Delegates From Hi-Y Club Leave For Conference

The local Y.M.C.A. is sending a large delegation from the four local Hi-Y Clubs to the Maritime Hi-Y Conference being held at Sydney over the Thanksgiving week-end. A total of 26 boys and girls delegates, accompanied by Miss Lillian Gehrke, Girls Work Secretary, are leaving by chartered plane early Saturday afternoon. This method of transportation is creating a great deal of interest in Hi-Y circles as it is apparently the first time in Canada that a Hi-Y delegation has travelled by air.

The conference opens with a supper in the Sydney Y.M.C.A. on Saturday evening and this is followed with a very active program throughout the week-end, culminating in the final luncheon on Monday at noon hour. The delegates will be billeted in Sydney homes by the Sydney conference committee. The group will return to Charlottetown on Tuesday, which is an annual conference and the 1948 event was held in Charlottetown.

The local Y will be a busy spot on Saturday afternoon as delegates are expected to attend the local conference from Maritime Y.M.C.A.'s.

TO ADDRESS N.S. CONVENTION—Miss Frances Johnston, Director of the P.E.I. Arts and Crafts Guild is flying to New Brunswick to address the Nova Scotia provincial convention of the Federation of Business and Professional Women's Club, which is being held in New Glasgow this week-end.

FUNERAL DIRECTORS MEET—Several Island men were visitors at the 36th annual meeting of the New Brunswick Funeral Services Association in Moncton, which closed yesterday. Present from the Island were Messrs. Elmo Crozier, Coleman; D. A. Williams, Elmstead; and Keith Compton, Summerside. Visitors from Nova Scotia and Newfoundland also attended. New president is Mr. Allan MacDonald, St. Stephen who succeeds Mr. F. W. Jones, Sackville.

SENATOR W.A. BUCHANAN VISITS HERE—Among the visitors here over the week-end was Senator W.A. Buchanan, editor and proprietor of "The Lethbridge Herald," a hotel guest of Senator John Sinclair at the Charlottetown. This was his first visit and he was very favourably impressed with what he saw of the Province and the good words he did not think could be surpassed for comfort and convenience anywhere. Senator Buchanan attended the Press meetings in Halifax Friday and returned to Charlottetown Saturday to his parliamentary duties in Ottawa.

POTATO PUBLICITY—An attractive publicity booklet has been issued by the Potato Promotion Committee, Provincial Department of Agriculture, to which it is planned to give wide distribution to potato growers, particularly in the United States. Large display advertisements have already been published in leading magazines and newspapers by the Committee, featuring Island potatoes and turnips. The booklet now issued will be excellent supplementary publicity. It represents the first organized attempt to advertise Island certified tubers, and the text and illustrations make a strong appeal to growers and buyers everywhere. The illustrations include colored reproductions of the new P. E. I. potato bag brand and certification tags.

RETURN TO CALGARY—Mr. and Mrs. Alden G. Pulsifer and daughter, Doris, have left by motor on return to their home in Calgary, Alberta, after a most enjoyable visit with Mr. Pulsifer's sister, Mrs. Edward S. Chandler, Mr. Chandler and family, North River Road. Mr. Pulsifer who is president of United Freight Lines, Limited, of Calgary, is now retired having been forced to resign his position last year on account of ill health. Although nearly 60 years of age, he is still a very active and former resident of Nova Scotia, this is the family's first trip to the Island. During their stay here another brother, Mr. J. D. Pulsifer, brother of Mr. Pulsifer, is also of Halifax. All were most enthusiastic in their praise of Island scenery and Island hospitality.

ENJOYABLE PARTY—On Thursday evening a party was held at Birch Court for Miss Mary Mitchell, honoring her on her approaching marriage, when the staff of the Experimental Farm and their families enjoyed an evening of dancing. During the interval a buffet lunch was served following which Mr. W. N. Black, Supervisor of Illustration Stations made an address and Mr. R. C.

Scout News and Notices

1ST O'LEARY GROUP. A combined meeting of the 1st O'Leary Cub Pack and Scout Troop was held on September 20th. A "going up" ceremony was held as four Cubs moved up and were accepted and welcomed into the Scout Troop. A treat of ice cream and cake were enjoyed after which everyone joined in games for the remainder of the get-together.

3RD CHARLOTTETOWN (KIRK). The 3rd opened its Fall programme with a well attended expedition to Inkerman where on the property of Mr. Jack Johnson, the Scouts tried their hand at cooking kabobs. There was the odd burnt lot but most of the boys were well pleased with the results. Mr. Stuart Chandler came along as a visitor and it is hoped that he can be persuaded to come back into Scouting. The Jamboree neckties of Ian Taylor and Niall Hansen are most attractive souvenirs.

Above-Average Year in P. E. I. For Agriculture

By Hon. W.F. Alan Stewart, Minister of Agriculture. Agriculturally speaking the year 1949 has been quite a bit above average. This has been a wonderful growing season, plenty of snow when rain was most essential and ground water levels have been well maintained.

Exceptional Grain Yields. Grain, particularly early hays crops gave exceptional yields. We have reports of upwards of sixty bushels per acre being threshed and the averages are well above forty. The sowing of rye or other grain as an after harvest crop, on steep hillsides, or only early harvested potato fields seems to be gaining in favour. This is one of the best ways to combat loss of top soil by washing with fall and winter rains and will also add humus if plowed under next spring.

Record Turnip Crop. Turnips will be a record crop. Many of the early sown will have grown much too large for shipping. The bulk of our turnip crop has always been grown for cattle feed. It has helped to balance our ration and has added variety and succulence to our winter livestock feeding.

The potato acreage was a very large one. The potato acreage was a very large one. The potato acreage was a very large one.

Parent Superintendent of the Experimental Station at Charlottetown spoke on behalf of the staff and employees who presented Miss Mitchell with a lovely coffee table and ash tray as a token of their esteem. For the past three years Miss Mitchell has been in the employ of the Illustration Division of the Experimental Farm branch working under the immediate supervision of Mr. W. N. Black.

Personals. Mr. G. A. Stewart of R. T. Holman, Ltd., Charlottetown, recently visited the eastern part of the Island on business.

Mr. and Mrs. M. Martin of Emerald Junction, attended the Potato Festival in Charlottetown and also visited Mrs. Martin and their nephew, John Arsenault.

Mr. and Mrs. Ted Dupuis, Perth, Ontario, who have been touring the Maritimes visited recently with Mr. and Mrs. John MacNeill, Charlottetown.

Opening Monday Of Charlottetown Hospital Bazaar

The 12th annual Charlottetown Hospital Bazaar will get away to its gala opening of a week-long program of fun and entertainment at the Charlottetown Armouries Monday night at 8 o'clock.

The program will be launched with a short opening ceremony in which the guest speakers will include His Excellency Bishop Boyle, Hon. W.J.P. MacMillan, O.B.E., chief of the City Hospital staff and other dignitaries. In addition to the program of entertainment that has featured the success of this big event for the past fifteen years, the Bazaar program will include many new and varied features for the enjoyment and patronage of the public, including the appearance of Jimmie Shida, prominent and talented Canadian singer who has been greeted with much success before both Canadian and United States audiences. Mr. Shida will make his debut here on Tuesday night, while the big feature of the Monday night opening program will be a band concert by Charlottetown's leading military band, the 17th P.E.I. (Recco) Regiment.

Everyone is invited to attend this big Bazaar and the usual wide patronage of the general public is expected. The proceeds go toward the maintenance fund of the Hospital.

small fraction above last year. The yield and quality are good. Prices for seed and tablestock are not as high established but do not seem to be high enough when one considers the tremendous amount of labor and cash outlay put into this crop.

The foregoing account should perhaps be qualified a little bit. There were sections where the rainfall and subsequent growing conditions were below normal. We had individual fields where due to sickness, accident or other misfortune seeding and harvest was a bit delayed. "The poor ye always have with you," the poor doer today. However, taking it all in all, this Thanksgiving season, we have much to be thankful for. We have escaped prolonged drought, hail and floods, tidal waves and hurricanes. None of us have made fortunes, and none gone hungry. Providence has been kind to us.

The hay crop was equal to last year's and was of better quality. Our farmers should be careful not to sell themselves short as after two such bounteous years we might follow the law of averages, run into a short crop in 1950. Pastures were well maintained and, when supplemented by green corn, early turnips, or other succulent crop, now that grass has stopped growing, the milk flow is keeping up well.

The Government Support price of 58c per pound for No. 1 Grade butter was not high, when one considers the advancing cost of labor and supplementary feeds; but the storing of the summer surplus in modern cold storages has had and will, having during the season of short supply a very wholesome stabilizing influence. This surplus is not an abnormal one, and is held, not as in some past seasons by private speculators, who could hold it off the market, and make large profits on the seasonal advance in price.

Over 6,000 women from Halifax to Vancouver in all kinds of businesses and professions belong to the organization, which total 105. The possibilities of such an organization are unlimited, and advantages offered to members, are not only local, but also national and international in scope.

Mrs. Ahern in her remarks stressed the objectives of the club—to improve the status of women in the business and professional world; to develop their own talents; to provide opportunities for hobbies, handicrafts, recreation, and other activities; to provide a non-partisan, non-sectarian basis for cooperation in the private and public spheres; to provide a public speaking and training.

Mrs. Fred Pickard moved that a hearty vote of thanks be extended to Mrs. Ahern for her kindness in opening here at this time and the motion was seconded by Miss Lillian Duchemin and presented to Mrs. Ahern by Miss Love.

The meeting was then thrown open for a general discussion, those speaking included Mrs. Arthur Bruce, Miss Laura Stewart, Miss Frances Johnston, Miss Iphigene Arsenault, Mrs. Jessie Shaw, Mrs. Benj. Rogers Jr., Mrs. Fred Pickard and Mrs. Robert Sutherland.

As so many seemed anxious to have a club organized here, Messrs. Gertrude Love, Frances Johnston, Lillian Duchemin and Hilda Harper were appointed as a Nominating Committee to draw up a state of officers. Their report is to be given at a meeting to be held in the near future, announcements of which will appear in the press.

When the next meeting is held it will be open to all business and professional women and it is hoped those interested in joining will attend so that the Business and Professional Women's Club of Charlottetown will be second to none.

City Teachers' Institute Holds Annual Meeting

Principal Frank MacKinnon of P. W. C. Guest Speaker. Miss Mabel Matheson, president of the City Teachers' Institute, presided at the annual meeting which convened in Rochford Square School Friday, October 7 at 9 a.m. The minutes of the previous meeting were read by the secretary, Miss Mary Moran.

The following committees were appointed: Nominations—Mr. Austin Kennedy, Rev. Sister St. Helen, Miss Louise Hessian. Resolutions—Col. L. T. Lowther, Miss Hilda Brown, Miss Minnie MacKay. Press—Mr. Reginald MacDonald, Miss Christine King, B.A. The president then gave an excellent and comprehensive report of the year's work in which she stated that the Institute's program had been enlarged by a more satisfactory dollar for dollar agreement between the teachers, the School Board and City Council.

The Salary Committee was commended for its work in the past year which resulted in increased supplements to salaries.

Educational Program Urged. Miss Matheson urged that teachers sponsor an educational program as a teaching group and suggested that this group could sponsor a series of lectures by distinguished Canadian lecturers which would be of benefit to all citizens.

More frequent meetings of the Institute and the development of a stronger sense of unity were advocated. Mr. Malcolm MacKenzie, B.A., chief supervisor of schools, was called upon to address the meeting. He reported on the extension of the government reduce certificate of studies and on the changes and prospective changes in texts as well as in the curriculum. He explained how subventions from the government reduce considerably the price of texts.

Mr. Claude Campbell, chairman of the salary committee gave an excellent report of the work of this committee during the past year.

Dr. Shaw's Address. Dr. L. W. Shaw, Deputy Minister and Director of Education, the next speaker, was congratulated by the president on the recent honor conferred on him of being chosen president of the Canadian Education Association. Dr. Shaw dealt briefly with departmental matters, and announced that the Department had succeeded in obtaining sick leave of fifteen days for all teachers on the supplement to the course of studies and a certificate from the chairman of the Board of Trustees.

He then reviewed the history and activities of the Canadian Education Association which recently met in Fredericton. The work of a research council appointed in 1938 gave new life to the association. In 1942 Principal James McGill did a preliminary survey of education across Canada and Newfoundland. A preliminary study of the teacher situation in Canada was done by the Lazerte Committee in 1948 and the second report of the survey was presented in Fredericton. A very comprehensive report of the year's activities was submitted by Mr. J. A. S. Williams, general secretary of the P. E. I. Teachers' Institute.

Principal MacKinnon. The guest speaker Principal Frank MacKinnon, of Prince of Wales College was introduced to the teachers and welcomed by Miss Matheson.

Mr. MacKinnon expressed his pleasure at being back in Charlottetown among his many friends. His topic that of "Democracy and Education" had much value and inspiration for those present, and was presented in an interesting manner. He examined the close relationship between government

and education. Democracy implies the active participation of citizens in the business of government. In a democracy, loyalty to the home, family, church, etc., must be recognized as well as loyalty to the state. Democracy implies the guarantee of certain individual rights and liberties. The Constitution is above the government which is the servant not the master.

The free play of conflicting opinions is implied and evidenced in our political parties, in the Press, etc. This free play of opinions is brought to bear on the government to keep it in its place and to ensure that government's power is vested in the people, and that the eyes of the people. Democracy implies the expression of conflicting points of view, and an ability to discern between views which calls for discussion and toleration. Democracy is one of the most difficult forms of government in the world because its attributes cannot be built but must grow.

Education is the basic cornerstone of Democracy which makes great demands on the people, and requires intelligent alert, civic-consciousness. Education can encourage and facilitate this. Government by discussion and alternate view points requires thinking people who have some technical knowledge of political problems. This presents a great challenge to Education which can be met by improving and extending facilities for education. The benefits of residence life, discussion, interplay and team-work, provide the elementary principles of Democracy. However quality must be maintained and the education is not easily earned and must be appreciated. Good education and good government go hand in hand. The problem of providing good teachers is one of the major problems of government today. In closing Principal MacKinnon urged teachers to encourage the pupils in the ideals leading to responsibility and to teach them to work for what they get.

Maritime A. A.'s Convening Here Over Week-End

About 200 members from all parts of the Maritime Provinces are expected to attend the second annual convention of the Maritime Inter-Group Association of A. A. (Alcoholics Anonymous) in Charlottetown over the week-end. The proceedings will open with a dinner function this evening.

This is the first convention of its kind to be held in the Province, and local members have been planning for some time to make it an event worthy of the occasion. Since its organization in Charlottetown a few years ago, the movement has spread to Summerside and has received the enthusiastic indorsement of clergymen, business men, social workers and others. Membership in the A.A. groups has been steadily growing, and in Charlottetown the organization has its own first-class club room where meetings and social functions are held regularly.

Tonight's gathering around the banquet board will be participated in by persons of all classes who have benefited from this unique effort in fighting alcoholism, as well as by a number of invited guests, all warmly looking forward to an evening of real enjoyment as well as of profit and inspiration.

and education. Democracy implies the active participation of citizens in the business of government. The problem of providing good teachers is one of the major problems of government today. In closing Principal MacKinnon urged teachers to encourage the pupils in the ideals leading to responsibility and to teach them to work for what they get.

Col. L. F. MacDonald, on behalf of the Institute, extended a vote of thanks to Mr. MacKinnon for his excellent address. Among the resolutions presented by Col. L. T. Lowther, B.A., chairman of the Resolutions Committee were the following: 1. That the City Teachers' Institute express its approval of the newly proposed Teacher-Trustee Council. 2. That the City Teachers Institute pledge their support to a local summer school.

The Nominating Committee consisted of the following slate of officers: President—Sister St. Alexander. Vice-Pres.—Mr. Bert Croken. Secretary—Miss Mona Clay. Members of Executive—Miss Mabel Matheson and Miss Bessie Prowse.

Afternoon Auxillary Thanksgiving Service

The Afternoon Auxillary, W.M. S. Trinity United Church, Charlottetown, held their Thanksgiving service in the Social Hall on Thursday afternoon, Oct. 6th, with the President, Mrs. G. M. Avar, presiding.

After the call to worship—Psalm 100 and the General Thanksgiving read in unison, the worship service was led by Mrs. A. E. Bagnall, assisted by Mrs. A. D. MacLennan, Mrs. W. P. MacLeod and Mrs. W. W. Mutch reading suitable passages of scripture, and hymns were sung expressing Faith, Adoration and Prayer. A very sweetly rendered duet by Mrs. Wotton and Mrs. Spencer, "Out of the Ivory Palaces" closed the worship service.

During the business period the Community Friendship secretary reported one hundred and seventy-nine calls made during the past month. The supply secretary, Mrs. Garnham requested that clothing be sent in during the month of October to be packed for the Labrador Mission. The Literature secretary, Mrs. A. D. MacLennan intimated that the Mission Circle were sponsoring the film, "Growing With the Years" written by Rev. Kenneth J. Beaton, a survey of the United Church of Canada for the past twenty-five years on Thursday evening Oct. 15th. She urged all members to be present.

Mrs. Avar spoke of the Mission Band opening and a motion was passed that the Afternoon Auxillary sponsor a Mission Band party on Thursday afternoon, Oct. 13th in the Social Hall. Miss Beryl Morson will tell stories of the Indian children among whom she worked. A pleasing program will be prepared and refreshments served, and hopes were expressed that all children of Mission Band age would be present to start the fall term.

The second chapter of the study book "Growing With the Years" was presented in a very interesting manner by Mrs. Bagnall with Mrs. MacLeod, Mrs. Mutch and Mrs. MacLennan taking different parts. The president announced that
