Congress Passes The Banking Bill

New Law Gives Pres. Full Dictatorship Over Banking Institutions.

WASHINGTON, March 9—(A.P.)—President Roosevelt's signature tonight made law the emergency Banking Bill providing an expansion of the United States currency and empowering him to reopen sound banks.

The Chief Executive signed the measure in the White House hardly more than an hour after the final formalities of Congressional approval had been finished.

Earlier the House passed the bill unanimously and the Senate approved it 73 to 7.

The signing took place in the oval room in the White House itself, with Mrs. Roosevelt, newspapermen and photographers looking on. Just as the President affixed his signature to the measure, Secretary William Woodin of the U. S. Treasury entered the room.

Members of the delegation which brought the Bill to the White House, including South Trimble, Clerk of the House, informed the President that the speed with

DAIRYMEN ADOPT RECOMMENDATIONS

Constructive Suggestions Made At Dairy Ass'n Meeting. Increase Of 258,828 lbs. In Butter And Of 40 Per Cent In Cheese Production Reported.

Constructive recommendations for the conducting of the dairy industry were made at the annual meeting of the Prince Edward Island Dairy Association yesterday by a committee appointed at the last annual meeting to look into conditions in the industry, and to view the possibilities of greater publicity, more effective marketing of produce, and to make recommendations as to points where improvements were in order.

The report was presented for the committee by Mr. R. Doucette and was as follows:

We commend the Department of Agriculture's policy in the fostering of the dairy industry by the assistance given to calf club work, bull loaning policy, demonstration work, etc., and ask all reasonable aid be continued with renewed vigor.

pare in proper form and have presented at the Legislative Assembly now in session for their sanction that same may become the law of this Province at the earliest possible date.

The report of the president, Mr. J. A. Dewar, dealt in part with world economic conditions in their relation to the whole dairy industry and particularly in their relation to the dairy industry of this province, and that of the dairy superintendent, Mr. W. L. Brenton, Messrs. C. J. Cook and S. C. Wright, cow testing officials, and Mr. F. T. Morrow, Federal grader, with details of the industry locally.

At the afternoon session reports of various officials were received.

(Continued on Page 5)

We note with appreciation the fact that the production of butter and cheese shows considerable increase over last year.

We recommend to the dairy officials the desirability of more publicity through our provincial newspapers at regular intervals on all plans of dairy work. While central marketing is receiving considerable discussion, it is the opinion of the committee that during the coming season this matter be closely studied and the individual company's salesman use every effort to ascertain the ruling markets at the time of sale.

As to revision of constitution and by-laws we recommend changes to be made to place all pasteurizing, milk and cream, and ice cream, manufacturing plants in the province under the same rules and regulations as are now governing the creameries, cream gathering stations, and cheese factories, and further that the incoming president and secretary of the P. E. I. Dairy Association and the dairy superintendent, with the sanction of the Minister of Agriculture pre-

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC

FEAR GERMANY IS REARMING

British And French Statesmen Hold Surprise Conference At The British Embassy.

PARIS, March 9—(A.P.)—French fears that Germany is rearming, and the British desire to reach some concrete achievement at the Disarmament Conference at Geneva, were discussed for an hour tonight at a surprise conference at the British Embassy attended by Prime Minister Ramsay MacDonald of Great Britain, Sir John Simon, his Secretary for Foreign Affairs, and Premier Edouard Daladier and Foreign Minister Joseph Paul-Boncour, of France.

Mr. MacDonald and Sir John arrived tonight and are on their way to Geneva where they hope to smooth out the difficult problems of the Disarmament Conference.

Winter Fair Grant Continued

HALIFAX, March 9—The Nova Scotia Government's annual grant of \$3,000 to the Maritime Winter Fair at Amherst will be renewed this year if the Dominion Government and the two other Maritime Provinces also continue their grants.

Announcement to this effect was made tonight by Hon. Percy C. Black, Minister of Highways, after a Government meeting attended by representatives of the Fair directors.

Whether the Fair will be held this year is not as yet certain. Although Prince Edward Island will renew the yearly grant, the New Brunswick Government has not yet signified its intention of doing so.

WASHINGTON, March 9—(A.P.)—Congress tonight placed in President Roosevelt's hands the legislation he had asked to meet the United States banking emergency by an expansion of the currency and power to reopen sound banks at once.

Vindicates Government's Sincerity Of Purpose In Prohibition Enforcement

Opposition Criticism Answered In House By Hon. Dr. MacMillan, Who Charges Failure On Part Of Ch'town And Summerside Police To Co-operate With R. C. M. P. In Suppressing Liquor Traffic. 2nd Reading Given To Parents' Maintenance Act.

ELECTORS MAY DECIDE RY. QUESTION

Plebiscite May Be Taken On Amalgamation Issue. Bennett Says.

OTTAWA, March 9—(By The Canadian Press)—The Canadian people at the next general election may have the opportunity to decide by plebiscite whether the Canadian National and Canadian Pacific Railways shall be amalgamated, Premier R. B. Bennett intimated today in the House of Commons.

Amalgamation was guarded against in the Government's railway legislation based on the report of the Duff Commission on transportation, the Prime Minister said. But the Canadian National was a bankrupt enterprise, cast into the financial vitals of the country. The purpose of establishing a board of three trustees to manage the Government road was to set up a re-

Son Inflicts Serious Knife Wound

SYDNEY MINES, N. S., Mar. 9—His chest pierced by a knife thrust four days ago Frederick Oakes was in critical condition tonight as his 15-year-old son lay in jail here, held in connection with the stabbing of his father on a technical charge of assault.

Physicians feared for the recovery of the elder Oakes, who was wounded in the back as he sat at breakfast with his family Sunday morning. An altercation over the food on the table preceded the incident, police allege. His condition had been improving until today.

Winter Fair Grant Continued

HALIFAX, March 9—The Nova Scotia Government's annual grant of \$3,000 to the Maritime Winter Fair at Amherst will be renewed this year if the Dominion Government and the two other Maritime Provinces also continue their grants.

Announcement to this effect was made tonight by Hon. Percy C. Black, Minister of Highways, after a Government meeting attended by representatives of the Fair directors.

Whether the Fair will be held this year is not as yet certain. Although Prince Edward Island will renew the yearly grant, the New Brunswick Government has not yet signified its intention of doing so.

NEW YORK, March 9—Dr. George David Stewart native of Cumberland County, N. S., who lived to become one of the leading surgeons of the United States died at his home here tonight, he celebrated his 70th birthday last December.

New Official

Felix Derochers, named joint Librarian for the Dominion Parliament, and formerly well-known lawyer of Montreal.

YOUTH SEEKS FLIGHT RECORD

Hopes To Better London To Capetown Record.

ORAN, Algeria, March 9—(C. P. Cable)—Victor Smith, 19-year-old South African flyer and young man in a hurry, tonight was headed for Beni Abbes, Algeria, on the third leg of a projected record-breaking flight from London to Cape Town.

He covered the 1,200 miles from London to Oran within 10 hours, stopping at Perpignan, France, to refuel.

Smith, whose two previous attempts on the record of four days, six hours and 55 minutes held by Amy Mollison ended in grief, was aided today by a brisk following wind which carried him here in record time. He had a hurried lunch, jumped into his plane again and was off on a 440-mile jump for Beni Abbes, on the edge of the Sahara Desert, 12 hours and 10 minutes after leaving London.

Disabled Boat Safe In Port

YARMOUTH, N. S., Mar. 9—A disabled lobster boat and her crew of two were safe in port tonight after being picked up by the fisheries patrol boat Nova I as the little craft wallowed in the sea nine miles offshore.

Robert Landers and Douglas Smith, of Sandford, were making for harbor when their engine went dead, leaving the motor boat at the mercy of heavy seas. In another motor boat, George Landers, a brother of Robert, attempted to tow the disabled boat to shore but could make no progress against an easterly gale.

Arrival of the patrol ship, Captain Albert Moore in command, saved the lobster fishermen from a possible severe battering by the developing storm.

Gold Pieces Found In Chester

CHESTER, N. S., March 9—Gold has been found in Chester—but it is not the fabulous buccaneer treasure which legend asserts to have been buried near here by Captain Kidd after a successful piratical expedition.

The first sight of buried gold since treasure hunters began looking for Kidd's hoard more than a century ago came this week as workmen tore up the foundations of an old house.

But the trove did not consist of pieces of eight or Spanish Doubloons. Instead, their eyes fell on a couple of dozen \$20 gold pieces. Old residents explained that they had been buried more than 25 years ago by a Chester resident who, for some reason or other, forgot where he had hidden them.

Fighting Along Chinese Sector

Jehol City In Complete Control Of Japs — Scattered Engagements Continue.

CHINCHOW, Manchuria, March 9—(A.P.)—Victorious in its invasion of Jehol, whose capital it now holds, Japanese forces have turned to the task of driving out the remnants of China's defenders along the Great Wall.

This may require several months as it did in Manchuria, but a general attack has been ordered for tomorrow.

Meanwhile reports of scattered engagements continue.

There was fighting yesterday south of Lingyuan and another in the vicinity of Wukungfu. General Hattori's infantry was reported to have seized the two passes through the Wall at Fanchaikou and Leng-kow.

Chinese at Kupeikow, farther west, were reported to have attempted unsuccessfully to recapture the pass there. General Kawahara's troops repulsed them after six hours of fighting.

Jehol City, deserted by all but its old men and children, is completely in the hands of the army.

AUSTRIA UNDER DICTATORSHIP

Steel Helmeted Troops Patrol Vienna As Special Session Of Diet Is Called.

VIENNA, March 9—(A.P.)—Steel helmeted army units aggregating two regiments were moved into Vienna tonight as Austria's new dictatorships armed itself to cope with the opposition, which centred in a special session of the Diet.

A battalion of infantry was brought in from Krems, the Sixth Regiment of Fusiliers came from Korneuburg, and Neusiedl. Some detachments in motor trucks were moved toward the Parliament Buildings where the Diet was arguing for its life.

Parliament was shelved yesterday when Chancellor Dollfus assumed dictatorial powers, but Karl Renner, its president, called a special session "to defend the constitution."

The Dictator-Chancellor confiscated all copies of two Socialist party newspapers which carried Renner's statement, and even as the Diet assembled the Chancellor mobilized the army and moved troops into town.

At the same time he forbade 73 meetings of the Socialist Party called in defiance of a decree issued yesterday outlawing all political gatherings. The entire police force, including the clerical staff, also was ordered to stand by to guard against the "danger to public order" threatened by the projected Socialist meetings.

Despite these military preparations, Sepp Stauffer, who resigned as second Vice President of the parliament last week, sent out a call to all deputies for an assembly on March 15. The Government contends that Stauffer no longer holds office and therefore cannot call Parliament into session.

CALGARY, March 9—Alberta coal operators believe the zoning plan for supplying Canadian coal by Dominion operators, suggested to the Government by Nova Scotia coal men, is the only plan that would prove satisfactory to all, according to C. C. Cook, President of the Alberta Domestic Coal Operators' Association.

SYDNEY, N. S., Mar. 9—Although he conducted a vigorous campaign for election culminating in a victory at the polls Tuesday, Dan J. Gallivan re-

ENJOYABLE FUNCTION AT GOV'T. HOUSE

His Honour Lieutenant Governor Dalton Entertains Members Of Legislature Last Evening.

A most enjoyable dinner was given last evening in Government House by His Honour Lieutenant Governor Dalton to the members of the Legislative Assembly. His Honour received the guests in the drawing room, from which they passed into the reception hall, where the dining tables, pleasingly decorated with lavender tulips and yellow candles, were arranged.

Rev. C. N. Brown was called upon to ask Grace.

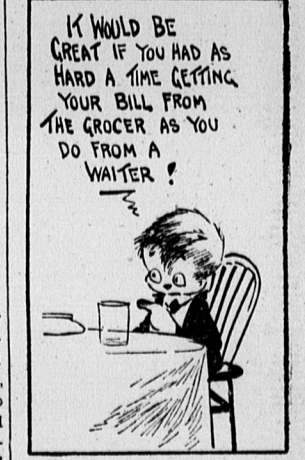

The toast to His Majesty the King was proposed by His Honour the Lieutenant Governor, who presided.

The guests were entertained with enjoyable solos and recitations by Mrs. Arthur Roper, who was escorted. Instrumental music was furnished by Dixon's Orchestra.

Following were the guests present: The Chief Justice; Hon. W. J. P. MacMillan, M. D.; Mr. Justice Arsenault; Mr. Justice Saunders; Hon. G. Shelton Sharp; Mr. Justice Hassard; Hon. Thomas MacNutt; Hon. H. F. MacPhee; Hon. Adrien F. Arsenault; Hon. W. G. MacKenzie; Hon. Matthew W. Wood; Hon. A. A. MacDonald, M. D.; Hon. R. R. Heartz; Lieutenant Colonel G.
