**Another Testimonial**

Dr. E. M. Crossman.  
 Dear Sir—I feel as though I ought to say something to your credit after what you have done for me and I have this to say for the last five years my eyesight has been failing. Three years ago I went to a specialist in Charlottetown. He told me I was developing cataract and that I would have to undergo an operation but a friend in Charlottetown told me to go to Dr. Crossman, so I called to see him. He said I had no cataract. He told me if I would go under a three months treatment that he could cure me. When he began to treat me I could not see one of my children out doors, so now thank God I can see them once more. I advise anyone that is troubled with their eyes to call on Dr. Crossman. Only for his treatment I now would be blind today.

Years truly,  
 Mrs. Louis Hendrickson,  
 Fanningbrook, P. E. I.

**Invictus**  
**Shoes That Show Style**

Invictus shoes are made on sound and sensible principles. They are made to give all the style fashion commands, besides the comfort that makes walking a pleasure.

The arch is built along scientific lines, designed to support the arch of the foot and strengthen fallen arches.

Your feet will not crowd in Invictus shoes; they are proportioned so that every part of the foot will work in union—every leader and motion of your feet will be strengthened and supported.

The "Telephone talk," in this issue is interesting to say the least. It speaks of the power in the least expression of personality on the phone. Any successful business must continue improving their telephone system to derive full benefit from the phone. The Telephone Company claim to be able to install a system of telephone service that will suit any business—to extend that service to meet the exacting demands of any prosperous, progressive business.

Citizens in general and the sporting fraternity in particular will be delighted to learn that the M. P. A. A. Executive has awarded the Annual Track Championship to the Abegweit Club of this city. The games will likely be held on August 17th or 18th at the Abegweit grounds. This is the first time in eight years that the Championship has been held in this city and the last time it will be remembered they were held by the Abegweit Club. This year the Championships are predicted to be the greatest athletic events ever held in the Maritime Provinces and there are said to be quite a number of probable record breakers. Already the Halifax Wanderers have announced that they will send a strong team to compete here and the Amherst Ramblers are also expected to send a particularly fast bunch.

Soda Water. Our big soda fountain is booming these days, and an ever increasing trade speaks well for the quality of our drinks. We serve ice cream in connection, and by prompt attention and cleanliness hope to merit your patronage. E. A. Foster, successor to A. W. Reddin.

Eye mastery  
 The eye is so intricate in its mechanism, so delicate in its structure, so full of complexities that none but experts should attempt the treatment of eyes.  
 For years past we have kept pace with the demands of the optical business and now we have the most up-to-date system of eye examination in this Province. Our optical department is equipped with a lens grinding plant, which enables us to supply glasses to meet the exact requirements of the eyes.  
 We grind the lenses to suit your eyes individually—it is not a matter of selecting from a stock of ready-made glasses. We subject your eyes to a scientific, sensitive examination, then grind glasses that will suit your eyes and yours alone.  
 If your eyes are not "just right" you had better call.
