# GIRL SEES HEAVEN IN 42-HOURS SLEEP

## Angels Carry Her Through Beautiful Gate in Presence of Deity and She Sees Her Dead Father and Brother.

NEW YORK, Oct. 4.—After awaking from what appeared to be the sleep of death Ethel Powell, eighteen years old, of Brooklyn, declared she had been in heaven for forty eight hours and had seen the deity and her dead father and brother.

Ethel, a bright and pretty girl, after graduating from school begged to be allowed to go to work and help support the household. One day she complained of being ill and was compelled to take her bed. The family physician pronounced her case one of spinal meningitis. He could do little for her as she brooded over the loss of her father and little brother.

When she went into the stupor word was sent to the Rectory of the Bushwick Avenue Congregational church, and the pastor, the Rev. Dr. John Lewis Clark, hurried to the Powell home. Ethel was one of his flock, and he tried to arouse her. He said that in response to his efforts a bright smile came to the girl's face, and the word "beautiful" was muttered through the tightly closed teeth. Finally at four o'clock Tuesday afternoon, forty-two hours after she fell into what looked like death sleep, Ethel's eyes moved and she spoke.

it was not my time yet," said Ethel. "I saw papa and little Charlie both having wings, and they also said that it was not my time to stay in heaven.

It was so beautifulthat I did not want to come back. I pleaded, but I suppose God wanted me to stay on earth and comfort you mamma, and that is the reason I came back, for there is no trouble in heaven; all happiness and no pain."

Dr. Clark was notified that Ethel had awakened from her trance, and going toher bedside heard her tell what she had seen in heaven. The minister was amazed, but Ethel told her story so convincingly that he declared last night there was no reason to doubt it.

"Oh, mamma, I have been to heaven," were her first words. 'What a beautiful place! Why did they bring me back? It was all so bright and lovely up there and everybody is so happy.

Regaining strength, the girl told her mother a remarkable story. She described a beautiful gate opened to her, and angels carrying her through space until she suddenly saw God before her.

"God had a book, but He told me

## RIOTOUS SCENE AT A WOMEN'S CONVENTION

DETROIT, Mich., October 4—A riotout scene occurred at yesterday's session of the biennial Convention of the Women's Catholic Order of Foresters, when Father McCorry, from the platform, denounced High Chief Ranger Mrs. Elizabeth Rogers for having ordered priests excluded from the convention. Supporters of Mrs. Rodgers declared that the temporary exclusion of Father McCorry and another priest yesterday, was due to a mistake of the doortenders. Father McCorry, however, declared that the colored waiters who acted as door-tenders had insulted him and laid violent hands on him at the order of the High Chief Ranger. The session adjourned in a tumult of recriminations among the delegates.

Mrs. Rodgers was assisted from the room in a fainting condition.

## GRAVE FEARS FOR EXPLORER COOK

ST. JOHN'S Nfld., October 4—Although Randolph Frank, who returned here from the Arctic region on the Peary steamer Eric this week expressed doubts as to the probable fate of Dr. Cook, the explorer, a more hopeful view is taken by Captain Bartlett, of the Eric. Captain Bartlett today expressed the opinion that Dr. Cook is safe and is at present somewhere in Eissmereland. He said that there is plenty of game there.

Dr. Cook accompanied by Mr. Frank went north last summer in the schooner Bradley. They established headquarters at Annatok, twenty miles north of Etah, West Greenland, and Dr. Cook started from there on March 3rd last in an attempt to reach the Pole. He was accompanied by eight Eskimos. The expedition was made with twelve teams of dogs and an abundance of food for men and animals.

On May 1st one of the Eskimos returned, bringing a letter from Frank written at Cape Hubbard, western Ellesmereland, about sixty miles southwest of Cape Columbia, the northern-most portion of the Arctic mainland. In this letter, which was dated March 17, Dr. Cook said he hoped to return the first week in June.

## HORSE NOTES.

A Promising Crescens. Three year old trotter George Cresceus owned in Charlottetown by F. Beales, promises to be a worthy representative of his illustrious sire Cresceus, 2.02¼. He won the race for three year old trotters at Halifax, N. S., Sept. 3 in 2.27 and 2.32½, very good time for a trotter that age in that part of the country. He also won the three in five race, at Charlottetown, P. E. I. Sept. 23, time 2.33, 2.33, 2.29½. This indicates that he posseses other racing qualities as well as speed. Those who want nothing but orthodox trotting blood, will not be pleased with the breeding of this colt on the dam side but he is satisfactory to the writer and had it not been to his owner the colt probably would not have been bought. The dam of the colt is Crescent by Ira Wilkes, 2.22, that made a record of 2.22¾ pacing and 2.28 trotting the colts. Second dam is Rigollette 2.22 by Exchequer, the latter is a thoroughbred full brother of Plannet that sired the noted brood mare Dame Winnie. Dam of Polo Alto 2.08¾ etc., Exchequer was by Revenue the latter was imported. Trustee his dam was Roaslie Somers by Sir Charles a son of Sir Archy, second dam, Virginia, another daughter of Sir Archy. The dam of Exchequer was Nina by the famous long distance race horse Boston whose sire was Timoleon by Sir Archy and whose dam was by Balls Florizel a successful race winning son of imported Diomed. It is possible that Rigollette, 2.22, was short breed on her dam's side but that is by no means certain for her breeding was never traced. The inheritance of speed, courage and endurance that George Cresceus (3) 2.27 gets from Exchequer combined with the trotting inheritance and other valuable qualities that he gets from Ira Wilkes, 2.28, and Cresceus, 2.02¼, should make him a game, level headed race horse and successful sire of such. It will not be surprising if he proves one of the very best sons of Cresceus, 2.02¼.—American Horse Breeder.

EMPIRE LINIMENT.

is all right for Man and Beast. "We used it for a horse taken very lamb in fetlock joint, parties remarked 'it would probably lay the horse up for three months or more.' We applied EMPIRE LINIMENT. In about three days we had him to work and it made a permanent cure. We have used it in our business and consider it the best all round Liniment on the market.

## NEARING END OF C. P. R. STRIKE

MONTREAL, Oct. 4—James O'Connell, president of the International Union of Machinists has left the city and the International men have gone with him. The pickets at the Angus shops have been called off. These are the new facts in connection with the C. P. R. strike and they look as if the strike were over, or almost so. James Somerville declared this morning that the men would not call the strike off unless on a compromise with the C.P. R., that they were quite satisfied with the state of affairs. He refused to tell where O'Connell had gone or whether he was coming back again.

The company says that absolutely no approach has been made to them to end the strike out they feel that the end is near. Their position, they say, is the same as ever.

## DEPOSITORS RECEIVE HALF OF THEIR MONEY

CHICAGO, Oct. 4—The final winding up of the affairs of the Globe Savings Bank, whose failure in 1899 was followed by the sending to the penitentiary of Charles Warren Spalding, was announced by the Chicago Title and Trust Company, receivers, yesterday. The report shows that the 2,500 depositors have received 53½ cents on the dollar all that they will ever receive. Involved in the failure was the disappearance of $400,000 in bonds of the University of Illinois. Spalding, who was president of the bank and treasurer of the university, was released from the penitentiary about two years ago and now lives in Chicago.
