Get one having stood the test of time. Dr. Fowler's Extract of Wild Strawberry has been on the market for over 65 years, and we have yet to hear of a case of Cholera Infantum it has not cured.

A Wonderful Discovery

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was that of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poison. Not one species of microbe has been found that Zam-Buk does not kill!
Then again, as soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of Zam-Buk. They care nothing for the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.
Again, as soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.
Only the other day Mr. Marsh, of 101 Delorimier Ave., Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. To-day—over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no traces of any return of the eczema!
All druggists sell Zam-Buk at 50c. box, or we will send free trial box if you send this advertisement and a 1c. stamp (to pay return postage). Address Zam-Buk Co., Toronto.

M. S. and Mrs. Gridley of Boston, Mass., were recently visiting Henry and Mrs. Squarebriggs, Weymouth St., Charlottetown. Mrs. Gridley is a niece of Mr. Squarebriggs. They left yesterday for Boston on the S.S. Halifax.
