**SISTER OF CHARITY KILLED**  
New York, Dec. 19.—A Rio Janeiro despatch says:—"A terrible hurricane at dawn Friday caused serious damage to the harbor and the city. A wall of the college of San Vincente de Paul collapsed. One Sister of Charity and one pupil were killed and ten pupils were injured."

**Bronchitis Grows Chronic AND RETURNS YEAR AFTER YEAR OR DEVELOPS INTO ASTHMA OR CONSUMPTION. THE CURE IS**

Bronchitis is too serious a disease to trifle with.  
Children are most likely to contract bronchitis, and if neglected it becomes chronic and returns year after year until it wears the patient out or develops into some deadly lung disease.  
Chills and fever, nasal or throat catarrh, quick pulse, loss of appetite and feelings of depression and languor are among the first symptoms.  
The cough is dry and harsh. There are pains in the chest, which are aggravated by deep breathing and coughing. Expectoration is of a frothy nature, stringy, tenacious and sometimes streaked with blood.  
Pains in the limbs or joints and extreme depression and weakness result from continuation of the disease.  
Dr. Chase's Syrup of Linseed and Turpentine is, we believe, the most effective treatment for bronchitis that may be had.  
It is the most effective treatment for bronchitis because it is so far-reaching in its effect on the whole system, not only loosening the hard, dry cough, but actually and thoroughly curing the disease, so that it does not return.  
I can say that I have both used and sold Dr. Chase's Remedies in my own family. I have found Dr. Chase's Syrup of Linseed and Turpentine the best remedy for coughs and colds. In the store I have more call for Dr. Chase's Remedies than for all the other medicines I keep."

## THE VALUE OF CHARCOAL.

Few People Know How Useful it is in Preserving Health and Beauty.  
Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.  
Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.  
Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.  
Charcoal effectually clears and improves the complexion, it whitens the face and further acts as a natural and eminently safe cathartic.  
It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.  
All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.  
The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit.  
A Buffalo physician in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I got more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."
