Major MacNutt Re - elected To Head Dispensary

Major T. E. MacNutt was re-elected President of the Charlottetown Free Dispensary at the annual meeting held in the Canadian Legion rooms last night.

Mr. W. F. Tidmarsh was named Honorary President of the organization.

Other officers were: 1st Vice-President, Hon. Dr. W. J. P. MacMillan; 2nd. Vice-President, Mr. Daniel Williams and Secretary-Treasurer, Mrs. D. J. Riley.

The executive consists of the following: Mrs. Sadler, Mrs. James Harris, Mrs. J. J. Johnston, Mrs. W. W. Clark, Mrs. S. R. Jenkins, Mrs. Sidney Green, Mrs. R. L. Cotton, Mrs. J. P. Gordon, Mrs. Gavan Duffy, Miss Cotton, Mrs. J. J. Morris, Miss Eleanor Holl, Mr. J. H. McQuaid, Miss Amy Earle and Mrs. A. Tidmarsh.

The Treasurer's report showed a balance on hand of $231.05, and an expenditure of $2,117.80 during the year.

Guest Speaker

The guest speaker was Miss Katherine MacLennan, R. N., Supervisor of Nurses at the Provincial—Sanatorium, who gave a very interesting and comprehensive report of the work being done in connection with the fight against tuberculosis.

At the conclusion of the talk a vote of thanks moved by Mrs. George Millar and seconded by Mrs. W. E. Bentley, was tendered the speaker.

A vote of thanks was also tendered the Canadian Legion for use of their rooms, the Press, C. F. C. Y., and the auditor, Mr. D. A. MacKinnon. It was moved by Major MacNutt.

500 Cases

In her address Miss MacLennan said, that out of 71 tubercular cases admitted to the provincial sanatorium last year, 44 were in the age group between 15 and 30 years. She said that in survey work on the Island it was found that one case of active tuberculosis is found in every 100 cases of "seemingly healthy individuals" examined.

Not all tubercular cases in this province could be hospitalized as soon as they were diagnosed, she said. There are more than 500 cases of tuberculosis on the Island and the number of beds in the sanatorium is only 80.

She stressed the need of isolation and education for persons who are suffering from active tuberculosis and explained how this was accomplished by Sanatorium treatment.

Miss MacLennan pointed out that although there was no specific drug or serum to cure the disease yet complete rest is one of the most effective weapons in the fight to regain health. She described the method of treatment known as pneumothorax which has proven so beneficial in many cases. This consists in injecting air between the pleural lining of the lung and the lung itself and tends to rest the affected part. It is done by inserting a needle between the ribs.

The speaker also dwelt on the various aspects of occupational therapy in Sanatoria and described the efforts of tuberculosis patients in rehabilitating themselves. She said, "many undiagnosed acute cases may be in our midst daily but, because they have not been diagnosed, we do not think of them as infectious. These are the people whom we should fear—not those who have received treatment and recovered."

PRESIDENT'S REPORT

Ladies and Gentlemen: — My report this year as President will be brief. The work of the Dispensary has continued as usual and, on account of the efficiency of the staff, my work has been pleasant and reduced to a minimum. During the year our capital fund was increased by a legacy of $100.00 from the Estate of the late Mr. Benjamin Bremner, with which a War Bond was purchased and the certificate placed in the keeping of the Bank of Nova Scotia along with our other securities. These now amount to a total of $1,800.00. Such legacies are indeed a great help in our work and are greatly appreciated, they also remind us of the interest of the donors in the work of our Society.

The annual collection last year was, as usual, very satisfactory, and proves that the Dispensary has not only the sympathy but the whole-hearted support of our citizens.

At Christmas time the annual treat was given to the children, and was, as usual, successfully supervised by the ladies of the Executive and some of their friends.

Miss Earle, our District Visitor, performed her duties with her customary cheerfulness and efficiency to which we have become accustomed, and which are so much appreciated by those in need.

I regret to say that Mrs. Cotton, our Secretary-Treasurer, has placed her resignation in the hands of your Executive. This was accepted not only with regret, but with the realization of the loss to the Dispensary of the services of one who has so well performed her duties for the past twelve years. I know I can assure Mrs. Cotton on behalf of the Dispensary of its appreciation of her services so faithfully and readily given. I am glad to be able to assure you that Mrs. Cotton's interest and endeavours on behalf of the Society have not diminished, and that she is still willing to assist us in other ways.

My thanks are due not only to Mrs. Cotton and Miss Earle, but also to all members of the Executive and friends for faithful services. Thanks are also due and freely given to the Press, the Management of Radio Station CFCY, the Male Chorus, the Women's Music Club, the Management of the Prince Edward Theatre, the Rotary Club, the Benevolent Irish Society, the Hi-Y Grads, and to all other societies and individuals who have in any way contributed to the work and assistance of the Dispensary.

This year our citizens have been called upon for several monetary contributions owing to the war. They have responded liberally. The Empire today is undergoing a period of stress and anxiety as has been the case in practically all wars, owing to our unpreparedness at the commencement of hostilities, and therefore must be prepared to pay the price. This it will do as in times past. We can rest assured that when our Empire strength is mobilized, combined with the courage and endurance of our armed forces and the determination of our race, we will, with the help of Providence be given victory over the rapacious aggressor opposed to us.

We, at the Home Base, must play our part in "keeping the national mind balanced and the national spirit keen", and pray that our leaders will be given wisdom, unselfishness and courage to see and do the right for the bringing about of an early victory and a peace founded on security, justice and understanding—a peace that will endure.

This evening I have only to appeal again to our citizens to continue their usual kindly interest and support of the Dispensary, knowing that this organization, in a quiet way, carries on its duties, as it has for thirty-one years, doing an immense amount of work on behalf of those in our midst who are in need.

T. EDGAR MacNUTT,
President

Charlottetown, P.E.I.
May 14, 1940

District Visitors Address

As we review the Free Dispensary's year which began April 1st, 1939, we find conditions among our poor families very much the same as last year. Some are in slightly better circumstances, others are more unfortunate, so the average remains unchanged, and day by day a steady stream of people flow into the office, and we give medicine, have prescriptions filled, or help them in any way we can to ease the burden of sickness and want.

The war which is causing untold misery and heartbreak in Europe, has scarcely begun to be felt in our quiet little Island, but already some who have been helped by this Society, have enlisted. They are anxious to serve their country we are sure, and happy to be able to provide for their families, long sufferers from unemployment. A soldiers allowance of $79.00 a month for a wife and two children looks like a large sum, but in almost every case the back bills are many, rent, groceries, clothing and shoes must be provided for, and the money seems to melt away. After two or three months the thrifty ones can manage to save a little, but there are those who will not even try to be careful and so will never be much better off. Some of the soldiers wives have bought small kitchen ranges on the instalment plan, and no doubt other needs will be filled through time, and some families at least be more comfortable than for years. One of the greatest needs in our town, as has often been said before, is for decent houses at low rental. Where can a poor man turn when, with his family, he has to leave a condemned house? There are many such cases, and little relief is in sight.

As in previous years, every effort has been made to keep in touch with the homes.

587 visits have been made through the year.

1210 orders for drugs given, including doctors prescriptions.

210 orders for necessary food supplies and nourishment for the sick, and 19 orders for coal supplied.

The Dr. Jenkins Coal Fund was not really sufficient to meet the demand. As you know, the late Dr. S. R. Jenkins generously left $25.00 a year to start this Fund, which formerly grew to fairly large proportions. Of late years, unfortunately there have been few additional donors, and this year we only had $35.00 to spend. Giving out 1-2 ton here, 1-4 ton there, even a bag or two somewhere else our money was soon gone, and our coal bill mounted to $75.00 before we knew, but the coal had to be supplied. Here is a case in point. One cold morning, your worker found a family (not on relief) sitting around the kitchen stove burning pieces of boxes to keep them warm. For three weeks we were told they had no coal, and the last they had, the Dispensary had supplied. They didn't want to ask for more as they knew we had so little, and they did not know where they could get any. Needless to say, a few bags were sent them at once. Just here we would like to thank A Pickard & Co., who generously donated the coal used in heating our office, also Mrs. (Dr.) Dewar who before leaving to spend the winter in the South, gave a generous order of coal to supply three old people, Mrs. Kenneth Richards too, did not forget us and her generosity besides sending a cheque for $30.00 has enabled us to supply two families of children with two quarts of milk daily the year around. When the father of one of these families enlisted, and there was more money to meet their needs, one of these orders was transferred to a little girl ill through the winter. Thus we prevent overlapping and see that our supplies go as far as possible. We also give a quart of milk a day to a former sanatorium patient who had lost thirty-seven pounds from lack of proper nourishment.

Cod Liver Oil—continues to be of great benefit. We visited a home and found four rosy children one of them a patient of Dr. Ackers, who had come through the winter without a cold their mother said, the result of taking their Cod Liver Oil regularly. The mother herself in poor health had to go to the hospital before long, and her great desire was that we should continue the supply of oil as she knew if they had their usual doses her little ones would keep well while she was away from them. After her stay in the hospital their mother returned greatly improved in health, and hopeful that her husband would have steady employment before long, but the poor man who has been a patient in the sanatorium had been working at odd jobs which were beyond his strength and must take a complete rest. Here is a chance for friends and societies to come to the rescue and help this unfortunate family through this hard time. We appreciate very much a generous donation of Cod Liver Oil from Mr. A. G. King.

The interest of the Dispensary in the children was again shown at our Annual Christmas treat which was held the afternoon before Christmas, with our President and the Ladies of the executive assisting. Every year we look forward to the Co-operations of our friends at this time, and have never been disappointed. We know that this part of our work undoubtedly helps to make the Christmas Season a brighter one for many people, than it could possibly be otherwise, and donations from the Rotary Club, Male Chorus and Ladies Chorus, Catholic Women's League, H. Y. Grads, Merchants and citizens made the past Christmas a merry one for the children. After they received their gifts, food was given to deserving ones who came with their baskets and in the evening we sent our boxes well filled with a full dinner as well as other good things. Usually we plan to fill a few extra boxes for the invariable last minute calls, and these calls come in such ways as the following.

On Christmas Eve, two young men investigated a case of which they had heard. They found a small family in wretched circumstances, the mother ill and incapable of caring for herself, much less providing anything in the way of Christmas cheer. The young men came to the Dispensary to ask if at such a late hour we could manage to send a dinner to this family which we did. After Christmas the Health Officer was called to the home and ordered that the mother be taken to the Hospital where she spent some weeks. Now with help from us and other friends, this family is more comfortably situated, and is getting a little more out of life than before.

There were five deaths during the year among those helped by the Dispensary. One a woman with cancer was visited regularly for many months, and then removed to the Hospital where she died after much suffering. Everything possible was done to help pass the weary days of pain, and your visitor did her best to procure for her such nourishment as she fancied and also supplied any medicine needed.

An interesting case was that of an old lady of 87 who passed away in the P. E. I. Hospital last November. She was a charge on this Society for 15 years, and as she had not a relative on the Island who could help her during the latter part of her life, your Dispensary worker took full care of her. This was no easy task as she was a very exacting person and demanded a great deal. Some years ago her only savings, $100.00 were deposited in one of the banks for her funeral expenses, and she gave us minute instructions as to her place of burial etc. Even her shroud, an old fashioned black silk dress was given into our care, and we had to see that in her last days she was made as comfortable as possible. Since her only income was the Old Age Pension of $15.00 a month, and she was bedridden and helpless, it was difficult to provide a boarding place, and when she became really ill and was removed to the Hospital as happened several times, it meant finding still another home for her when she was better. During the last four weeks of her life, she was moved hither and yon, to the hospital for a while, when better taken by ambulance to the east end of the city, then as her landlady refused to keep her for more than two days, moved again by ambulance to another home found for her with difficulty in a down pour of rain. There for three weeks she remained, and at the end of that time we were called upon to move her again. By this time we were discouraged and determined that she would have to go to the Infirmary. Papers were made out and she was to leave the following day, but she became very ill and once more was admitted to the hospital where she died. Her funeral was conducted according to her instructions by the Minister of the Trinity Church, Rev. Mr. Millar, and your dispensary worker attended the service. She was buried as she wished at Crapaud.

The Charlottetown and P. E. I. Hospitals never refuse to admit a patient who is beyond home care, and the general public has very little idea of the amount of charity work done by both these splendid institutions.

Another frequent visitor to the Dispensary passed away this winter, she too was over 87, and loved to drop into our office for a rest and chat. A few days before her death, she walked from her home, quite a distance away to call on us and get some medicine. And so it goes, some drop out and others take their places, and still our work goes on, quietly and regularly. It could not go on without your support, and we ask once again that you give generously in our Annual Campaign which takes place on May 15 Let us begin our year with enthusiasm, confident of your help and interest.

We are sorry that this year, our efficient Secretary Treasurer, Mrs. R. L. Cotton feels that she must resign from that position. Mrs. Cotton has been connected with the Free Dispensary for many years, and has always been deeply interested in the work, and a very great help in every department. She assures us, however, that she will continue to work with us and we are glad to think that we are not to loose her wise counsel and aid.

Thanks are due and heartily given to the friends already mentioned, to the Patriot, Guardian, to the Doctors, to the President and Officers of the Dispensary, and to all others who have helped us in any way to carry on our work for some of our poor and helpless citizens.

Respectfully submitted,
AMY E. EARLE,
District Visitor.

GRADUATES FROM NURSING SCHOOL—Included in the thirteen nurses graduating this week from the Moncton Hospital Training School for Nurses was Miss Elizabeth Pollock Campbell, Sydney, N. S., formerly of Charlottetown. She is the daughter of Mr. and Mrs. Samuel Campbell. Miss Campbell won second prize for highest general average and tied for first place for an award for surgical nursing.

HEALTH REPORT — During the month of April there were 40 births, 18 marriages and 24 deaths in the City according to the vital statistics report submitted by Dr. B. C. Keeping, Deputy Minister of Health, at the City Council meeting Monday night. Two cases of measles were reported in the City during the month. On April 16th, the City Cafe was closed and the license cancelled owing to unsanitary conditions.

POLICE REPORT —There were 40 arrests made in the City during the month of April, 22 of which were drunks, according to the Police report. Out of this number there were 33 convictions. In addition to the arrests mentioned there were two prosecutions and convictions under the Criminal Code for keeping common gaming houses this being the result of the seizure of two slot machines in one store and a number of punch boards in another. Forty operators of motor vehicles were prosecuted for non-observance of the "stop" signs at street intersections and a fine of one dollar imposed in every case. Bicycle licenses issued during the month amounted to 266.

Pte. Walter F. MacNeill of P.E.I. Highlanders (Black Watch), Dartmouth, N. S., returns today to rejoin his unit after spending a furlough with his parents, Mr. and Mrs. Andrew R. MacNeill, Georgetown.

Three Months Picture Of Civic Finances

Charlottetown, P. E. I.
May 13, 1940

Your Worship:

As this meeting follows very closely upon the end of the first quarter of the City's fiscal year, and also the end of the first quarter of the first year in which the new accounting system has functioned, your Committee thought it desirable at this time to submit a written report covering receipts and disbursements for this period from January 15 to April 30th., and for the purposes of comparison a statement covering the same period in the year 1939. The salient point of this year's report in the opinion of your committee, is that over a period of three and one-half months the City's receipts exceeded its expenditures by more than five thousand dollars ($5,315.69). Your Committee finds this gratifying and encouraging, and ventures to suggest that this is the first time for more years than most citizens realize that such a condition obtained over a period as long as that considered in this report, and although financial statements may be variously interpreted, according to the conclusion one wishes to arrive at, the advice given David Copperfield by Mr. Micawber "Annual income twenty pounds, annual expenditures nineteen pounds ought and six, result happiness. Annual income twenty pounds, annual expenditure twenty pounds ought and six, result misery," remains pretty sound.

R. C. CHANDLER,
Chairman, Finance Committee.

Total Expenditures Listed Above	$ 24431.19	$ 26097.72
Other Miscellaneous Expenditures including School Board	51571.61	24177.25
TOTAL:	$ 76002.80	$ 50274.97

In considering the "Other Miscellaneous Expenditures" it must be noted that in 1940 there is included $25504.03 for Debenture and overdraft interest (including coupon handling charges) for which there is no corresponding item shown in the 1939 statement. The amount due in that year was approximately the same but up to the 30th. of April it had not passed through the City's books and merely remained in the Bank as an overdraft. If this item of interest were similarly treated in 1940 it would reduce the "Other Miscellaneous Expenditures" to $26,-067.58, and the total expenditure to April 30th. to $50498.77, to be compared with a total expenditure of $50274.97 in the same period in 1939, or an increase of only $223.80.

The adjusted picture would then show:

(1) From January 15th., 1940 to April 30th, 1940 the City received in cash $31152.32 more than in the same period of 1939.

(2) During this first quarter of 1940 the City expended $223.80 more than in the first quarter of 1939.

(3) The City took in in the period above mentioned, 1940 the sum of $5315 69 more than was expended in the same time, and reduced the Civic Bank Overdraft from $107995.85 to $102680.16.

Too Late To Clasify

Webb Miller, famed United Press war correspondent, whose body was found beside a London railroad track, was thought to have been killed when he fell from a train during a blackout. For nearly a quarter of a century an outstanding reporter of wars and other great international events, Miller is pictured, above, in Finland, last major fighting front he covered.

Will Discuss War Supplies

TORONTO, May 14—(CP)—Discussions on war supplies, export trade and foreign exchange control, and other questions arising from wartime conditions, are on the program for the 69th annual meeting of the Canadian Manufacturers Association in Winnipeg, May 29-31. President O. R. Turnbull of Halifax will present his annual review.

Morning and afternoon sessions of May 30 will be devoted to "War Supplies." Among those expected to take part are Hon. C. D. Howe, minister of transport, munitions and supply, and G. K. Sheils, deputy minister; members of the British Supply Board in Canada and the United States, Lt-Colonel J. H. M. Greenly, controller-general and chairman; Engineer-Rear Admiral H. A. Sheridan, Admiralty representative; Major-General A. E. Macrae, minister of supply representative; Major-General R. F. Lock, inspector-general of supplies; A. C. Boddis, director of contracts.

Reports of the Executive Council summarizing the work and recommendations of the standing, division and branch committees of the Association will be submitted and the special committee report on unemployment insurance considered. A discussion will be given on export trade and foreign exchange control. D. B. Mansur, assistant to the chairman of the Foreign Exchange Control Board, will be present.

In the evening of May 29 a dinner will be held under the auspices of the Manitoba Branch, C. M. A.; Hon. John Bracken, premier of Manitoba, will speak.

At the Association's annual dinner May 30, the guests speakers will be Major-General Sir. Wm. Glasgow, Australian high commissioner to Canada, and Hon. C. D. Howe of Ottawa.

A luncheon, May 31, under the auspices of the Saskatchewan Branch, C. M. A., will conclude the programme, with Hon. W. J. Patterson, premier of Saskatchewan, as guest speaker.

Council Passes By - law To Collect Tax

A special meeting of the City Council was held in the Council Chambers yesterday morning at 7 o'clock and the following by-laws were given third reading and passed: A by -law to enforce the payment of personal property tax upon motor vehicles; a by-law to regulate and license automobile repair garages and a by-law to regulate roller-skating.

The by-law respecting roller skating provides a penalty not exceeding (exclusive of costs) the sum of ten dollars for any person convicted of roller skating upon any portion of any public street, parkway or highway within the City at any time between sunset and sunrise; for the purposes of this by-law sunset shall be taken to occur at the time of general lighting of street lamps in the City; or any person at any time roller- skating on any street, parkway or highway of the City when vehicular traffic thereon shall be sufficiently heavy to make such skating hazardous or reasonably likely to impede or confuse regular traffic or any person roller-skating in any reckless or disorderly manner.

The by-law to enforce the payment of personal property tax upon motor vehicles provides that:

1. The Police Constables of the City shall impound any motor vehicle in the City of Charlottetown in respect whereof any personal property tax is at the time of such impounding in arrears in whole or in part, and keep and retain such vehicle in a place generally designated therefor by the City Clerk, against all persons claiming interest therein, until such tax, together with all costs occurring on or incidental to such impounding, including a pound fee not exceeding 50c per day or part thereof, be paid, or until such vehicle be taken in execution for recovery of taxes on the application of the City Collector.

2. Should there be any arrears of any tax imposed in respect of any motor vehicle inclusively with other personal property, then such arrears shall for the purpose of this By-law be taken to apply to such motor vehicle to the extent that such motor vehicle would ordinarily be assessed alone.

3. The said Constables may, instead of impounding any motor vehicle under authority hereof, remove and impound the current registry number plates thereof, and likewise retain such until payment or execution as aforesaid.

4. For the purposes of this By-law, any motor vehicle acquired by the taxpayer in replacement of or substitution for a motor vehicle upon which the tax in arrears has been assessed, and so acquired within the year of such assessment, shall, if not itself taxed by supplementary assessment, be deemed to be the motor vehicle in respect of which such tax had been assessed and subject to impounding as aforesaid.

Card Of Thanks

To all those who expressed their sympathy by word, card, letter, flowers and other ways, during my recent sad bereavement I extend my sincere and grateful thanks.

Ralph W. Johnstone.

L-432-11.

In Memoriam

In loving memory of my dear son Willard Thomas, who died May 15 1939.

One sad year today has past,
Since we saw our dear one fast.
A bitter grief, a shock severe,
To part with one we loved so dear,
His pleasant smile for all he met
His kind heart we can never forget
And as time goes by we miss him more
His cheerful voice and welcome face
No one on earth can fill his place
To those who loved him best.

Inserted by his Mother.
