poor teacher and the modest teacher," he said. Rev. W. H. Smith added several suggestions.

Rev. G. M. Young and Rev. A. D. McCully spoke on "Decision Day" and "Spiritual Work."

After singing, the benediction was pronounced by Rev. A. Chapman, Bideford.

AFTERNOON SESSION.

After song service the reports of the Field Secretary and Finance Committee were submitted and adopted.

A constitution and rules of order were also adopted.

The report on Primary Work was read by Miss Marion Walchen. It appealed for a greater interest in primary work as that class is the pulse of the school. The Charlottetown work was referred to and suggestions offered. The credits roll has in many cases proved the only link between the family and the Sunday School.

EVENING SESSION.

After song service led by Prof. Excell, Rev. G. M. Young, Vice-President, took the chair. The invitation to hold the convention next year in Summerside was accepted.

J. D. S. aman, Normal Superintendent, submitted the report of the normal work. The progress was marked. Upwards of 200 were enrolled, 52 successfully passed the examination. An alumni society was organized and an effort will be made to enroll every graduate. The following were then presented with Diplomas:

20 YEARS OF ITCHING PILES.

Mr. Alex. McLaughlin, Bowmanville, Ont., writes that for twenty years he suffered terribly from itching piles. Seven years ago he asked a druggist for the best cure for piles and was told to use Dr. Chase's Ointment. He continued this treatment until entirely cured, and as he has never had any return of his old trouble considers his cure permanent and remarkable on account of the length of time he suffered.

STARTED IN HIS LEGS.

An Osawa Case Which Puzzled the Local Doctors as Well as Those at the Hospital in Toronto.

OSAWA, Oct. 20.—(Special.)—Five years ago Mr. Joseph Brown, of the Osawa Malleable Iron Works, began to feel a stiffness and soreness in the calves of his legs. This gradually increased till he lost all power in his legs and arms. He could not raise his arms to his head nor stand or walk alone a single step.

The local doctors all treated him and gave him up. A Bowmanville doctor then advised him to go to the Hospital in Toronto, which he did in January, 1898.

He remained in the Hospital for over four weeks. Twelve doctors there told him that nothing could be done for him so he was removed to his home in Osawa.

He writes: "I used altogether twelve boxes of Dodd's Kidney Pills and by the first of May I was able to start work again in the shop and I have never been sick or off work a day since."

Field Secretary and published under the auspices of the executive. One of the many excellencies of this report is that it is a sort of revenue. There being a surplus from advertisements above the cost of \$35.00. A number of copies of this report were furnished free of cost to all Sunday Schools in the province.

Normal Work.—This is the second year in which this work has been carried on in this province. Last year there were 38 graduates and this 52. The number graduating however, does not fully represent the work of this department as a large number who take the course do not write the examination. The outlook is that it has become a permanent feature of the work and that large numbers from year to year will avail themselves of its advantages.
