CAPT. READ SAILS NOREEN TO VICTORY

Large Number of Spectators View Yacht Racing At Summerside.

Yesterday was Borden's day in the yacht race on Summerside Harbour, when Captain Read sailed Sherry's Noreen to a clear cut victory in a heavy, squally northeast breeze. The North Wind, also of Borden, sailed by Ouse and Paquet was a close second with Agatha third and Swan trailing. The course sailed was the reverse of last Wednesday's race being from the Railroad Wharf to Bedeque, to Heckbert's Shore and home.

The Swan was first over the starting line with Noreen, Agatha and North Wind crossing in order named and each to windward of the boat ahead. The Swan held her lead to the first marker with Noreen second, North Wind next and Agatha last around. Capt. Read on rounding the buoy went about on a long tack to port. The other boats continuing towards the shore on the starboard tack. North Wind and Swan then followed Noreen into the harbour and Agatha having difficulty to carry her sail she arrived at the mark on a starboard tack and came about in third position.

The Swan, shipping water badly, was forced to slacken sail on several occasions and was far behind the other boats. The sailing time was a few minutes better than in last Wednesday's race and North Wind was only 45 seconds behind the winner. Mr. John Campbell handled the race to the satisfaction of everyone present. Capt. Read, a yachtsman of the old school, made an interesting figure at the tiller and sailed the best course of the race, taking full advantage of tide and wind.

The race was viewed by an increased number of spectators and this once popular sport bids fair to stage a real comeback. The next race will be run off at Borden and will be awaited with keen interest as Agatha and Noreen each have one victory to their credit and the North Wind although not having won has shown herself as speedy as any of the others on any point of wind. The Swan too in a lighter breeze will be a stiff contender.

Critical Session Looms For The League

(C. P. By Guardian's Special Wire) OTTAWA, Aug. 7.—Representations on the threat by Italy of war against Ethiopia were made by the League of Nations Society to the Dominion Government today.

The government was urged to appoint, at the earliest possible moment, the delegation that will represent Canada at the earliest possible moment, the delegation that will represent Canada at the assembly of the League of Nations opening in Geneva on Sept. 9.

In a resolution forwarded to the Prime Minister the society pointed out that the period of the forthcoming meeting "promises to be the most critical one in the development of world community organization." The agenda of the meeting, said the Society's representatives, "includes consideration of such important questions as the amendment of the constitution of the League and the prohibition under the provisions of the covenant of the supply of arms and war materials to belligerents."

Charges Ferris With Shooting

(A. P. By Guardian's Special Wire) DETROIT, Aug. 7.—Florence Jackson, former burlesque dancer, made the direct charge from the witness stand today that William Lee Ferris shot Howard Carter Dickinson, New York attorney, on the night of last June 26. The Jackson woman, wife of her sister Loreta, and Jean Miller, are accused jointly with Ferris of slaying Dickinson in a hold-up plot.

Under cross-examination today, Florence Jackson said she saw Ferris stand over the Attorney's body beside an automobile in Rouge Park and shoot. This contradicted Ferris' version of the shooting as well as testimony the Jackson woman gave under direct examination Tuesday.

In her testimony yesterday Florence Jackson said she did not see the shooting of Dickinson and saw no gun.

Today, Prosecutor Duncan McCrea asked her whether "you saw Ferris stand over Dickinson and fire a shot at him?"

"Yes sir," she replied.

ASTRA WINS FEATURE RACE AT COWES

Endeavour Finishes Third With Boston Sloop — Yankee Fifth.

(C. P. Cable By Guardian's Special Wire) COWES, Isle of Wight, Aug. 7.—In a close finish, H. F. Paul's Astra today won the feature race of the Cowes Royal Regatta, with contender Endeavour, winner the past two days, coming in third. The Astra, a 40-ton sloop, was competing in the Royal Yacht Squadron's Regatta was the first stage of the three-day competition for the Silver Jubilee Commemorative Cup, and it brought out all eight of the Class J yachts, including the King's Yachtia and the Boston sloop Yankee.

Astra finished slightly ahead of H. A. Andrea's Candida with Endeavour third, Shamrock fourth, Yankee fifth and Britannia sixth, the two others, Westward and Velsheida, giving up.

The cut in the yacht racing, O. M. Sopwith's America's Cup highest points in the three days of racing, on the basis of four points for a win, two for second and one for third.

His Majesty was aboard the British yacht at the helm for a stretch during the 39-mile course, the race, as on the first two days of the Regatta, being curtailed from the regular 42-mile course because of light wind.

At the start, however, there was a heavy and steady breeze. Progress of the big races became painfully slow near the finish, travelling barely two knots in a fluky wind against the tide.

Endeavour, Candida and Astra ran up to the finish line in that order but the latter successfully blanketed the dark-hulled vessel that failed to take the America's Cup last fall, and shortly before the finish they slipped past her.

The corrected times were: Astra 3:54.4, Candida 4:00.21, Endeavour 4:11.05, Shamrock 4:12.96, Yankee 4:16.42, Britannia 4:22.31.

Insect Scourge Near London

(A. P. By Guardian's Special Wire) LONDON, Aug. 7.—Suburban London's houses became a defending force today and fought with boiling water millions of flying ants which invaded their homes in clouds, ravaging their gardens and looting their larders.

The insect scourge was described by A. J. Moore, Hogarth's founder of an institute of micro-biology, as the worst in 25 years. He attributed it to the abundant breeding of the moist spring and predicted it would be over in a few days.

The ants settled in swarming columns in the gardens already watered by dry weather. The householders indignantly began the work of extermination, alarmed by Hogarth's revelation that a colony of the ants reproduces 80,000 more with rapid regularity.

There was one reported instance where the ants were put to flight by the invaders. They settled on a tennis court, driving the players to shelter.

CLASSICAL

(Continued from Page 1)

The applause was generous following each presentation. Two comic sketches in particular, those of Palstaff and Mrs. Malaprop, were enthusiastically received. A tribute greater than any applause lay in the breathless suspense with which the audience followed the artist's characterization of such tragic figures as Oedipus, Faustus, Richard III and Peda.

SUMMERSIDE ALL-STARS WIN FROM TIGNISH

If Summerside fans entertained any thoughts that Tignish would be easy victims for their highly-rated All Stars they received a severe jolt here last night as the snappy nine from the western terminus held Summerside to a solitary run for five innings. Tignish then loosened for an instant and before they got clicking again the All Stars had increased their lead to 7-0.

Bernard, on the mound for the visitors, pitched lovely ball and had the fine support which he received at the first of the game continued, the score would have been much smaller. The young southpaw was touched for six hits in six innings and struck out seven. Durant, pitching for Summerside, allowed seven hits in seven innings and struck out eight. Herman pitched steady ball and was afforded good support by his mates. Herman Durant made the only score of the first five innings in the opening frame when he singled and scored on a costly error after stealing second.

Summerside's big inning was the sixth when they got six runs. Millman leading off singled through third with one out. Waterworth drove a vicious hit to left which went for a home run. Daly and Bernard both singled and Ward was safe on an error to fill the bases. Schurman grounded to short and Daly was forced at the plate. Dods singled between short and third and was subsequently hit through by Tignish cleaned the bases to end the scoring for the All Stars. In their half of the seventh Tignish made a game attempt to tie things up but the locals managed to hold them to three runs as they smashed out three singles and got men on base through two errors. Durant was forced to bear down and retired the side via the strikeout route.

Features of the game were the snappy playing of the Tignish inners, which drew much applause from the small crowd and the long home run poked out by Waterworth in the sixth.

A return game will be played at Tignish within the next week.

The lineups:
Tignish—Morrissey, Buote, Richards, Allan, Murphy, McKinnon, Finnessy, Bernard, McInnis.
Summerside—Dods, Durant, Millman, Lidstone, Waterworth, Daly, Bernard, Ward, Schurman, Tignish, Umpire, Cooke; on the bases, Larkins.

RIOTING FLARES IN DALLAS

(A. P. By Guardian's Special Wire) DALLAS TEXAS, August 7.—Striking women garment workers stripped four windows of the Texas State Capitol building today and chanted through the streets spunking and scratching them in wild rioting today.

Six persons, including four policemen, were injured. The outbreak marked a renewal of disorders in a month-old walkout.

Twenty-seven women and three men were arrested. The women were released in bonds of \$200 each. One of the men was freed under \$500 bond. Police said the rioters probably would be charged with inciting to riot. The men were identified as relatives of the strikers.

In releasing the 27 arrested women Police Chief Robert Jones told them: "You can carry on your strike and we won't disturb you, but when you cease to be ladies we will arrest you."

Two of the women whose clothes were torn were not connected with the strike in any way. The rioters were employees of the Lorch Manufacturing Company, in front of which most of the rioting took place.

Complaints Laid

(Continued from Page 1)

Newspapers contended "vast concentrations of Ethiopian troops" were menacing Italy's colonies of Eritrea and Somaliland and argued that the "fortitously and verbiosty" of the procedure at Geneva had encouraged Ethiopia.

A government spokesman denied knowledge of representations of the British Government concerning editorialists in the Italian press. The press continued to accuse Britain of continuing to "defile" European politics with "selfish interest." Newspapers insisted British interest is based on England's desire to keep Italy from the rich African hinterland, for fear Italy's influence would be enhanced to the detriment of England's.

Three Injured In Car Accident Re-instated

(A. P. By Guardian's Special Wire) CHICAGO, August 7.—Samuel Insull, once possessor of a vast fortune, became a pensioner today. Directors of the four companies he developed into one of the largest utility systems in the United States voted to replace him on the annuity rolls from which he was removed 17 months ago while a fugitive in Europe.

Announcement of Insull's reinstatement was made by James Simpson, chairman, and George A. Rankin, vice chairman of the boards of all four corporations—the Commonwealth Edison Company, Peoples Gas and Light and Coke Company, Peoples Gas Subsidiary, and Public Service Company of Northern Illinois.

Though the annual income voted Insull would not pay the cost of upkeep of one of the huge estates he formerly owned, the four utilities paid him \$21,000 a year prior to his removal January 1 1934. He was ordered reinstated as of the same date.
