Weekly Livestock Market

OTTAWA, Canada, Feb. 1942.—
SUMMARY

Increased cattle receipts, the result of better weather conditions, enabled buyers to wipe out some of the recent price gains made in the cattle trade. Declines of 25c. to 50c. were noted at some centres, but a good eastern demand served to check any further break than the above-mentioned in western Canada. Veal calves were definitely lower, especially Montreal, Toronto and Winnipeg. There were minor fluctuations in the hog prices, some ruling a little higher and others fractionally lower. Sheep and lamb offerings were seasonably light and sold generally unchanged.

Eastern Cattle Markets.

The run of cattle at Toronto was the heaviest since the first week of December, and while prices were firm at the opening, they closed 15c. to 25c. lower. The top of the market was $12 paid for some choice steers of heavier weights, while butchers closed at $11 to $11.75 after opening as high as $12. The price level was about steady at MONTREAL, where good steers made $12 to $12.75 and a couple of loads up to $13, and good butcher cows sold mostly at $10.25 to $10.50 and an odd $11. There was no change in the situation in the MARITMES, with receipts still below market requirements, and top steers were quoted up to $10.50.

Western Cattle Markets

Deliveries of cattle showed quite a pickup in the west, under milder weather conditions, and prices were pared considerably. All slaughter cattle at Winnipeg moved at a reduction of 25c. to 50c. A small number of well finished steers sold at $11.75 to $12, and suitable slaughter kinds at $10.75 to $11.50. Stocker and feeder cattle were not interfered with, and the better grades sold as high as $10. Other western markets were not seriously disturbed in a price way, and CALGARY paid $11.50 to $11.75 for the best of the steer offering, EDMONTON $11 to $11.50 and $11.75, PRINCE ALBERT $11.00, MOOSE JAW $10.75 to $11.25, REGINA up to $11.25, SASKATOON $10.50, and VANCOUVER as high as $11 for just medium quality.

UNITED STATES MARKET

Shipments of dairy cattle to the United States showed a sharp increase over last week and over the same week last year. Exports this week 727 head, compared with 447 head in the previous week and 289 in the corresponding week of 1942. Exports to date this year are 3,541 dairy cattle, compared with 2,551 in the corresponding period of last year.

Calves Again Lower

Calf prices moved into lower territory, Toronto declining 50c. to sell choice veals at $15.50 to $16, while Montreal dropped nearly $1, good veals closing at $16.50. Winnipeg also finished easier, with the best of the veals up to $14.50. Calgary paid up to $12.50 for good calves, Edmonton up to $13, Prince Albert $14, Moose Jaw $12, Regina up to $14, and Saskatoon $12.50 and an odd $12.75.

Hog Prices Variable

Hog gradings for the week ended February 20th totalled 132,260 as compared with 119,003 in the same week last year. This places the hog run to date this year at 871,320, as against 965,521 in the corresponding period of 1942.

Price fluctuations in the hog market during the past week were very slight. Toronto gained 10c., to close at $17 to $17.10 for the basic grade, while Montreal showed some weakness at the close, with a price range of $17.25 to $17.50. Winnipeg was strong, with B-1 hogs to $15.85 to $15.95, while Calgary was on a basis of $15.50 to $15.60, Edmonton $15.50 to $15.60, Prince Albert $15.60 to $15.80, Moose Jaw $15.60, Regina $15.70, Saskatoon $15.60, Vancouver, $16.50 to $16.60, and Moncton $16.90.

Lamb Prices Again Unchanged

With light deliveries at all markets, there was again no change in the price structure. Toronto paid a top of $15.50 for good western and lcal lambs, while Montreal had mostly buck lambs on offer at $14.-50. Winnipeg paid atop of $14, Calgary $13, Edmonton $12.75, Prince Albert $13, Regina $12.50, and Saskatoon $12.50.

In loving memory of my dear Mother, Mrs. Michael MacDonald, who departed this life March 6, 1942.

Today brings sad memories,
Of a loved one gone to rest,
And those that think of her today,
Are the ones that loved her best.

At night when all is silent,
And sleep forsakes my eyes,
My thoughts are in the lonely grave,
Where my dear Mother lies.
Though her smile is gone forever,
And her voice I cannot hear,
I shall never lose sweet memories,
Of the one I loved so dear,

Women and Men Needed by R.C.A.F.

The Royal Canadian Air Force needs more women in its ranks. With the ever-growing might of the air attacks on our enemies, more and more men are needed for flying duties, and women are needed to replace these men. There are over forty different trades waiting in the R.C.A.F. for alert, eager, and healthy Canadian women. Each woman enlisted replaces a man and gives him a chance to help drop bombs on Berlin. Wireless Operators, Meteorological Observers Instrument Makers, Dispensers, Code and Cypher Clerks, Photographers, Trans-Port Drivers Parachute Riggers, and Clerical jobs are among the many jobs being filled by women

Strong healthy men who are at least thirty years of age and 5 feet 10 inches in height, are needed for Service Policemen. This branch of the Service offers a wide field for promotion as well as useful service.

Many skilled tradesmen are wanted, and among the openings at present are the following: Carpenters, Draftsmen, Electricians, Stationary Engineers, Firemen, Plumbers, Master Mechanics, Tractor Operators, Painters, Postal Clerks, Motor Boat Crewmen, Telephone Men, Welders, and Photographers.

An ever increasing number of men are required for electrical training. Lack of formal education need no longer keep eager young men from this branch of the service, as men who do not possess the necessary education, but who show ability to absorb knowledge and training will be given the required education by the Air Force.

Both men and women who are anxious to serve are invited to write to the R.C.A.F. Recruiting Centre, Moncton, N. B., or, if it is more convenient, women may get full information by applying to the nearest Unemployment Insurance Commission Office.

HEADACHES KILLED BY THE THOUSANDS IN BRITAIN

In a survey recently made among British women, these home-front workers revealed they consider Aspirin one of the three drug items most needed for health and morale.

With more thousands, each month, in war plants . . . making the planes and the guns for fighting men . . . there's no time for pain. So at the first sign of headache, neuritic or neuralgic pain . . . British women naturally turn to Aspirin.

They know Aspirin won't "let them down." It's proven itself for generations . . . eased literally billions of headaches . . . effectively, dependably, *fast*. Aspirin is rated as one of the safest analgesics known . . . and costs less than 1¢ a tablet in the economy bottle. Make sure *you* have Aspirin on hand, for relief of pain.

Aspirin is made in Canada . . . and "Aspirin" is the trademark of The Bayer Company, Limited. Look for the Bayer cross on each tablet. If you don't see the cross, you're not getting Aspirin.
