## FOE TROOPS LAUGHED AT THEIR COMMANDER

LONDON, Oct. 15.—A despatch from the British headquarters to Reuters Limited says that a prisoner from the 72nd German infantry reserve, in describing the discipline of his corps, declared that before the last battle a regimental commander addressed his troops with the warning that any who held back would be shot. The only answer was a general gloating swelling into derisive laughter, upon which the commander rode away.

## MUST EXTERMINATE ENEMY WAR BARONS

LONDON, Oct. 15.—Discussing the possibility of permanent peace after the war, Lord Robert Cecil, Minister of Blockade, told the Associated Press today that the United States, Great Britain and France must find some way of exterminating the German war baron class which finds war a profitable business, and spends its peace time energy in inciting war.

## Important Notice To Foxmen

Fox Companies, Ranchers and Dealers in Foxes or Pelts are hereby reminded that under the provisions of "The Fox Tax Act, 1913" they are liable for the payment of taxes on all foxes ranched by them or in their custody or possession irrespective of whom the owners may be; that the Company or Rancher paying such tax has a lien on such foxes until reimbursed therefor, but, until such tax is paid to the Provincial Treasurer, the Government holds the prior lien on said foxes or pelts so taxed and that therefore intending purchasers wishing to be free from any liability to pay the tax on foxes or pelts in which they may desire to invest, should ascertain beforehand whether or not such foxes or pelts are encumbered by any unpaid taxes as the ownership in foxes or pelts so encumbered cannot pass to a second party until the tax thereon is fully paid.

## PROMISE FOR FUTURE GOOD

With Increase in Canada's Prestige as a Belligerent War Business Booms.

OTTAWA, Oct. 17.—Announcement that the Imperial Munitions Board will spend money liberally in Canada for the winter on munitions contracts is welcomed here as an assurance of industrial prosperity during the winter months. It also means that the total amount spent on munitions in Canada to the end of the year will be an imposing sum, just how large it is difficult to estimate at the moment.

Consideration of this question brings up the point that Canada has been unusually fortunate in the matter of obtaining contracts for war material, all kinds of which have been exported to Europe since war began. One of the features of Canada's participation in the war has been the prosperous business it has brought the country.

The adoption by Canada of the Military Service Act has vastly increased the national prestige as a belligerent on the side of the Allies and has assured the country of continued prosperity through war activities of a business nature.

## BRITAIN MUST BE SELF-SUPPORTING

LONDON, Oct. 15.—To a deputation of farmers who called on him in London Premier Lloyd George paid warm tribute to the great efforts of the farmers in the matter of food production. He defended them from the charge of profiteering, but added that he wanted to appeal to them to assist the Government in this very critical stage of the war, for they were fighting on one of the most important fronts, and if that front was broken the whole system of defence would collapse.

This appeal, the Premier said, was not due to anxiety on account of the activity of submarines, for owing to the skill and courage of operations being conducted that menace was diminishing rapidly and the fact that the British net losses during the last month were less than in any similar period of time since September, 1916.

"Our anxiety," the Premier added, "is due to the fact that the available world's supply of food is less than it has been for years. France and Italy both are in the world market for a larger proportion of cereals than ever, while Australia has been ruled out as a provider, owing to its distance from the consuming nations. Hence, it is incumbent on the British farmers that they do their utmost to make the country self-sustaining."

"Believe me, this war is depending more and more on these little islands. Week by week I see the burden falling more heavily upon the shoulders of Great Britain, but I also see Great Britain straightening up to bear it. The enemy is not going to starve us, but that is not enough. We must produce such quantities of food that we will not need to go into the American market and snatch food out of the mouths of our Allies."

## My Limbs Would Twitch

And Waken Me—Unable to Rest or Sleep, I Walked the Floor in Nervous State—When Specialists Failed I Found a Cure.

Windsor, Ont. Oct. 17.—This is the kind of cure that has set Windsor people thinking and talking about Dr. Chase's Nerve Food. The action of this food cure is so radically different to the usual treatments for the nerves that everybody wants to try it.

Gradually and certainly it nourished the starved nerves back to health and vigor and the benefits obtained are both thorough and lasting.

Mrs. M. Smithson, 27 Arthur street, Windsor, Ont., writes: "I was suffering from nervous breakdown, which was caused by a shock when fire broke out in the adjoining house. My nerves were such a state that after going to bed I could not get my nerves quieted down sufficiently to go to sleep. I used to get up and walk around the room or go downstairs. Even when I would be droppin' off to sleep my limbs would twitch and waken me. I used to have a cold, nervous, night sweats, sometimes would become unconscious and lie that way for quite a little while. I was always cold and it seemed impossible for me to get warm or keep warm. When on the street I would see two or three objects at once, and did not want any person to speak to me or bother me. Any little noise irritated and annoyed me very much. I had consulted specialists and tried many remedies during this time, but could not gain relief. At last I tried Dr. Chase's Nerve Food, and before long could see that this treatment was proving of benefit. I am now feeling so much better than I can go on the street without any difficulty, can go across the river and go about the same as usual. I sleep well at night, and am feeling more like myself every day. I am pleased to tell you how good Dr. Chase's Nerve Food has done me. It has strengthened and built up my whole system. I am recommending it to everybody I find suffering from nervousness of any kind."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

## PATRIOTIC FAMILY MOURNS A SON

Mrs. Fred Frederickson of O'Leary has received the following letter written by her son who was killed at the front on August 15th. Mrs. Frederickson, whose husband is in France, also has another son in the trenches:—

Somewhere in France,  
Aug. 12th, 1917.

Dear Mother,—I received your most kind and welcome letter yesterday and was pleased to hear from you. I am well at present and hope these few lines will find you all the same. Well Dear Mother I didn't receive any letter from Peter for a long time but I received a letter from Papa today and he was fine. Let me know if Stephen and John are home. The trenches are getting pretty muddy now but don't worry about me, I am getting along fine so far.

Well Dear Mother if anything should happen here I am all ready to meet my God. Tell Rosy not to worry about me as I will be all right and when I go on furlough I will send you all some little presents. John, Allan and Billie are getting along fine. I had a letter from Margaret Johnson the other day. I suppose you are having fine weather down home. I didn't receive any letter from May Goteff for a long time but I had a letter from John last week and he was getting along fine at the Island.

I received a parcel Rosy sent me, and I thank her very much for it, but I didn't receive the last parcel you sent me. I hope I will soon get it. Well Dear Mother don't worry about me and let me know how is grandmother and grandfather getting along and uncle and his wife and Lulu Ellis and all the people in O'Leary. I suppose Walter and Muriel and Emma are getting big now. Let me know how Daisy Turner and Lillian Jelly are getting along.

Well Dear I guess this is all for now as it is time we were going to bed. Good bye and good luck from your loving son.

TOMMY GOTEFF.

Wife—Can you let me have a little money, John  
Hub—Certainly, my dear. About how little?

## LADIES! DARKEN YOUR GREY HAIR

Use Grandma's Sage Tea and Sulphur Recipe and Nobody will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking for any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

## MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If tongue is coated, breath bad, stomach sour, clean liver and bowels.

Give "California Syrup of Figs" at once a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrup. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

DOING BETTER.  
From Puck.  
Uncle Eben—How far did your son get who went abroad to fight?  
Uncle Ezra—Well, he got "somewhere in France!"  
Uncle Eben—That's good. He never got anywhere in America.
