WANTS A CHANGE OF DIET.

SIR,—I would like to suggest that the public generally would favor a change in the reading matter of the Examiner. A little less wild mustard and some other wild fruit, say for instance, blueberries, would be appreciated by a

MUSIC ON THE SQUARE.

SIR:—I notice by the Patriot that we are to be treated to band concerts weekly till the first week in September, alternately by the 82nd and 4th Regt. Bands. Presumably this is two more concerts. One item of civic expenditure that is never complained of is "music in the Gardens," and we certainly have had less this season than ever. Day after day complaint is heard as to the lack of music on the square and with the unusually large number of tourists coming and going it is simply nothing less than a petty disgrace that we can't have regularly two concerts a week till the last of September. No music from last Tuesday week till Thursday night, and only one more from the 4th Regt. and one more repetition of Thursday night's treat. Wake up, musical committee, the people want music.

MUSICAL TAX-PAYER.

FELL EXHAUSTED AND UNCONSCIOUS

Mrs. R. W. Edwards, 35 McMurray St. Brandford, Ont., suffered for five years with nervous exhaustion, headache and dyspepsia. "The pains in the head would almost drive me crazy. I could not sleep nights but would walk the floor in agony until exhausted and unconscious. For the past nine months I have used Dr. Chase's Nerve Food and from a mere skeleton this medicine has built me up in flesh and weight until I am strong and well. It would be scarcely possible to produce stronger evidence of the wonderful power of Dr. Chase's Nerve Food.

STAFF-CAPT T. Howell, of the Salvation army St. John is in the city arranging for reduced fares on the P. E. Island Railway and steam boats for any who may wish to go to St. John or Halifax on the arrival of General Booth, who is soon to pay this country a visit. General Booth is now an

old man of 74 years, and as this will probably be his last visit to us many persons would naturally like to hear him.

Mr. Booth will arrive in New York about the end of September and will be in Boston on October 11th, St. John on 15th and Halifax the 17th. From Halifax he proceeds to Montreal and the Western States.

HANDICAPPED.

The man who started to run a race in chains and fetters would be visibly handicapped. No one would expect him to succeed. The man who runs the race of life when his digestive and nutritive organs are diseased is equally handicapped. In the one case his strength is overweighted, in the other it is undermined. Success demands above all else a sound stomach.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. When this is done food is perfectly digested and assimilated and the body receives strength in the only way in which strength can be given—by the nutrition derived from digested and assimilated food.

"The praise I would like to give your 'Golden Medical Discovery' I cannot utter in words or describe with pen," writes James B. Ambrose, Esq., of 1205½ Mifflin Street, Huntingdon, Pa. "I was taken with what our physicians here said was indigestion. I doctored with the best around here and found no relief. I wrote to you and you sent me a question blank to fill out, and I did so, and you then advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I felt so good that I stopped, being cured. I have no symptoms of gastric trouble or indigestion now."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good."

Dr. Pierce's Common Sense Medical Adviser, sent *free* on receipt of stamps to cover expense of customs and mailing *only*. Send 31 one-cent stamps for the book in paper covers, or 50 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.
