Many thanks for your kind and welcome letter which I received today. Was glad to hear from you and to know you were all well as this leaves most of the boys well.

ISLANDER ENLISTED IN THE WEST.—The Guardian notes from the Daily Colonist, Victoria, B. C. that Mr. Vincent McKenna, third and youngest son of Dr. J. A. J. McKenna of the Royal Indian Commission, Victoria, B. C., left last month to take the officer's training course in Artillery at the Royal Military College, Kingston, Ontario, preparatory to his leaving for the front. When the war broke out Dr. McKenna's eldest son, Damien, a rising young barrister of Prince Albert, Alberta, gave up his practice and enlisted as a private in the 80th Winnipeg Rifles, 8th Battalion, 1st Canadian contingent, and was wounded at Ypres. Luckily however, his wound was not serious, and after being six weeks in the hospital he was sent to the front again, but word has been received lately that owing to a severe cold contracted in the trenches, he has been invalided home to England. His many friends in Charlottetown hope for his speedy recovery. Dr. McKenna must feel justly proud of his sons, and Mr. Vincent's many warm friends in this city feel confident he will give a good account of himself.

OFF TO SCHOOL, Full of Vim and Pep—Don't cram their little "tummies" with greasy meats, starchy potatoes or other indigestible foods. One or two Shredded Wheat Biscuits with hot milk make a warm, nourishing meal that supplies all the material needed for their growing bodies. The perfect food to study on, to grow on, to play on. The crispness of the shreds encourages thorough chewing, which develops sound teeth and healthy gums. Being ready-cooked, it is so easy to prepare a warm, nourishing meal with Shredded Wheat in a few moments—no kitchen worry or work.

Made in Canada.

IMPORTANT

Relatives of soldiers returning from the front are asked to communicate with the Secretary of the Provincial Committee of Wounded Soldiers Commission, Miss Nellie Gillespie, Charlottetown, intimating the date of expected arrival, cause of return and any other particulars, in order that preparation may be made for a fitting reception.

al in England. He was taken ill the 9th Jan. and was sent to England, I had a letter from him today he is getting along fine. Many thanks for the nice parcel you sent me; the socks and gloves were fine and the tobacco and candy I shared it with the Island boys and they said it was fine. Warren Myers is with me in the gun section. He is a great friend of mine and has a brother at Halifax but none out here. I see by the papers there is quite a lot of recruiting on the Island but they are not taking the right ones. There are a lot of young fellows who are afraid to come over and fight for their country. They have what we call cold feet. They like to sit around the fire and talk war but that kind of warfare will not kill the Hun, who can die a natural death as far as some of them care. I think they ought to be ashamed of themselves. I would like to be able to write a good letter to the paper. I would speak a piece of my mind and show them how afraid they are. Some of them are so scared they won't go to the recruiting meetings for fear they would be asked to enlist. Well I guess you will be getting tired of my recruiting speech but I think you will agree with me that, that is the truth.

Give my regards to all,
from your friend,
LOUIS JENKINS.

WHAT CANADA PAYS!

SOLDIERS PAY AND ALLOWANCES, CONDITIONS OF ENLISTMENT PROVISION FOR WIVES, MOTHERS AND CHILDREN

Canada is determined that her sons shall be as well paid and their families as well cared for, as a grateful and wealthy country can afford. The scale of pay, for Overseas Service, the allowances from the Patriotic Fund, and the Pensions, are on a more liberal basis than those of any other country engaged in the war.

SCALE OF PAY

RANK	Pay per day	Field Separation Allowance	
		Allowance per day	Allowance per month
Sergeants.....	\$1.35	\$0.15	\$25.00
Corporals.....	1.10	.10	20.00
Privats, Buglers, Drummers etc.....	1.00	.10	20.00

The men are, of course, fed and clothed by the Government.

The Separation Allowance is the sum paid by the Government to the wife of each enlisted man, or to the widowed mother if the son is unmarried and is her sole support. This is in addition to part of his pay, which is reserved for her.

One-half of a soldier's pay is withheld by the Government and paid to his dependents. This ensures that at least \$35.00 per month is paid by the Government to the wife of each soldier.

THE PATRIOTIC FUND

The Patriotic Fund has been created to assist those dependents of a soldier who need more help than the Government gives. From this Fund the following sums are paid if the need exists—

Wives.....	From \$5.00 to \$10.00 per month
Children of widowers.....	
Mothers of unmarried men.....	
Children of married men according to age and number in family.....	\$1.50 to \$6.00 each per month

Ladies representing the Patriotic Fund pay regular visits to families of men on Overseas Service, and give friendly advice and practical help in case of need.

Many employers have pledged themselves to give preference to returned soldiers when engaging men.

PENSIONS

The Canadian scale of pensions range for private soldier, from \$75.00 per year for certain minor injuries to \$264.00 for total disability. In case of death \$22.00 a month is paid to the widow, and \$5.00 a month for each child. A widowed mother whose son was her whole support receives \$22.00 a month.

CONDITIONS OF ENLISTMENT

Age—18 to 45 years. Height—5 feet 2 inches minimum
