STARTS to work in 2 seconds EASE NEURITIC neuralgic PAIN ASPIRIN

Pictured above is Miss Mary Creighan, graduate of Notre Dame Academy, Charlottetown, who was First Prize Winner in a recent essay contest conducted by Maritime Central Airways Limited.

Miss Creighan's home address is 27 Cumberland Street. She will attend St. Dunstan's University this fall. The snap was taken on board the Aquitania which she visited during her trip to Halifax. She also visited the U.S.S. Midway, attended the Water Polies, Theatre under the Stars, visited the Dingle and Northwest Arm, was taken on a bus tour of the City and suburbs, a motor launch cruise around the Harbour and Narrows, George's Island and MacNabbs Island, visited Simpsons and other Halifax stores.

Dr. and Mrs. Marcel de Merton from Fredericton, N.B., are visiting their friends, Mr. and Mrs. R.C. Parent at the Experimental Farm this week. Dr. de Merton is professor of German and Spanish and Comparative Civil Law at the University of New Brunswick. He is also Canadian representative of the International Commission of Agricultural Industries of Paris.

The visitors flew over from Fredericton on Monday on their first visit to the Island and will remain Thursday morning. Mr. and Mrs. Parent accompanied them to Tishin yesterday where the doctor visited a number of nurms of the congregation of Notre Dame of Montreal who are teachers at Tishin and had been students at U.N.B. summer school this year.

Dr. de Merton is impressed with the similarity of the Island to his native Belgium and says it is more like that country than any other part of Canada.

Living just outside Fredericton, Dr. de Merton has a large number of registered breeders of "Saanen" goats in the Maritimes and recommends this lucrative hobby to any interested persons in the vicinity of Charlottetown.

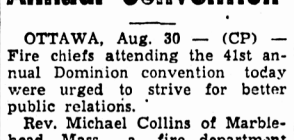

After the excellent reports received from an extended group of cultivators, it was decided that the strain should be registered.

Accompanying the application for registration, it was necessary to prepare a complete detailed description of the variety, including its life history supported by results of trials as to its strength of straw, maturity and quality. The application was submitted in April and was accepted by the Plant Breeders' Committee of the Canadian Seed Growers' Association.

The Canadian Seed Growers' Association is a body of seed producers' commitment of Agriculture, cerealist staff, various members of Agricultural colleges and all concerned with the production of high-class seed crops - cereals and field crops.

What matter though life be weary And we tread the path alone For when the journey is ended In Heaven we'll know our own. Always remembered by his wife and family.

Conference of Social Workers At Dalvay Next Week

The first Maritime Conference on Social Work to be held on Prince Edward Island will take place at Dalvay House, Station Park, on September 8, 9 and 10, when island social workers will play host to upwards of seventy delegates from the various welfare agencies of the four Maritime Provinces.

The promoters of the conference, through Mr. J. Yvon Boudrias, President of the Maritime Social Workers' Association, have issued a special invitation to interested laymen of the Island, especially those in the Charlottetown area, to attend the conference and learn what social work is concerned with, and what the contribution of social workers, both professional and laymen, can do towards the solution of some of the social problems in our provinces.

The speakers' list for the Dalvay Conference includes such widely-recognized authorities as Miss Bessie Touzel of the Canadian Welfare Conference, Mr. G. E. Power of the Nova Scotia Department of Health and Welfare, Hon. H. L. Pottle, Minister of Public Welfare for Newfoundland, Miss Frances Montgomery, Assistant Director of the Maritime Social Workers' Association, Mr. Frank MacKinnon, Social Welfare Officer for Nova Scotia, and President of the Maritime Branch of the Canadian Association of Social Workers, Miss V. G. Shand, Executive Secretary of the Maritime Council of Social Agencies, and others.

The opening address of the Conference will be given by Dr. J. A. MacMillan, Charlottetown.

Those interested in participating in the Conference, or in attending some of the sessions, should contact the Provincial Department of Health and Welfare, or Miss Iphigene Arsenault at the Charlottetown Division of the Department of Health and Welfare, 62 Prince Street, Charlottetown.

ABEGWEIT OATS - years and maintain a supply. But, since now the variety is registered, it will be necessary for them to renew their seed at the time when the members of the Board of Registered Seed should be available at the Farm.

REPORTS OF - they will go to Washington in complete accord and with a plan backed by the cabinet.

Minor adjustments of emphasis are understood to have been made by the cabinet in a 15,000-word brief, but no important cuts or alterations were made.

The cabinet, after two hours of discussion, approved the proposals put forward.

It was mainly the work of treasury experts, working under the supervision of Sir Stafford, Chancellor of the Exchequer.

It is clear that it contains no reference to a proposal for an integration of currencies between Britain, Canada and the United States, which has been the subject of speculative reports.

Speculation linking attendance of service chiefs at yesterday's cabinet meeting with the Washington talks was ill-founded. The staff chiefs and services ministers attended the afternoon session, when the Washington brief was already disposed of.

Sir Stafford was in conference with treasury officials clearing up final points of detail before leaving tomorrow for Washington with Bevan.

Large Attendance At Dental Convention - ST. ANDREW'S N.B., Aug. 30 - (CP) - 200 delegates are expected to attend a three-day Maritime dental convention opening here tomorrow.

CONVENTION CHAIRMEN include Dr. L.F. Allanach, Moncton, president of the New Brunswick Dental Association; Dr. Ross Harrington, Bridgetown, president of the Nova Scotia Dental Society, and Dr. F.T. Bowness, Kensington, president of the Prince Edward Island Dental Association.

The guest speaker at luncheon Wednesday will be Dr. Robert S. Langstroff, Fredericton, director of dental health for New Brunswick.
